Dear City of Reno Council Members and Planners,

I support more fields but I want fairness in field allocation. Nothing has been done to ensure that more resources going to the same allocation system will improve access and availability! I speak out to ensure that you are accountable that these fields and all City resources are for all residents. Permits to use city fields should be rotated among interested groups to ensure equal access and equity. Do not allow the status quo to monopolize this or any precious resource like the Moana Springs Field. An independent body, not conflicted with personal and business interest, should review and allocate fields to leagues and clubs that represent the interests, growth, and opportunities for all residents.

We all deserve the same right of equal access to the fields and currently the children suffer because the adults cannot share. Please reform this!

Thanks, Katherine Jackson

Mom to a vibrant 9 year old who loves soccer!

Dear City of Reno Council Members and Planners,

You have undoubtedly heard from many, the message below is clear, yet it continues to be reported to me that you are uninformed (or should we suspect dodging accountability) about this important matter to so many residents in our community. Please reply with your meaningful initiatives to address our concerns and correct this process of allocating fields. Please confirm the forum you will establish so that the public will have ample opportunity to weigh in and participate in the solution(s).

Most Cordially,

Marc Radow
