

## MEETING ON WEDNESDAY 22ND MAY TO DISCUSS FENCING FOR WILD HORSES

anamaria@soqueltech.com <anamaria@soqueltech.com>

Mon 5/20/2024 2:38 PM

To:Public Comment - CC <PublicComment@reno.gov>

PLEASE INCLUDE THIS LETTER IN THE PUBLIC COMMENT AND MINUTES OF THIS MEETING.

Good morning, Members of the Reno City Council.

I am a Carson City resident, but I travel to and from UNR daily, in fact 4 times a day. I drive alongside the Washoe Lake and always admire the multi-colored herds of wild horses grazing alongside its' shores. I drive along the freeway at 70 mph with the assurance that I will not suddenly encounter a horse standing in the road, sometimes in very treacherous winter conditions. I know this because the freeway is fenced.

I have, however, been driving in the suburbs of South Reno and to my disbelief have seen wild horses standing in large condominium complexes there. I know horses very well having spent many years owning and riding them. I have myself ridden alongside roads and have experienced firsthand that many motorists are clueless about slowing down for horses – and these were not wild ones.

I am also a person who has lost a sister in a non-horse related traffic death. I know the pain that comes from this tragedy, and I know that no matter how much time passes, the loss is still palpable, and the pain will never go away.

Reno's current growth is astounding. New complexes, shops and houses are being built every day, often on range land that the Virginia wild horses have roamed for generations. People are moving to Reno to enjoy the magnificent mountain views, the wildlife and all the amenities that a fast-growing city can offer. More taxpayers mean more revenue for the city, so it is incumbent on the city to ensure the safety of its' residents and minimize expensive lawsuits.

Wild horses deserve to live here safely as well. They are, as the 1971 Free Roaming Wild Horse and Burro Act states "living symbols of the historic and pioneer spirit of the West"

I appeal to the Council to set aside these funds to safely fence the horses in their range and prevent needless deaths to both parties. After all, what price can be put on a life?

Anamaria Boustred

**Item:**

5.

**Position:**

In Favor

**Are they speaking in person?**

No, I am submitting a written comment only.

**If no, enter comments below:**

Please support funding for the South Reno fencing project that will protect the public and wild horses from interaction on city roadways. I agree with all the following points: Public safety and the safety of our historic and iconic Virginia Range Wild Horses should be a priority. Rapid growth in the area did not take the Virginia Range Wild Horses and other wildlife into consideration. Grass lined streets and grass filled yards are an attractant. Major thoroughfares and tens of thousands of homes have been added to this area. Fencing IS the answer - it has worked in the other areas it has been installed. We appreciate ALL that Reno has done to date to try to address this area. We appreciate that the City of Reno is setting a standard in dealing with urban-wildland interfaces for the rest of the range, and the state.

# Planning Commission Public Comment

The public comment form has a new entry from the public.

Planning Commission Meeting Date	2024-05-08
Agenda Item or Case Number	Public comment re: fencing along Desert Way that has cut off water supply to wild horses
Position	In Opposition
Comments	Please give access back to the Virginia Range Heard of wild horses. They have always had access to the water source that has been closed off by Sunny Hills Developers. This is very upsetting. Our natural wildlife deserves to be considered and protected. They are beautiful creatures that inhabit this area and call it home. Sincerely, Janet Raftery Steamboat Valley resident

## Please fund the South Reno Fencing Project

Katherine Malzahn-Bass <malzahn bass@everyactioncustom.com>

Sun 5/19/2024 4:55 PM

To: Public Comment - CC <PublicComment@reno.gov>

Dear City Council Members,

I am a concerned citizen based in Reno Nevada. I care about the welfare of the free-roaming Virginia Range horses. I recently learned that despite not yet obtaining proper approvals for their project, a housing developer has put up fencing that blocks the mustangs' access to critical water sources in the Damonte Ranch area.

This is unacceptable and very dangerous to the safety and well-being of the mustangs in this area.

There are humane compromises available that would preserve existing access for all wildlife and enable the landowner to proceed with development when they have the required approvals in place and the new access point to water is opened.

In the meantime, the fencing must be open immediately until a compromise solution is reached.

This situation exemplifies the need for the City Council to fund the South Reno fencing project fully. This would protect both community drivers and the historic and beloved Virginia Range horses.

Thank you for your consideration,

Sincerely,

Ms. Katherine Malzahn-Bass

As a resident of Damonte Ranch I have seen first hand the Virginia Range wild horses being drawn into our neighborhoods for feed and water. The fencing that is proposed will go a long way to ensure that the horses do not end up on busy streets and potentially the victims of vehicle caused deaths. Please approve the fencing to be installed on an urgent basis to protect both human and equine lives. Thank you.

## Please fund the South Reno Fencing Project

Martin Murray <leemurrayia@everyactioncustom.com>

Mon 5/20/2024 9:16 AM

To: Public Comment - CC <PublicComment@reno.gov>

Dear City Council Members,

I am a concerned citizen based in Reno Nevada. I care about the welfare of the free-roaming Virginia Range horses. Reno is rapidly growing, but the Virginia Range horses and other wildlife in the area were not considered in these developments until recently. Now, grass-lined streets are attracting wild animals to the roads. But luckily, there is an answer to this – the South Reno fencing project! It has worked in other areas where fencing has been installed and it will help in south Reno.

Bear in mind the City of Reno bears some responsibility in this issue, as the Planning Department as allowed and/or required vegetative strips along all major roadways in south Reno. These are very attractive to horses once the grass in the hills dries up.

If the fencing project moves forward, it will be important to ensure we don't restrict horse access to water sources (Truckee River, Steamboat Ck., Boynton Slough), as future development is allowed. Otherwise we will be dealing with dead and dying wildlife as the water sources dry up in the summer.

I'm grateful to the City of Reno for setting a humane standard in dealing with urban-wildland interfaces for the rest of the range, and the state, and I urge you to fully fund the South Reno fencing project.

Thank you.

Sincerely,

Mr. Martin Murray

## Please fund the South Reno Fencing Project

Cynthia Madden <sweetcyn\_67@everyactioncustom.com>

Mon 5/20/2024 12:11 PM

To:Public Comment - CC <PublicComment@reno.gov>

Dear City Council Members,

I am a concerned and voting citizen residing in Hidden Valley, Reno, NV. We have lived in the Hidden Valley/Reno area for over 25 years and have followed the wild horses as our city population, housing and businesses have grown so quickly and widespread.

Because we live in Hidden Valley, we are very knowledgeable about and experienced with the benefits that fencing has made keeping horses from our living/driving areas. It has also protected horses and people from the traffic hazards on Veterans Parkway spanning from Sparks through the Steamboat Springs area. It DOES work very effectively, and I HIGHLY RECOMMEND full funding for fencing for the South Reno Fencing Project.

I'm grateful to the City of Reno for setting a humane standard in dealing with urban-wildland interfaces for the rest of the range, and the state, and I urge you to fully fund the South Reno fencing project.

Thank you.

Sincerely,

I believe your idea of fencing for your wild horses is a fantastic step in giving these animals a safe space to live while humanity is spreading like bad grass. We really should always consider the lives of animals and people as we take every inch of space on this planet, and this fencing is an excellent idea toward that goal. I am so excited to know that there are compassionate humans left in charge somewhere.

## Public Comment Re: Agenda Item D5 for 5/22 Meeting

Danielle Cady <danielle@renocounselingcollective.com>

Tue 5/21/2024 12:37 PM

To: Public Comment - CC <PublicComment@reno.gov>

City Council Members,

I'm speaking in support of agenda item D5 for the May 22, 2024 City Council meeting. Thank you for your ongoing efforts to protect the Virginia Range Wild Horses. I urge you to please allocate funds and efforts to complete fencing in South Reno/Damonte Ranch/Geiger area. This is necessary to keep both the public and wildlife safe. Lack of fencing can result in injury and death of both humans and the horses (and other wildlife). The community has dealt with the traumatic incidents of 10+ horse deaths last winter alone. Completing the fencing is a proactive measure to prevent these dangerous and traumatic incidents. Please continue to consider our wildlife when approving developments in South Reno. Thank you for your time and consideration.

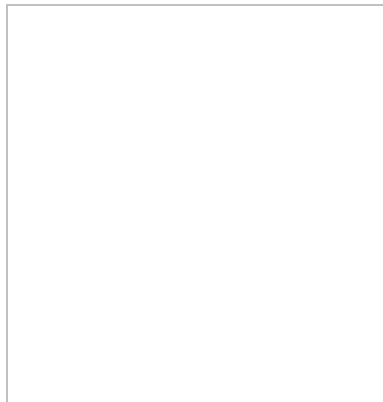

-Danielle Cady, Ward 6 Resident

## Agenda Item D.5

Danny Schenker <DSchenker@whittiertrust.com>

Tue 5/21/2024 8:50 AM

To:Public Comment - CC <PublicComment@reno.gov>

I'm speaking in support of agenda item D5 for the May 22, 2024 City Council meeting. Thank you for your ongoing efforts to protect the Virginia Range wild horses. I urge you to please allocate funds and efforts to complete fencing in South Reno/Damonte Ranch/Geiger area. Horses on the road in this congested area cause a public safety risk and result in injury and death. As a resident in South Reno, I enjoy seeing the wild horses safe on the range- completing the fencing will help protect not only the horses, but also keep the public safe. Please continue to consider our wildlife when approving developments in South Reno. Thank you for your time and consideration.

Thank you,  
Danny

Hi all,

Please vote to approve and fund the rest of the south Reno fencing to protect our wild horses. I have lived at 2290 Indian Wells Dr, Reno, NV 89521 for 4 years now and in the last couple of years the horses have found themselves on the roads more often than before searching for food and water. These horses are now in danger from the busy roads which are only going to get busier with all the new housing.

Please approve the fencing to protect our wild horses.

Jamie Lum

2290 Indian Wells Dr, Reno, NV 89521

**If no, enter comments below:**

Good Morning , I want to start by again thanking the Council and specifically Councilwoman Duerr for working together with many different others to secure funding and plans for public safety fencing along the east side of Reno along the open Virginia Range. This plan is the only humane way to protect both public and horse safety along the urban rangeland interface and to protect the historic horses on the range where they belong. Thank you and remember a half built fence is no fence at all.

**Subject:** South Reno Fencing for wild Mustangs

Dear Mayor and Council members,

I am writing to urge you to fully fund the rest of the wild horse fence project for South Reno.

As a resident of Damonte Ranch, we love the horses, but can't stand seeing them injured or killed wandering the streets and neighborhoods during the fall and winter months. It is scary seeing a group of horses 10 feet from Veterans Parkway with cars doing 50 mph right next to them.

Please fund the fence project so we can keep the horses safe on the range and off our busy streets and highways.

Thank you for your consideration to this matter.

Sincerely,

Kevin Connington  
11044 Lamour Lane

Sent from my iPhonei

I am writing in support of the D5 agenda item. I live in Damonte Ranch. There are and have been safety issues with horses in the roads and public areas that could lead to death of residents and horses. The fencing is needed. My area has become overbuilt with massive apartment structures and new developments with little support structure for safety and the conservation of our wildlife. I implore the council to vote in favor of this simple but needed proposal. Lori Johnson 9835 Shadowless Trail Reno.

## Please fund the South Reno Fencing Project

Louanne DeBerry <ldeberry@everyactioncustom.com>

Mon 5/20/2024 4:17 PM

To:Public Comment - CC <PublicComment@reno.gov>

Dear City Council Members,

I am a concerned citizen based in Reno Nevada. I care about the welfare of the free-roaming Virginia Range horses. Reno is rapidly growing, but the Virginia Range horses and other wildlife in the area were not considered in these developments until recently. Now, grass-lined streets are attracting wild animals to the roads. But luckily, there is an answer to this – the South Reno fencing project! It has worked in other areas where fencing has been installed and it will help in south Reno.

I'm grateful to the City of Reno for setting a humane standard in dealing with urban-wildland interfaces for the rest of the range, and the state, and I urge you to fully fund the South Reno fencing project.

Thank you.

Sincerely,

Miss Louanne DeBerry

I am registered voter and taxpayers here in Washoe County. The fencing in South Reno is very important to keep people and horses safe. when horse's are hit they suffer waiting to be shot. People suffer too when they hit a horse. These horse's are our spirit of Nevada. People come from all over and this brings revenue in to our state.

I encourage the City of Reno Council Members to vote in favor of allocating \$600,000 towards fencing property in the south Reno area that will promote public safety and protect our iconic and beautiful wild horses that inhabit the Virginia Range. As new developments are erected we must ensure the wild horses of the Virginia Range remain fenced out of new and existing areas of congestion and heavy traffic. This is a proven method to increase public safety (ref Hidden Valley) and dramatically reduce the number of horse to vehicle accidents and encounters. Please vote to fence out the wild horses!!! They will be safe on the range, where they belong.

**Subject:** Mitigating Needless Accidents and/or Casualties

Madame Mayor and Honorable City Council Members:

The purpose of this email is to encourage strongly for you to approve the full funding of a proposed fencing project in South Reno from Kenneth Way to Rhodes Road.

With the rapid growth of South Reno (both residential and commercial), there is also an inherent incursion into the wild horse habitat of the area. The unintended consequence of this incursion is an unacceptable number of accidents caused by vehicles hitting Mustangs in the roadways, especially at night. Since the leadership of Reno has approved building permits to expand into wild horse habitat, I strongly believe that it is incumbent upon the Reno leadership to approve funding for fencing around the borders of developing areas to mitigate wild horse access to the residential developments and roads.

I live on Quail Wood Drive that is adjacent to Rio Wrangler Parkway. Over the years, I have personally witnessed numerous deaths of wild horses hit by cars on Rio Wrangler and nearby Veterans Parkway. Wild horses do not know boundary lines, except those that we can physically install. If fencing could prevent just one accident (and subsequent injury/death of a horse or person), this would be money prudently obligated.

I strongly encourage you, the leadership of Reno, to approve to fund fully the proposed fencing project

that will help keep wild Mustangs safe on the range, off our congested roads, and dramatically mitigate the possibilities of needless horse casualties and vehicular accidents.

Very Respectfully,

Terry C. Corneil  
2275 Quail Wood Drive  
Reno, NV 89521

Madam Mayor and City Council Members,

This is an urgent plea for you to approve full funding for a fence to be constructed to protect both humans and wild horses on our roadways in South Reno.

I personally have witnessed 4 killed, and it is a horrible experience!

One was shot right behind our house and the corpse was left visible from Rio Wrangler Parkway all winter . You could watch the vultures feed daily.

I'm sure the young man that hit the animal that dark , rainy night still has nightmares.

Our traffic and reckless drivers have increased dramatically in South Reno. We need more than signs and blinking lights to protect these animals!

Respectfully ,

Mary Neal Corneil
