A new comment has been submitted for the Reno City Council Meeting held on: 2024-04-10.

**Section:**

General Opening Session Comment (unassociated to an agenda item)

**Item:**

7 General Opening Session.

**Position:**

No position stated - Concerned or Neutral

**Are they speaking in person?**

No, I am submitting a written comment only.

**If no, enter comments below:**

I am concerned the City may not hold the developer and home builder, Toll Brothers, to the standards required by their submittals to the City of Reno for the homes in The Cliffs at Somerset. Specifically, Toll Brothers has not complied with the landscaping and erosion mitigation submittals on several of the hillsides in The Cliffs. The hillsides have not been properly seeded/watered, resulting in mudslides and general aesthetic issues in this community. I specifically request the City require Toll Brothers to complete the common area landscaping in a manor similar to their submittals to the City at the time their development was considered and approved.

# Reno City Council

Members of the Council:

I would like to know why Reno Direct has removed the “Vacation House Check” from its list of services. This service provides an important level of security and peace of mind to the citizens of Reno who travel or are away from their home for an extended time. Considering the recent reports of squatters throughout the country trespassing and taking over non-occupied houses, this service has increased its importance dramatically.

For members who are not familiar with this service, I'll explain. After requesting a "Vacation House Check" through Reno Direct, the service request is assigned to Reno's S.A.V.E. (Senior Auxiliary Volunteer Effort) unit. During routine patrols, a patrol will periodically drive by the house looking for any suspicious activity. If none is seen, the patrol will check the house for unlocked doors, windows or other signs of suspicious activity. If anything suspicious is found, the S.A.V.E. unit reports to Dispatch who notifies RPD.

Again, I am requesting to know why the “Vacation House Check” service has been removed from the Reno Direct list of services and whether this decision is permanent.

**Reform Field Allocation (Conditional Support for Pembroke Sports Complex, Project 23130.00)**

**Dear City of Reno Council Members and Planners,**

**I support more fields but I want fairness in field allocation. Nothing has been done to ensure that more resources going to the same allocation system will improve access and availability! I speak out to ensure that you are accountable that these fields and all City resources are for all residents. Permits to use city fields should be rotated among interested groups to ensure equal access and equity. Do not allow the status quo to monopolize this or any precious resource like the Moana Springs Field. An independent body, not conflicted with personal and business interest, should review and allocate fields to leagues and clubs that represent the interests, growth, and opportunities for all residents.**
