Mayor Schieve gave the following disclosure:

Fellow city council members and Madam Clerk, this item involves Josh Hicks, an attorney from McDonald Carano. In my private life, I have retained Adam Hosmer-Henner, a partner at McDonald Carano, to represent me on a civil matter unrelated to this item, pertaining to a gps tracker found on my car. I have sought guidance from the City Attorney's Office. As a client of McDonald Carano I have been advised that I may have a commitment in a private capacity to the interests of McDonald Carano pursuant to NRS 281A.065(5).

For the record, any action that I may take on this item would not be reasonably affected by my client relationship with McDonald Carano. McDonald Carano is a large law firm. This item has nothing to do with my civil case. I have no facts, information, or reason to believe that any action I take today on this item will have any impact on me or McDonald Carano. Given that this is not a clear case where the independence of judgement of a reasonable person in my situation would be materially affected by my commitment in a private capacity to the interests of McDonald Carano, abstention is not required. The fact that I am represented by McDonald Carano in an unrelated civil matter will not impact my ability to impartially review and render a decision upon this item. Madam Clerk, please accept this disclosure and lodge it on the record for this meeting pertaining to this agenda item. Thank you.

Bryan McArdle, City of Reno City Manager's Office Revitalization Manager, gave the staff presentation, including deal term options.

Alex Meruelo, Grand Sierra Resort, gave a presentation on the project.

Andrew Diss, Meruelo Gaming, gave a presentation on the project.

Stephanie Rempe, UNR Athletic Director, gave a presentation on the athletic program.

Brian Sandoval, UNR President, spoke in support of the project.

Mike Thiessen and Lexi Cuff with Hunden Partners presented the financial gap analysis.

Council Member Duerr gave the following disclosure:

I have had a 50 year relationship with the university. I am a two-time alumni. I serve on two advisory boards for the university, one is for the Masters in Public Administration and one I am chair of for the Mackay School of Sciences and Engineering. I also served on ASUN and the GSA. I have been a guest lecturer. I have been a consistent donor and have routinely hired UNR interns in my own office for the last 20 years. Given all of that, I have checked in with our attorneys and they said that in that UNR is a public institution and I take no money for any of what I have just disclosed, I do not have a commitment in a private capacity and therefore I can

participate.

Council Member Reese gave the following disclosure:

In the interest of full transparency, on this item I must disclose that I am an adjunct faculty member at the University of Nevada Reno, sometimes teaching in the Business School although I have not taught for the last several semesters and have no current plans to teach in the future. On this matter I have sought guidance from the City Attorney's Office and do not believe I have a commitment in a private capacity to the interest of the University of Nevada Reno. Madam Clerk please accept this disclosure and lodge it on the record for this meeting.

Council Members asked questions of staff and other presenters regarding the project, deal term options, gap analysis, and outreach efforts.

Council Member Duerr expressed concern with using public money for private business, fairness, shared prosperity, offsetting losses to other businesses, protecting public investments that have been made in terms of the Convention Center and the Events Center, and protecting firefighters.

Vice Mayor Taylor expressed confidence in the due diligence that has been done and that the city would be protected in this deal.

Council Member Ebert expressed concern with using public funds for private business, and being in an area where not many other businesses would benefit from it.

Ashley Turney, City of Reno Assistant City Attorney, stated what is before Council today is a tax increment financing tool and not a development agreement. She explained for Council Member Duerr that additional requests would have to be discussed with the applicant separate from this agreement.

Mayor Schieve discussed the need for this economic development tool and private/public partnerships.

Council Member Reese expressed support for the proposal.

Vice Mayor Taylor stated that in speaking with people she represents in her ward, many have said they will be hurt financially by this proposal. She stated that she can't go against the people that have asked her to speak for them.

Council Member Martinez expressed support for the proposal.

Council Member Ebert expressed concern regarding the size of the arena compared to others she has looked into and noted that others include men's and women's sporting events. She stated it is not possible for this project to exist without doing harm to other businesses where the team will be leaving.

It was moved by Miguel Martinez, seconded by Devon Reese, to approve the tax increment finance agreement and deal terms to include 90% reimbursement, the transfer of the deed for Fire Station 21 land to the Redevelopment Agency, and acceptance of the generous donation of 5% from the Grand Sierra Resort to the City of Reno to support youth sports and recreation, and authorize the Executive Director of the Redevelopment Agency to execute the final Participation Agreement based on the presented deal terms.
