Mayor Schieve and Reno City Council Members

RE: Support for ordinances E1- E4 on the Dec. 11, 2024 Council Meeting

Dear Mayor and Council Members:

The Downtown Reno Partnership is a 501(c)(6) nonprofit business improvement district formed in 2018 and tasked with increasing the safety, cleanliness and vibrancy of Downtown Reno. Our boundaries cover 110 blocks, and we represent over 1,500 property owners.

We are writing in support of ordinances E1, E2, E3 and E4. These ordinances will help to clean up vague and unclear ordinance language and will help to create consistencies across numerous agencies and departments. Support of these ordinances gives those on the front lines the appropriate tools to enhance community health and public safety and improve overall conditions for visitors, students, residents and businesses.

Downtown Reno welcomes more than 3 million visitors per year to our iconic Virginia Street, to stroll along our beautiful Truckee River and to enjoy the Riverwalk District, the Brewery District and the J Resort Glow Plaza. Downtown Reno is a special place for residents, visitors, students and business owners to come and enjoy all The Biggest Little City has to offer. These ordinances will help in ensuring our law and code enforcement agencies have the necessary tools to ensure all who visit, live or work in our city have a positive and safe experience.

Numerous organizations and agencies are working tirelessly toward Downtown Reno's revitalization efforts and these ordinances will help in addressing behaviors and conditions that threaten public safety, cleanliness and overall experience.

Thank you for all your efforts and work on behalf of Reno residents, businesses, students and visitors. And thank you for your focus on making Reno a safe, clean and enjoyable place for everyone. We hope you will vote in support of Agenda Items E1 through E4.

Sincerely,

Neoma Jardon

I am the President/CEO of WEDCO, Inc. located at 450 Toano St. In the past 2 years, we have invested more than \$250,000 into fencing, lighting, landscaping, security cameras, and restricted door access. This has all been done due to homeless issues both on the city property as well as our private property. The activities include sleeping, lying, sitting, and camping around our facility and in alleys. We utilize RPD, Reno Direct, and Karma Box on a regular basis to assist in moving this population away from our building. It's not only a safety issues for this population, but it's a safety issue for my employees and customers. We battle this on a daily basis only to show up the next morning dealing with moving camps once again. I am writing today in support of E.1, E.2, E.3, and E.4.
