A new comment has been submitted for the Reno City Council Meeting held on: 2024-03-27.

Section:

D Items - Department Items

Item:

D.4.

Position:

In Favor

Are they speaking in person?

No, I am submitting a written comment only.

If no, comment:

As a Reno resident and constituent who is gravely concerned about the impacts of climate change, and a volunteer with Citizens' Climate Lobby – Reno chapter, I want to thank Mayor Schieve, City Council members and Sustainability Manager Suzanne Groneman for your continued strong commitment to take necessary and bold climate-action measures. I wholeheartedly support the city's moving forward on not only the Franchise Agreement with NV Energy but, in addition, on an Energy Partnership Agreement that will promote further collaborative efforts between the city and NV Energy by addressing the city's need to, among other things: accelerate the conversion of streetlights to LEDs; continuously upgrade power lines to make them more reliable; receive from NV Energy an annual report on the percent of consumption covered by green energy plus increased siting options for solar projects; continuously convert homes from oil and propane to renewable energy sources; develop more EV charging infrastructure and enhanced instruction on tree care, and assure that solutions are achieved in a manner equitable for all members of the community. I urge the city council members and mayor to commit to such an Energy Partnership Agreement with NV Energy to help the city achieve its stated climate targets and keep Reno a safe, healthy, and desirable place to live.

Respectfully, Nancy Litchfield

Reno City Council Letter ITEM D.4 3.22.2024.pdf;

Please find attached a letter of support from the Reno Sparks Chamber of Commerce for the following item:

D.4 Staff Report (For Possible Action): Approval of an Energy Partnership Agreement, between the City of Reno and Sierra Pacific Power Company d/b/a NV Energy Corporation, to express a joint commitment to collaborate on planning for local projects and initiatives in Reno.

If you have any questions or concerns, please do not hesitate to contact me.

Thank you,

Tom Clark

Date: March 22, 2024

Re: Support Letter

The Reno + Sparks Chamber of Commerce is the largest business organization in northern Nevada with over 2,200 members that collectively employ over 110,000 employees. Please let this letter serve as the Chamber's full support to have the City of Reno renew the electric and gas franchise agreements with NV Energy and to enter into the innovative Energy Partnership. These agreements are consistent with the Chamber's Public Policy Platform which advocates for: "[t]he growth of clean energy technologies and expansion of Nevada's clean energy economy." The Chamber is particularly excited about the collaborative efforts outlined in the Energy Partnership Agreement focused on building out electric vehicle infrastructure, sustainability goals, and improving resiliency and reliability of electric service.

On behalf of the Chamber, I urge the City to approve all three agreements.

Ann Silver
