Subject: Feedback for City of Reno

You have received this feedback from Darius < dfiore98@gmail.com > for the following page:

<https://www.reno.gov/community/public-safety/public-safety-center>

I wholeheartedly oppose the construction of the new "public safety center". Our bloated PD doesn't need it and it will only be used to harm vulnerable community members. Please reallocate funds to actually serve our community instead of the gang known as RPD.

More Residential Recycling Pick-Up Options Needed

Good morning City of Reno City Council,

There needs to be more than one option for recycling pick-up services in Reno.

We've had quite a few issues with Waste Management picking up recycling in Somerset. Our neighbors have experienced these issues as well. We've seen the recycling trucks simply pass by our recycling bins on sunny, perfect weather days. This happening once is fine, however, this has happened multiple times since January 2023, with the most recent occurrence taking place Monday, February 12, 2024. We auto-pay for WM's service, yet when the trucks drive right by our recycle bins, they refuse to return to pick it up for another two weeks. This means our recycling will go beyond overflow or we have to trash our recycled materials. We contact WM multiple times via email and phone at each occurrence to no avail.

When is the City of Reno going to offer another vendor service for recycling pick-up?

Thank you for your time and attention to this matter.

Dear Reno City Council,
Or To Whom it may concern,
I'd like the thanks; thank you
for the Queen Elizabeth
river water system! Fashoined
after the Thames River (pride
and joy of London)!

Theres a small problem.
Under the well's overpass (in Reno NV)
theres a sewer that poars
oil into the Truckee River.

I'm sorry to tell you.
Alls I can think of is a
mechanic's garage nearby,
that poars oil down the drain.

I'm thinking why don't they
barrel it and sell it for crude
oil. You know clean pure water
concerns every body!

Sincerely,
Z. A. J.

ps. Please excuse my pen-
manship; its late.

Dear Ms. Mayor, City Manager & Council Reps -

I've been meaning to you about the condition of our roads.
The garbage, overgrown weeds, dead plants and trees are a disgrace for northern Nevada visitors.

I'm sure the entire state is a mess, but I mainly care about Sparks highways.

It sickens me to see the same trash and dead vegetation constantly at the same time Reno spends money on so many improvements.
Where's the self-respect for what's already here?

It's sad that prisoners aren't paying back the community with service.

Thanks.

Moana Springs Locker Rooms

Reno City Council, City Manager and Parks and Recreation Director

1st...

What a disappointment that a LONG PROMOTED, AND AWAITED POOL is under construction...& Locker rooms are the issue.

I have been lap swimming since I moved here in 1990. I have been a competitive swimmer in home town in Grand Forks, ND for over 10 years. Been swimming for 59 years.

Who ever okd this construction is Negligent /ignorant of the needs of this sport & potential usage in Reno & Sparks

To leave the plans "AS IS" DEFEATS the purpose of continued development of children and adults health and quality of life. Swim meets, Elderly classes, lap and public swimming need space to use this facility as needed.

I request that you significantly increase the floor area, lockers, and bench seating space in the private changing area of the Moana Springs pool. Based on expected usage the area dedicated to these uses in the current plans is severely lacking.

While I understand this may delay completion of the facility and come at a higher cost, I request you authorize significant improvements now, before the project is completed. The future legacy of this facility is more important than a quick and flawed finish.

Make Moana Better!

hello, Reno direct this is A message for all the managers out there pretending to care about the city. There are scooters blocking sidewalks on 2nd Street again over and over again all over the city their scooters blocking sidewalks and the City of Reno, even though they've tried to hide to this they make money off of bird. They've made over \$125,000 so far in their deal and they pretend like there's no money to regulate and keep these things from blocking sidewalks, which is a violation of the rights of those humans who need to use them specifically the disabled in

the elderly should be able to go down the sidewalks without businesses leaving their trash whether it's the guy who is buying up the neon district and allowing his fence to fall down on the sidewalks and not get them up in a reasonable time in the city not even Gary that that happens it's happening all over the city. This is not an isolated incident, even though the leaders of the city or the fake leaders of the city are trying to pretend like figure it out leadership. Are you guys that freaking stupid that you can't figure it out you make money off of it use the money to regulate it for Christ sakes. Are you a freaking stupid morons? God damn it. I've got your educated in a bout of the worst [REDACTED] education in the nation. You stupid in the soles figure out how to do your goddamn job. You put that Acumen beans. That's for you Hillary. She V. You're the most [REDACTED] pathetic of them all. You're the leader of the pathetic Mafia your pieces of shit.

Hi, my name is Dave Palmer Reno resident phone 775-470-8620 and mostly what I want to do it just give some feedback to the city council in the mayor's office. And that has to do with the two issues 1 the appointing of City Council Members, which I'm totally against I think it should be voted on by the public not appointed by the council and to the articles of been appearing in. This is Reno about how to individuals. Mostly it sounds like Kathleen Taylor in the David Reese. We're approved for travel to conferences and stuff before they're even. On the city council, so sounds a little fishy to the average taxpayer slice citizen Andre know it sounds like something fishy is going on why they would be approved for expensive travel that recorded the Articles Maine that made even violate Renos ethics Financial athletes before they were even a point that

even the appointment part sounds a little on that the call to me. So I've got two issues with it. Anybody wants to come and they certainly can but that's the that's the information about to get to the mayor of the city council. Thank you so much.
