

C I T Y O F
RENO
Memorandum

DATE: February 19, 2025

TO: Leah Piccotti, Associate Planner

FROM: Jeff Foster, Associate Planner

DEPT: Development Services

SUBJECT: February 18, 2025 Ward 2 NAB meeting

LDC25-00037 (Rancharra PUD Handbook Amendment & Master Plan Amendment)

The applicant's representative, Andy Durling, made a presentation. One NAB member asked about the minimum lot size for the proposed Village 8 and what the lot and building standards would be. Another NAB member, who identified that she lives in Rancharra, said the 1 unit per acre allowance should not be changed, asked about the flood zone, and wanted more open space. Infrastructure sizing was brought up by one NAB member. CM Duerr asked about the existing allowed and proposed density and requested that the PUD handbook and CC&Rs be squared up in terms of the total number of allowed units in relation to the mechanism for the residents to take control of the HOA board. There were many public comments in opposition during the general public comment period at the beginning of the meeting and during the portion of the meeting dedicated to this item. Most comments centered on the loss of area designated as open space, the lack of formal recreation/park area/open space within the Rancharra development, and opposition to the proposed change in density from 7 to 29 lots. Multiple comments addressed congestion and circulation challenges within Rancharra and in the immediate area and requested an updated traffic analysis.

LDC25-00038 (Arlington Office Master Plan Amendment & Zoning Map Amendment)

The applicants briefly described their request and why it is being made. NAB members asked for clarification on the location, what is eventually proposed to be developed on the site, and if input had been solicited from neighbors. The applicants indicated they had conducted the required neighborhood meeting last week and received feedback from two neighbors who were generally supportive after providing feedback on potential concerns they had regarding parking on the street and impacts from lighting, noise and being able to look into their yard. One member of the public asked if developing the vacant site would be an improvement to the neighborhood. Overall, the NAB seemed supportive of the request.

Subject: ADU regulations

I have a couple of questions regarding ADU approval without any city oversight.

1. How will CC&Rs affect a person's right to build ADUs?
2. Is this new zoning category? Is this blanket up-zoning?
3. This is being done to address the missing middle? It seems like what is missing is the ability to purchase a home. This will not resolve that. The problem is the construction cost of housing and the interest rates. Investor purchases have exacerbated this.
4. What is the current vacancy rate? Is this an increase in availability? To purchase?
5. If I wanted to put an ADU on my property now what would I have to do? How much would it cost? How much time would the process take?

In conclusion, I think this will encourage investors / developers to buy up houses to put an additional unit in the back yard. The cost to put an ADU on a property is out of reach for most homeowners.

City of Reno ADU Update

Last Summer the City of Reno was concerned with being compliant with Nevada State Law that addressed housing affordability. As I recall, AB213 specifies that municipalities address 6 of 10 suggested improvements for housing affordability. Reno has conformed to all 10 and is in fact doing a very good job. Additionally at that time, the City modified bonus incentives and began a process to expedite building permit review for affordable housing developments. Moreover, less than a year ago City of Reno proposed upgrading single family zoning to allow for up to 4 units per lot. That proposal was delayed.

Now, it is proposed that all single family zoning lots with of a $\frac{1}{4}$ of an acre or greater be allowed to build an Accessory Dwelling Unit (ADU). This will basically create zoning for duplexes throughout the city.

Reno is requesting our input as to how to create this ordinance. Such issues that might be considered:

- Size of lot that ADU may be built on
- Allowable lot coverage
- Building Set backs
- Fire safety
- Sewer**
- Waste management
- Water/Electricity
- Traffic
- Protection of existing CC&R's, HOA'S, Historic Districts, Neighborhood Plans, etc.**
- Short term rentals vs. affordable housing**
- Off street parking
- Number of bedrooms and bathrooms within each unit
- Fees
- Design guidelines
- Tree canopy/Urban Forestry
- Legislature
- Enforcement of the ordinance
- Insurance
- Property taxes
- Discretionary review
- Number of ADU's per acre
- Risk Management
- Schools
- ETC.
