### Specific Plan District (SPD) Amendment

1. Approval of the SPD Handbook is subject to any modifications made by the Planning Commission and Council at their respective public hearings. All revisions shall be incorporated into the SPD Handbook and submitted in electronic and hardcopy formats prior to Council adoption of the ordinance.

### **Summary:**

The ±1.39-acre subject site is located north of the Truckee River west of the terminus of Riverside Drive. This is a request for a zoning map amendment from Multi-Family – 30 units per acre (MF-30) to SPD. The requested amendment is displayed graphically on the provided case maps. The proposed Riverside SPD would allow for up to 180 multi-family units up to 65 feet in height. Key issues analyzed in this request include 1) compatibility of the proposed zoning with the surrounding zoning and land uses, 2) available services and infrastructure, and 3) conformance with the Master Plan. The proposed SPD zoning and associated design standards are appropriate and compatible with the surrounding land uses and zoning. Staff and the Planning Commission recommend approval of this request, subject to the condition listed in the staff report.

### **Alignment with Strategic Plan:**

Economic Opportunity, Homelessness, and Affordable Housing

**Previous Council Action:**

There is no recent Council action relevant to this item.

**Background:**

The Planning Commission staff report **(Exhibit A)** analyzed compatibility with the surrounding land uses as well as conformity with the Master Plan. The proposed zone change to SPD appears to be consistent and compatible with the existing and proposed land uses.

**Discussion:**

The May 1, 2024, Planning Commission meeting minutes are included as **(Exhibit B)**. Staff gave a presentation at the hearing summarizing the request and some of the notable items in the SPD Handbook. The applicant's representative also gave a presentation discussing the SPD and potential renderings of the proposed project. The Planning Commission asked questions related to traffic, pedestrian access, and parking. Staff clarified that the applicant is not varying from parking standards and pointed out the nearby multi-modal options. The Planning Commission recommended approval of the Handbook as proposed.

**Planning Commission Vote:**

Recommendation for approval: six in favor and one absent.

**Financial Implications:**

None at this time.

**Legal Implications:**

Legal review completed for compliance with City procedures and Nevada law.
