Item pulled by Council Members Ebert and Reese for discussion.

Council Member Reese stated he is not seeing something he had asked to be included here, and that is some protection for the Assistant City Managers in a severance type of arrangement.

Jesse Puett, City of Reno Human Resources Labor Relations Manager, stated that is correct. It was not included here. What they put forward is just a clerical clean up and a language clarification in this resolution for management staff.

Council Member Reese made a motion to approve with the addition of six months salary and benefits for termination without cause for the Assistant City Manager level employees.

Mark Dunagan, Deputy City Attorney, added qualifying language stating that the provision of that benefit be subject to the provisions of the Reno City Charter and the Nevada Revised Statutes.

Jonathan Shipman, Deputy City Attorney, asked for clarification of the specific language that would be added to the resolution.

Council Member Reese stated he motion is to approve with the addition of a provision that provides for six months of salary and benefits for termination without cause for Assistant City Managers.

Mayor Schieve expressed concern with doing this now before a new City Manager is here to weigh in.

Council Member Ebert stated this is a bigger issue that the City Manager should weigh in on.

Resolution No. 9312 was adopted.

It was moved by Devon Reese, seconded by Kathleen Taylor, to approve with the addition of a provision that provides for six months of salary and benefits for termination without cause for Assistant City Managers, and the addition of the qualifying language as stated by Deputy City Attorney Mark Dunagan.

Tracy Wilson, Nevada State Director

Carter Williams, City of Reno Development Services Associate Planner, presented the staff report.

Brooklyn Oswald, Applicant Representative, gave a presentation on the project and the requested amendment.

Mr. Williams answered questions from Council regarding the development constraints map.

Mike Mischel, City of Reno Development Services Engineering Manager, answered questions from Council regarding traffic concerns raised in public comments. He confirmed he is comfortable with the traffic studies that have been done and their recommendations.

Mr. Oswald answered questions from Council regarding wildlife in the area.

Council Member Ebert expressed concern regarding the liability to the City of Reno when it comes to the horses trying to get through fences to get to water.

Mr. Williams answered questions from Council regarding the review processes in place that are still to come.

Vice Mayor Duerr stated she is supportive if they can add conditions related to her previous request that the applicant remove development from a specific area, and conditions related to wildlife in the area including eagles and horses.

Mr. Williams answered questions from Council regarding sustainability efforts and confirmed the applicant is comfortable with what staff has proposed.

Council Member Taylor referenced a letter from the Nevada Department of Agriculture (NDA) that says they have significant concern over watering horses and establishing a horse trail. She wants to respect what the NDA said and is uncomfortable with the suggestions regarding wild horses because it is not their purview.

Angela Fuss, City of Reno Development Services Assistant Director, confirmed for Council Member Taylor that they definitely should not be managing horses. What they can do is manage how horses are kept out of private property.

Vice Mayor Duerr stated the three conditions she is requesting be added. 1) Remove the development right at the canyon's mouth. 2) Add specificity that the eagles will be addressed with the Fish and Wildlife Service at the appropriate time. 3) Set up a wild horse mitigation contribution, ensure they allow passage for the horses between where their houses end and where the cliff begins, and update the existing agreement to delete the watering and expand the width between the canyon and the development by thirty feet instead of six.

Mayor Schieve asked what the applicant is comfortable with.

Mr. Oswald stated they went from \$500 to \$1,000 per home to go toward affordable housing. They are also contributing \$500 per home to regional trails and \$250 per home to the HOA to help with habitat maintenance. He stated they are not opposed to those contributions but struggle when it comes to a direct charity contribution. The NDA is continuing to find money for that and they do not want to sacrifice part of their affordable housing contribution to set up a wild horse mitigation contribution to a charity.

Vice Mayor Duerr discussed the requirements in the master plan related to wildlife mitigation.

Mr. Oswald clarified that these horses are considered feral or stray livestock, not wildlife. According to the Director of Agriculture, they move from food to

water and do not have migration corridors. Also, there could be some question to the legality of the agreement document as a whole. The State may be saying that the two parties of the agreement never had the authority to enter into the agreement about something they don't manage in the first place. Watering the horses could put them in violation of State law.

Tracy Wilson stated there are multiple interpretations of the State law. The water law quoted in the NDA letter is not applicable as it is being referred to because it is referring to lands different than what this is. It refers to public range which is defined as U.S. or State owned land, not private land. Also, in that letter the NDA states they do not have authority over water.

Mr. Oswald explained that feral or stray livestock is currently not an approved use for allocation of water rights by the State Engineer.

There was discussion regarding potential conditions to be included in a motion. Mr. Oswald stated they will not be able to do anything in the agreement that comes in conflict with State law, and they will work with the State to determine the correct method for dealing with how the horses get around the property.

AGENDA ITEM D.5 WAS HEARD AFTER ITEMS C.1 AND C.2.

It was moved by Naomi Duerr, seconded by Kathleen Taylor, to uphold the recommendation of the Planning Commission with the following additions: modify the PUD descriptive feral horse language; submit a wildlife mitigation plan with the tentative map; EV charging ready for all homes in the development; and all homes will be neutral tones.

VICE MAYOR DUERR PRESENT IN CHAMBERS

COUNCIL MEMBER BREKHUS PRESENT VIRTUALLY AT 6:02 PM
COUNCIL MEMBER BREKHUS ABSENT VIRTUALLY AT 6:17 PM

It was decided that the topic of Downtown Noise will not be part of the zoning code cleanup. It will be addressed as a separate topic for discussion with Council and stakeholders to figure out what direction to go. Ms. Fuss will put together a table of the topics discussed and provide Council some options for ways to address them. If it is decided that a downtown noise ordinance needs to be initiated, she would like to hire a noise consultant to do a base level noise study.

MAYOR SCHIEVE ABSENT AT 6:21 PM
MAYOR SCHIEVE PRESENT AT 6:26 PM

COUNCIL MEMBER TAYLOR ABSENT AT 6:27 PM

Any additional feedback can be emailed to Ms. Fuss.

Karina Mercier, City of Reno Parks and Recreation Project Manager, gave the staff presentation.

Nathan Ulliot, City of Reno Parks and Recreation Director, answered questions from Council.

There was discussion regarding the need for a Parks District and Mr. Ulliot stated they need direction from Council to work on a plan for a Parks District.

Concern was expressed that after spending this money for the design, they may not have funding available to build the project and the design would be left unused.

Mr. Jay answered questions from Mayor Schieve regarding how to make this happen. He discussed the option of issuing a bond and using revenue from tournaments to help pay for that.

Mr. Ulliot explained that approving this item for the design is the practical next step in the process. An important part of a funding plan is knowing what it will cost and the design is needed for that.

Kerrie Koski, City of Reno Public Works Director, explained for Mayor Schieve how they came up with the estimate of \$450,000.

Mayor Schieve asked the City Manager to bring back a future agenda item for a presentation on the feasibility of issuing a bond to pay for construction.

I Public Hearings - 6:00 PM (Items scheduled to be heard at a specific time will be heard no earlier than the stated time, but may be heard later.)

- I.1 ***SUPPLEMENTAL SUPPORTING MATERIALS*** - Staff Report (For Possible Action): Case No. LDC24-00015 (NV Energy Utility Corridor) Appeal of the Planning Commission's decision to include Condition of Approval No. 9 in their approval of a conditional use permit to: a) establish a major utility to allow for the construction of a new overhead 120kV electrical power line, and b) allow for hillside development. Condition No. 9 requires matching of the general alignment as presented in the Final Environmental Impact Statement. The corridor alignment for the utility is generally located between the Bordertown substation (Cold Springs area) to the north and the California substation (Verdi area) to the south. Approximately 4.1 miles of the overall ±10.9 mile Nevada portion of the power line are within the City of Reno with the remainder in unincorporated Washoe County. The request is a Project of Regional Significance (PRS) and requires an amendment to the Truckee Meadows Regional Plan to establish a new regional utility corridor. Appeals were filed by the applicant, NV Energy, and Heinz Ranch Land Company LLC. City Council may affirm, modify, or reverse the decision of the Planning Commission. [Ward 4, 5]

Vice Mayor Duerr disclosed that she met with one of the appellants and spoke with one member of the public that was opposed.

AT THIS TIME A MOTION WAS MADE AND PASSED TO CONTINUE AGENDA ITEM D.6 FOR TWO WEEKS TO A FUTURE MEETING.

Nathan Gilbert, City of Reno Development Services Principal Planner, presented the staff report and answered questions from Council.

MAYOR SCHIEVE PRESENT AT 7:40 PM

Ryan Bellows, NV Energy, gave a presentation on their appeal.

Mr. Bellows and Mark Sullivan, NV Energy, answered questions from Council on a variety of topics including: timing of their proposed alternate alignment being made available to the public, Reno staff and Planning Commission; above ground versus underground line; impact of removing trees for the alternate alignment; and increased costs associated with the alternate alignment.

Sev Carlson, on behalf of Heinz Ranch Land Company LLC, gave a presentation on their appeal.

Mr. Carlson answered questions from Council related to their negotiated utility easement and the reasoning for their preferred alignment.

Discussion on the motion:

Mayor Schieve stated she was under the impression these would be underground lines. She feels there wasn't enough outreach to some of the other residents in the area that this would impact. She would be much more comfortable with the Environmental Impact Study (EIS). It seems there needs to be more collaboration with everyone. There is more work to be done.

Mr. Gilbert confirmed for Vice Mayor Duerr there is a difference between distribution and transmission lines with regard to underground requirements.

There was discussion regarding the possibility and cost of the line being

underground. Legal Counsel clarified that this item is about the alignment of the line and not whether or not it would be underground.

Vice Mayor Duerrr stated she will support the motion and she expressed concern regarding the timing of when the easement agreement was made and when it was presented to city staff.

Council Member Brekhus expressed support for the motion.

Council Member Taylor stated she will not support the motion. She is looking at it from a private property standpoint and based on the information presented tonight.

Council Member Martinez stated that with the agreement that was made with the property owner he is leaning toward not supporting the motion.

It was moved by Meghan Ebert, seconded by Jenny Brekhus, to affirm the Planning Commission decision and deny the appeals.
