

City of Reno

November 20, 2024

Dear City of Reno,

Wild Horse Connection is a 501(c)3 Nevada based organization devoted to our American Heritage Mustangs, working primarily on the Virginia Range here outside of Reno. We held a community fundraiser to contribute funds to the second phase of the Virginia Range fencing project being done by the city.

Wild Horse Connection is donating those funds, a total of \$15,000.00 to the City of Reno to be dedicated to this fencing project.

We thank the City for all you have done to help keep both our community and the historic Virginia Range horses safe.

With gratitude,

Corenna Vance
President, Wild Horse Connection
