I prefer to go on March but live in the area.

Address:

Prefer to go unmarked. But I live in the area.

A new comment has been submitted for the Reno City Council Meeting held on: 2024-06-10.

Section:

Items - Public Hearing Items

Item:

Homeless on the river.

Position:

In Favor

Are they speaking in person?

No, I am submitting a written comment only.

If no, enter comments below:

I'm aware that homeless situations are occurring upon the river. That there are new laws that incur penalty for camping upon the river by homeless people . I am aware of that many of the areas have been installed with cameras and alerting devices for those that are in the area and enforcing penalties or threatening them to those that stay in the area. I wanted to inform you that this area on John champion Park is a place that I pass through to see a friend of mine when he gets off of work. I come through here often. John champion Park is always overrun by homeless people that want to take over the area and threaten other people for passing through the area. This had backed off during the active situation where the install of monitoring devices that spoke to people being in the area and being under penalty of camera reduced them. Those devices have apparently been disengaged or the power cut to them here. And the homeless are back to threatening people and encroaching upon the area in camping. I know of at least five or six camps when I'm passing through the area and they are dangerous and threaten people when they go through. I think the city really needs to look into nerfing this area through legal action for a while. Scare the homeless out of this area because they are

becoming dangerous here. Please look into this. Thank you. Last pass-through on 6/10/24. Where it was threatened if I didn't have a beer to share as I was passing through that they were going to beat me up. I have been mugged here several times for small things. Sadly it's the only through fare for the direction that I'm traveling on foot. Please look into it . There is some guy named Hector who is Hispanic in his thirties I think. And his girlfriend who seems to be crazy and following of theirs . They seem to be dealing drugs here and need to be dealt with. Not to mention the camping issue. I have come through many times where things are on fire or people have threatened me with. If I cross the bridge then I will come to bodily harm. Once. I have even been robbed at gunpoint and I managed to get the gun away from the guy and turn it in along with all the things that he threw away as he threw away the things that he tried to mug me for. If you guys want to do something for the river and making it a place where people want to be then you need to address these issues. It's not a passive thing that you need to seek out a situation solve on but rather a active situation where you need to invest some time and effort and resources into prosecuting individuals who are going to threaten safety of pass-through

Please consider allocating funds for the fencing that will keep the Virginia Range Horses safely in the foothills and out of our streets and neighborhoods. In the five years I have lived here, there have been several horse/vehicle interactions resulting in death for the horse and financial and mental anguish for the driver. Thankfully no humans have been killed yet. This fencing would be a safety measure to keep our drivers and their passengers safe from road hazards. Thank you for your consideration.

We need them to fund the south part of the South Reno Fencing Project. This fence will go from a cattle guard at Kenneth Way to Rhodes Rd. This will help deter the wild horses from entering the roadways in the area making South Reno a safer place for horses and the residents.

Wild Horse Fencing - Funding

Marteen Blanchard <msspakerfan@gmail.com>

Sun 6/9/2024 10:07 PM

To:Public Comment - CC <PublicComment@reno.gov>
Cc:msspakerfan@icloud.com <msspakerfan@icloud.com>

Hello,

I am a resident of South Reno residing in the Virginia Foothills. I have lived in this area for the past 8 years.

Wild Horses have roamed these streets for as long as I can recall. Today, with the enormous residential growth, the amount of horses hit and killed in the streets has increased. I am a previous volunteer for Wild Horse Connection , a volunteer organization, and this organization works day and night, in all weather conditions, moving horses back up into the foothills. There is only so much they can do to help solve this problem without the City of Reno assisting with the cost of the fencing. This topic has long been a discussion point and it's time to take action and assist with the funding. Fencing will keep these horses up in the foothills away from traffic and reduce the number of accidents. When a horse is killed, it takes Public Safety resources away from human related crimes, involves Public Works and resources to dispose of the animal. The human costs are potential bodily injury, insurance costs, car repairs or replacement.

The traffic has already gotten much worse in this area, with another 3500 homes due to be built. The horses need some protection from mans progress and keep them safe up on the range where they can access water and be kept out of the residential areas. People still speed down Veterans and Gieger to no avail and the problem will continue to get worse if fencing is not installed.

Thank you for your time,

Marteen Blanchard

Hi I am a south Lake Tahoe resident however I am in full support of the wild horse fencing plan to improve safety for the wild horses as well as the residents. I am a photographer who volunteers to document the wild horses in that area as well as in the Dayton and Silverspring area. I sure hope you will fund this very important project. Thank you!

Horse fencing D-2

MSN.com Team <matto707@hotmail.com>

Sat 6/8/2024 3:36 PM

To:Public Comment - CC <PublicComment@reno.gov>

To whom it may conern,

I am asking you to please fund the south part of the South Reno Fence. We need our streets safer knowing horses will not be coming onto the streets like Geiger and Toll.

Thank you,
Matt O'Sullivan

Subject Allocation of contingency funds for Horse Fencing in South Reno

sharry dunn <sharry_dunn2@yahoo.com>

To:Public Comment - CC <PublicComment@reno.gov>

Cc:sharry_dunn@yahoo.com <sharry_dunn@yahoo.com>

Dear City Council Members

I request that Allocation of contingency funds for Horse Fencing in South Reno be approved

I believe it is very important for the safety of motorists and the horses to use these funds (as much funding as possible) to complete the fence that has already been started in South Reno.

I urge you to allocate funding for Horse Fencing in South Reno -- enough funds to finish the fence that has been started to help keep the horses off the roads and the dangers in the area of South Reno.

Thank you for your consideration

Sharon Dunn
Resident of Washoe County
14840 Redmond Dr
Reno NV 89511
