Hello. I was just calling my name is Adrian at vrika and I'm making a call that because the police turned out doing their job, you call, and you make a report with dispatch and dispatch wants to give you a hard time because you called and they're not doing their job and dispatch needs to keep your opinion to yourself politics and all that crap out of it, and start doing their job and responding. Now, someone here others property is a thief. And the management refuses to do anything about this guy. He's dealing mass quantities of methamphetamine on this property and there's no cameras up to verify what I'm saying and Maria has never seen it's unlikely. We're going to put up cameras, so and in other words, you're letting this drug dealer continue to make crimes here. And it makes this property, go down, there's kids that live here and the cops are not doing their job. It's wrong. And the kids should not be seeing people dealing drugs out of their apartment. And the guys in Section 8, and he's a veteran and he's taken advantage of the situation. Thank you, please have this matter looked at because the police should not do the way with doing that and not answering calls that need to be answered. It's called laziness.

Hello, my name is Brett shellhorn and I live in the city of Reno, and I just wanted to make a comment on the City of Reno alarm program at, uh, apparently a company down in Texas handles that program. And for 3 years now, um, they've sent me an invoice for ten dollars. I paid the invoice and then they follow that up with a late fee, for twenty 5 dollars. The first 2 years, I was a nuisance to me and I just paid it. And I said, well, I thought I paid it on time but now it's happened, the third year. So this is a, this is a pattern, this company. I believe should not be, uh, used by the city of araneo. In fact, I was, I do a lot of travel, so when I got back, I I remember I got a bill for ten dollars in April and I paid it timely. And then 2 months later, I get a late fee. And now, I'm traveling out of time out of town, and I come back and they're charging, not only a late fee at 255 dollars, but apparently, a late fee on a late fee, totaling \$28. So this company's bad and I would appreciate the city of Veno to deal with a reputable company. Um, my phone number, well, they're not leaving us as public record, but my name is Brett shellhorn, and I live in the city of Reno. And, uh, if you need to reach out to me, um, I guess I Could. Um, I don't know how that works. So anyhow, Follow up. I would appreciate it. Uh to see what this company's doing. All right, thank you.

I'm calling from 2350 Paradise drive from The Volunteers of America. 8 Storey building across from Tia park. There is hardly a day goes by that, I don't call, you know, direct because of the homeless setting up their encampments, all over the sidewalks and behind the buildings that are across the street from me. And on our tree, lawn on the tree lawn of the park, I am sick and tired of this. I have seen them poop and pee all over the place. When is there some consideration going to be giving to the citizens? The senior citizens who live here who have worked, all their life, who don't take drugs, who aren't alcoholic? We don't deserve to see that it's dangerous. I don't even walk in the park anymore, do something about it instead of just telling them to move and they come right back again. So far, thanks for nothing.

All right. I wanted to speak to you. I'm a consultant or something right now. I wanted to speak to you about the, uh, Lake Mill Lodge and the properties that are, uh, tied with Lake Mill, Lodge that are owned by the same owners. They have the same problems in all the hotels as far as traffic. Um, and they do nothing. I think all properties need, uh, security, definitely. All properties need to be addressed. Um, but I just wanted to let you guys know. I don't think their license should be reinstated. They should revoke it permanently. All right. Thank you.

Hi, yes. Um, I'm a concerned. Uh, Resident of Reno. Um, I'm going to UNR and I'm just curious. Uh, 1:25 in the afternoon. And there are 6 motorcycle, uh, police. Um, dispatchers just sitting at traffic, lights waiting for for a college student or some, uh, of our staff to go over the speed limit, like by 5 miles per hour to ticket them. I feel like if we are funding police engagement, um having 6 officers, in the span of less than a mile of, uh, Road seems ridiculous and targeted towards people that they already know do not have the funds to be affording, some arbitrary ticket. I'd much rather see our Police Department doing something, um, more beneficial to the general public, uh, dealing with either the homeless or maybe the people that are constantly speeding and causing reckless driving accidents. Instead of just focusing on, uh, the easy quota, Thank you for your time.
