Contractor shall also maintain an after-hours telephone message system to record calls received outside Contractor's normal

business hours. Contractor shall provide the City a means of contacting a representative of the Contractor on a twenty-four (24) hour basis.

A. Local Telephone Number

Contractor shall be accessible through a local, toll-free telephone number during normal business hours. The telephone number shall be listed under Contractor's name in the local telephone directory, on the Contractor's website for the City of Reno service area.

B. Spanish Telecommunications

On an ongoing basis, Contractor shall immediately notify the City when an Ombudsman is replaced.

B. Complaint Resolution

If, for any reason, a dispute arises between Contractor and a Collection Services customer that is not resolved between Contractor and the Customer to the City's reasonable satisfaction, the City, at its sole option, may i) submit the dispute to the Ombudsman who shall ensure that the matter is formally reviewed, considered, and resolved and/or responded to by the Contractor within seven (7) days or ii) make a determination of the dispute resolution without submitting the Ombudsman. If the Ombudsman shall not resolve the dispute to the City's reasonable satisfaction, the City may make a determination of the dispute resolution. The determination by the City of all Collection Services customer disputes shall be final and binding on Contractor and the customer. This Section 5.4 shall not apply to disputes between Contractor and any customer for customer account obligations or the payment or collection thereof.

This Section 5.4, however, does not in any way legally obligate the City to submit a dispute to the Ombudsman as a condition precedent to enforcing its rights hereunder in law or in equity, including the right to seek damages for breach, a decree of specific performance, injunctive relief or any other remedy that would be available to the City in the event of a breach, or threatened breach, of any provision of this Agreement by the Contractor, or any of the Contractor's successors or assigns.

#### 5.5 HAZARDOUS AND OTHER EXCLUDED MATERIALS; CONTAMINATION OF APPROVED RECYCLABLE MATERIALS

If Contractor determines that waste placed in any Container for Collection or delivered to any facility is Hazardous Waste, Medical and Infectious Waste, or other Excluded Materials, in addition to all other rights available under this Agreement or at law or equity, Contractor shall have the right to refuse to accept such waste and to proceed as provided under his Agreement. Customer shall be contacted by Contractor and requested to arrange proper disposal. If Customer cannot be reached immediately, Contractor staff shall, prior to leaving the premises, leave a tag on the top of the Container indicating the reason for refusing to collect the waste.

##### A. Ownership of and responsibility for Hazardous Waste or other Excluded Material

Notwithstanding anything in this Agreement to the contrary, ownership of Hazardous Waste and other Excluded Materials shall not transfer to Contractor unless Contractor shall knowingly accept for collection and contract expressly in writing to accept, collect and transport such material. All such material shall remain the property of the Customer placing or attempting to place such material for Collection or disposal, and such Customer shall remain solely responsible for such materials, the proper and legal transportation and disposal thereof, the retrieval of such materials from any location (including without limitation a location to which Contractor may have transported them), and for any and all damages, losses, liabilities, fines, penalties, forfeitures, claims, demands, actions, proceedings or suits arising out of relating to the generation, transportation, handling, cleanup, remediation or disposal of such materials.

##### B. Contamination of Approved Recyclable Materials

Approved Recyclable Materials mixed with i) more than a de minimis amount of Garbage, ii) ten percent (10%) or more of materials other than Approved Recyclable Materials, or iii) any amount of Excluded Materials, shall be considered contaminated ("Contaminated"). ## 5.6 PERSONNEL

Contractor shall furnish qualified drivers, mechanical, supervisory, clerical and other personnel as necessary to provide the Collection Services required by this Agreement in a safe and efficient manner and otherwise as provided in the Operating Standards.

The Contractor shall maintain a base station or have communication equipment capable of reaching all collection vehicles.

## 5.8 CONTAINERS

### A. Container Requirements and Ownership

The Contractor shall procure, maintain, own and provide to Customers a sufficient quantity of Containers to provide the Collection Services. Without the prior written consent of Contractor, which Contractor may withhold in its sole discretion, Customers shall not provide their own containers and shall use only Containers provided by Contractor for Collection Services; provided, however, Customers may provide Compactors for Collection Services performed by Contractor, which Collection Services may be provided for in the Scope of Services and Rates, provided such Compactors are compatible with Contractor's collection equipment. Contractor shall not be responsible for damage to any Compactors except to the extent caused by the gross negligence or intentional misconduct of Contractor.

Any Container damaged or missing on account of accident, act of nature or the elements, fire, or theft or vandalism by persons other than the Customer such that the Container does not comply with the requirements under this Agreement shall be repaired or replaced by Contractor at Contractor's cost within a reasonable time after request by Customer. Customers shall properly

care for Containers provided for Customer's use, shall use reasonable efforts to protect such Containers from graffiti or negligent or intentional misuse, and shall not use such Containers for other than their intended purpose. In the event a Customer damages or requests a replacement Container as a result of Customer's damage, lack of reasonable care or intentional misuse, the Contractor may charge the Customer the reasonable cost of replacement of the Container, including a reasonable pickup and delivery charge. Containers shall be located on the Customer premises in a manner required hereunder and under applicable law, rules and policies and otherwise in a location providing appropriate access to the Container by Contractor and allowing safe and efficient collection by the Contractor. Containers shall not be placed by Contractor or Customer in any City Public Street. Ownership of all Carts and other Containers shall remain with Contractor at all times, except for Compactors provided by Customer.

B. Weight Limits of Containers

Cart weight, including all Collection Materials therein, shall not exceed sixty (60) pounds for the thirty five (35)-gallon size, one hundred-twenty (120) pounds for the sixty four (64)-gallon size and one hundred-eighty (180) pounds for the ninety six (96)-gallon size. No specific weight restrictions apply to Bins or Drop-Boxes, provided, however, the Contractor shall not be required collect, lift or remove any Container i) exceeding the safe working capacity of the collection vehicle as determined by Contractor or ii) which would cause the vehicle carrying the Container to exceed legal road weights.

C. Loading Containers: Access to Containers

All Collection Material must be placed by Customers i) only in Containers provided Contractor, ii) completely within the Containers provided by Contractor, such that the lid or other closure on such Container closes completely and iii) only in Containers designated for the type of Collection Material deposited in such Container. No Collection Materials may be placed for collection by Customer except in a Container provided by Contractor, including without limitation in Customer-supplied or other containers, in bundles or placed outside an appropriate Container. Customer must provide unobstructed, efficient access by Contractor to all Containers in a location approved by Contractor.

5.9 SPILLAGE

Contractor shall exercise reasonable efforts to keep Collection Materials collected by the Contractor completely contained in Containers and collection vehicles. Hoppers and tippers on all collection vehicles shall be operated in a reasonable manner so as to minimize blowing or spillage of materials. Spillage of materials caused by Contractor shall be promptly cleaned up by the Contractor at Contractor's expense to the extent reasonably possible and necessary. However, it is understood that wind conditions in the Truckee Meadows make it impossible for the Contractor to prevent the blowing of all material. All vehicles used for Collection Services shall carry spill kits. At a minimum, spill kits shall include absorbent pads or granules, containment booms, storm drain covers, sweepers and other similar

materials reasonably sufficient to contain, control and, for minor events, appropriately clean-up any spillage or release of wind-blown materials, litter, or leaks of Contractor vehicle fluids or leachate.

#### 5.10 CONTRACTOR PLANNING ASSISTANCE

The Contractor shall, upon request, make available a reasonable amount of site planning assistance to either the City and/or property owners or their representatives. The site planning assistance shall be available for all new construction or remodeling of buildings and structures within the Contractors Exclusive Service Area, and shall address the ability of Contractor to provide service in the Collection areas. Contractor will not charge for normal and reasonable site planning services. Contractor may charge a reasonable fee for will-serve letters.

#### 5.11 SAFEGUARDING PUBLIC AND PRIVATE FACILITIES

The Contractor shall exercise reasonable efforts to protect public and private improvements, facilities and utilities whether located on public or private property, including street Curbs. If such improvements, facilities, utilities or Curbs are damaged due to the negligence or intentional misconduct of Contractor, the Contractor shall repair or replace the same. However, Contractor shall not be responsible for damage caused to persons or to public or private property to the extent caused by either or both i) the negligent or intentional acts of a Customer or others and ii) the failure of the Customer property to meet or comply with the requirements of this Agreement and applicable laws, rules and policies, including without limitation the failure of the Container enclosure, approach surface or surrounding area to meet industry standards.

#### 5.12 INCLEMENT WEATHER, CONSTRUCTION AND OTHER SERVICE DISRUPTIONS

When weather, construction or other conditions reasonably prevent or impair Collection Services, Contractor may make reasonable adjustments to the Collection Services, including without limitation postponing Collection until the following regularly scheduled Collection, but shall continue Collection Services to the extent reasonably safe and efficient. No credits or refunds will be provided for missed Collections or other service limitations beyond the reasonable control of contractor. The Contractor shall notify the City of its collection plans and outcomes for each day that severe inclement weather is experienced as soon as practical that same business day.

#### 5.13 VEHICLE DRIVE IN SERVICE

The Contractor shall offer drive-in service, at additional charge, to Customers' property that allows safe access, turn-around space, and clearance for service vehicles. Customers located in an area that does not allow safe access, turn-around or clearance for service vehicles will be provided service if Collection Materials are placed adjacent to the nearest public street or private road that provides safe access in a location approved by Contractor. In the event the Contractor determines a private road or drive cannot be safely negotiated or that providing drive-in service for Customers is impractical due to distance or unsafe conditions, the Contractor will evaluate on-site conditions and make a determination of its preferable approach for providing safe and appropriate service to the Customer. Contractor may

require a damage waiver agreement or, upon 30 days prior written notice to the Customer and the City, decline to provide service to Customers where Contractor determines impractical or unsafe.

## ARTICLE 6 CUSTOMER RATES

### 6.1 GENERAL RATES PROVISIONS

Contractor shall charge and collect from Customers for Collection Services the Rates provided on the Scope of Services, which Rates may be adjusted as provided in this Agreement. The collection of Rate Revenues by Contractor from Customers for Collection Services shall be Contractor's sole compensation for provision of Collection Services; provided, however, Contractor shall be entitled to charge other fees and charges for Special Services and other services and may charge other fees and charges for Customer noncompliance as provided in Section 3.10. If a Designated Facility refuses to accept Approved Recyclable Materials, Contractor may collect and deliver such materials for Disposal as Solid Waste and may charge the Rate applicable to Solid Waste for such Collection Services.

### 6.2 ADJUSTMENT OF RATES

#### A. CPI Rate Adjustment

Subject to the terms, conditions and limitations of this Section 6.2 A, the Rates for all Collection Services shall increase annually during the Term and all Extension Terms in proportion to the percentage increase in the CPI over the preceding year, as provided below ("CPI Adjustment"). Adjustments to the Rates shall be made in units of One Cent (\$0.01) and fractions thereof shall be rounded to the nearest cent.

The first annual CPI Adjustment of the Rates shall occur April 1, 2021 (such date and each anniversary thereof during the Term, an "Adjustment Date"). The Rates shall be increased in proportion to the percentage increase in the CPI over the most recent twelve (12) month period ending on December 31 of the year preceding the Adjustment Date. In determining the CPI increases, Contractor may elect to increase the Rates applicable to particular or specific services or groups of services by more or less than the CPI, so long as the total increase in the Rates for all Collection Services is less than or equal to the increase in the CPI; provided, however, Contractor and City shall cooperate in good faith to determine the exact amount and allocation of such increases. The Contractor's calculations of the CPI Adjustment and the Return on Revenues described below shall be i) based on financial statements of Contractor which form a part of the financial statements of the parent company of Contractor (which parent's financial statements have been audited by an independent certified public accountant or accounting firm), ii) certified true, correct and complete by the Contractor Representative and iii) provided to the City no later than March 15 of the year of the Adjustment Date. The adjusted Rates shall take effect on the Adjustment Date and shall apply for the ensuing year. If the CPI is changed or discontinued, it will be replaced by an index that would achieve as closely as possible to the same result as if the CPI had not been changed or discontinued.

The CPI Adjustment to the Rates shall be subject to the following limitations:

1. The CPI shall not be less than zero percent (0%) or more than six percent (6%); any increase by the City to the franchise fee % will not count against this cap; and
2. Commencing with the Adjustment Date occurring on April 1, 2017, in the event the annual Return on Revenue of Contractor for the three consecutive calendar years immediately preceding the Adjustment Date averages more than ten percent (10%) ("Return on Revenue"), using a three year rolling average, no CPI Adjustment shall apply to the Rates for the year in which such Adjustment Date occurs.

For purposes hereof, "Return on Revenues" shall mean net income divided by gross revenues and expressed as a percentage. Net income is determined by deducting from gross revenues all expenses, which expenses include federal income taxes. Return on Revenue shall be calculated by Contractor in accordance with generally acceptance accounting principles, consistently applied, and otherwise in a manner substantially similar to the calculation of rate increases used under the Existing RFA (as defined in Section 11.23 hereof). The Rates shall increase in the amount and at the time the Rates of Reno Disposal increase.

**B. Other Adjustments to Rates**

Because the Rates are Contractor's sole compensation for the Collection Services, the Rates must be sufficient to pay known and unknown costs that may increase over time. Accordingly, City and Contractor agree that, in addition to the CPI Adjustment and the other adjustments under this Section, the Rates shall be increased ("Rate Adjustment") in an amount necessary to compensate Contractor for:

1. Increases in costs or expenses resulting from a Change in Law, Change in Scope of Services or increase in City Collection Services;
2. Increase in the Franchise Fee or other fees required, initiated or approved by City or another federal, state or local governmental agency;
3. A change in the volume of Solid Waste or Recyclable Materials or other materials collected by Contractor hereunder that causes a material increase to Contractor's costs or expenses or material decrease in Contractor's revenues, including without limitation changes caused by a change to the Exclusive Service Area, changes to the requirement that all Customers in the Exclusive Service Area have mandatory Collection Services as provided under this Agreement and annexation or consolidation of outlying or noncontiguous area in the City included in the Exclusive Service Area;

4. Increase in the fees, expenses or costs to Contractor for the transfer, processing, transportation, recycling, or Disposal of Solid Waste and Recyclable Materials charged by the Designated Facilities under the Disposal Agreement, except to the extent such increase was already factored into the CPI increase; and
5. Any other circumstance, cause or reason not within the reasonable control of Contractor, including without limitation a Force Majeure event, that causes an increase in costs or reduction in revenue of Contractor, such that the Rates do not fairly compensate Contractor for the Collection Services.

Contractor may initiate a Rate Adjustment under this Section 6.2(B) not more than once annually, beginning no earlier than January 1, 2014. To obtain a Rate Adjustment, Contractor shall prepare and submit to the City a rate adjustment statement setting forth the nature of the event causing the increase in costs and a calculation of the increased costs and the Rate Adjustment necessary to offset such increased costs, together with the Return on Revenue. The City may request any and all documentation and data reasonably necessary to evaluate the Rate Adjustment and shall confirm or deny (with detailed written explanation of the reason for any denial and an alternative Rate Adjustment proposal by City) within ninety (90) days of receipt of the statement from Contractor, which confirmation shall not be unreasonably withheld, conditioned or delayed. Rate Adjustments shall include an amount sufficient to pay the increase in costs incurred by Contractor, plus the Return on Revenue.

C. Rate for Outlying or Non-Contiguous Areas

As a result of annexation or consolidation of the City limits occurring after the Effective Date, the Rates may not fairly or accurately reflect the cost of providing Collection Services to Customers in such outlying or non-contiguous areas. In such event, at the City's election, i) the Rates shall be increased to pay the additional cost of providing Collection Services to such areas and otherwise fairly compensate Contractor for providing such Collection Services or ii) a special rate for such areas may be adopted under this Agreement. Contractor may initiate a Rate Adjustment or special rate adoption under this Section using the same procedures provided for Rate Adjustments in Section 6.2 (B) above and the Rate Adjustments under this Section 6.2 shall apply to any special rates established under this Section 6.2 (C).

ARTICLE 7

BILLING; COLLECTION AND PAYMENT

Contractor is responsible for billing Customers and collecting Rates Revenues for all Collection Services. Billing for all Collection Services other than Drop Box services shall be in advance. Billing for Drop Box services may be in advance or in arrears, as determined by Contractor. All payments shall be due and

Contractor shall be entitled to charge a late fee equal to the greater of Twenty Five Dollars (\$25.00) or ten percent (10%) of the delinquent amount and interest at two and one-half percent (2.5% per month on all delinquent accounts. Contractor shall be entitled to terminate any delinquent Customer's account after thirty (30) day's written notice. Contractor shall be entitled to charge Customers other fees and charges, including without limitation NSF check charges and collections costs, and shall be entitled to require a deposit before provision of Collection Services. All Rates, charges, penalties, interest and other amounts due to Contractor for Collection Services shall constitute an obligation of the owner of the property (as shown in the Washoe County Assessor's Office records) to which such services are being provided or upon which is located any Commercial Activity for which such services are being provided. An owner may request that services be provided and billed to a tenant or other occupant of the property, but owner shall not be relieved from the primary obligation to pay all amounts due for such service and Contractor shall have no obligation to first proceed for collection against the tenant or other occupant. Contractor shall be entitled to establish rules, procedures and requirements for Customers subscribing to Collection Services and for collecting any amount payable for the Collection Services, including without limitation the right to collect security deposits and to exercise lien rights. Nothing in this Section shall limit any rights or remedies of Contractor, including without limitation the right to enforce the terms of this Agreement, the Reno Municipal Code relating hereto and its customer service agreements or to collect any all amounts due for Collection Services and other services.

#### 7.2 RECEIPT OF PAYMENT

Contractor shall record all amounts received from Customers into an appropriate accounting account. All payments of Customer billings shall be made by Customer check, money order, cashier's check credit card or autopay; provided no cash shall be accepted.

#### 7.3 MONTHLY PAYMENT OF FRANCHISE FEES

On or before the twenty-fifth (25th) day of each calendar month, Contractor shall prepare and submit a monthly statement to City for the prior month, together with the Franchise Fees payable to City for the prior calendar month. The monthly statement shall include the following information and calculations as supporting documentation for the Franchise Fee payment:

##### A. Reported Revenues

#### 7.4 CONTRACTOR RESPONSIBILITY FOR BAD DEBT AND DELINQUENT PAYMENTS

Contractor shall solely bear all expenses and losses related to collecting or failing to collect bad debt from delinquent Customer accounts

## 7.5 AUDIT OF BILLINGS AND FINANCIAL REPORTS; REVIEW OF COSTS

City may at its sole discretion select a qualified independent firm to perform an audit of Contractor's records and data directly relevant to matters relating to Contractor's performance of its obligations under this Agreement, as set forth in this Article. Contractor shall, upon request of written notification by City, permit the audit and inspection of all of such records and data by the firm specified by City. The frequency and timing of the audits shall be determined at City's discretion, but shall not exceed a maximum of two (2) audits during the Base Term and one (1) during any five year extension of the Term. City shall be responsible for payment of all audits during the Base Term of the Agreement and any Extension of the Agreement. City shall provide Contractor thirty (30) days' notice of each audit. City shall determine the scope of any audits based on the general requirements specified below and may elect to conduct either one or both of the following types of audit:

### A. Audit of Billings.

The auditor shall review the billing practices of Contractor with relation to delivery of Collection Services. The intent of this audit is to use sampling to verify that Customers are receiving the type and level of service for which they are billed.

ARTICLE 9

INDEMNITY, INSURANCE, PERFORMANCE SECURITY

Contractor agrees to and shall indemnify, defend and hold harmless City its officers, officials, employees, volunteers, agents and assigns (collectively, the "Indemnitees") from and against any and all costs, damages, loss, liability, fines, penalties, forfeitures, claims, demands, actions, proceedings or suits (whether administrative or judicial), in law or in equity, of every kind and description, (including, but not limited to, injury to and death of any person and damage to property) to the extent caused by (i) the failure of Contractor to comply with this Agreement and ii) the performance by Contractor, its officers, agents, employees, and subcontractors of the Collection Services or other obligations of Contractor hereunder, except in each case to the extent caused by the default, negligence or intentional misconduct of City. The indemnification obligation hereunder shall arise only in excess of any available and collectible insurance proceeds, and the Contractor shall be liable hereunder to pay only the amount of damages, if any, that exceeds the total amount that all insurance has paid for the damages, plus the total amount of all deductible and self-insured expenses paid under all insurance policies.

## 9.2 INSURANCE SCOPE AND LIMITS

2. Contractor's insurance coverage shall be primary insurance in relation to the City, its officers, officials, employees, agents and volunteers. Any insurance or self-insurance maintained by City, its officers, officials, employees, agents or volunteers shall be excess of Contractor's insurance and shall not contribute with it.

3. Each insurance policy required by this clause shall be occurrence-based, or an alternate form as approved by City and shall be endorsed to state that coverage shall not be canceled by the insurer or reduced in scope or amount except after thirty (30) days prior written notice has been given to City.

**ARTICLE 11**

**MISCELLANEOUS AND OTHER AGREEMENTS OF THE PARTIES**

**11.1 OTHER EXCLUSIVE SERVICE PROGRAMS; RIGHT OF FIRST REFUSAL**

In the event City determines that a specific program should be implemented for collection or transportation of Food Waste or Green Waste or for any other Solid Waste or Recyclable Materials, other than as provided in this Agreement, to serve the needs of the public in the City, City will notify

Contractor and Contractor and City will discuss and negotiate in good faith to i) develop and implement the program and the franchise fees, rates and other matters related thereto and ii) reach agreement on the terms and conditions of a service agreement relating thereto between the City and Contractor. If Contractor and City are unable to reach agreement on the terms and conditions of the service agreement within 90 days of the City notice, City hereby grants to Contractor the right of first refusal to match and accept a) the terms and conditions of any contract offer by the City to other service providers for such a program ("City Offer") and b) the terms and conditions offered by another service provider to the City that the City is willing to accept relating to such a program ("Third Party Offer"). If the City makes a City Offer or receives a Third Party Offer the City is willing to accept, City shall give Contractor prompt written notice with a copy of thereof. Contractor shall have a period of thirty (30) days to provide written notice to City that Contractor will accept the terms of either the City Offer or the Third Party Offer. If Contractor provides such notice, City and Contractor will enter into a service agreement on the terms and conditions of the offer accepted. If Contractor does not timely provide the acceptance notice, the City shall be free to contract with another service provider on the same terms and conditions as stated in the City Offer or the Third Party Offer, as applicable. In such event, the City shall compensate Contractor for all negative financial impacts associated with the City's acceptance of the Third Party Offer. In the event the City does not consummate an agreement with another service provider on the same terms and conditions within 120 days of the expiration of the 30 day notice period, then the right of refusal shall revive and Contractor shall have the same right of first refusal to accept any subsequent changed terms and conditions, City Offer or Third Party Offer.

#### 11.2 RELATIONSHIP OF PARTIES

The Parties intend that Contractor shall perform the Collection Services as an independent contractor engaged by City and not as an officer or employee of City or as a partner of or joint venturer with City. No employee or agent of Contractor shall be or shall be deemed to be an employee or agent of City. Except as expressly provided herein, Contractor shall have the exclusive control over the manner and means of conducting Collection Services and all persons performing such services on behalf of Contractor. Neither Contractor nor its officers, employees, subcontractors, or agents shall obtain any rights to retirement benefits, workers' compensation benefits, or any other benefits which accrue to City employees by virtue of their employment with City.

#### 11.3 FORCE MAJEURE

Provided that the requirements of this Section are met, Contractor shall not be deemed to be in default and shall not be liable for failure to perform under this Agreement if Contractor's performance is prevented or delayed by acts of terrorism, acts of God including landslides, public or private construction activities, lightning, forest fires, storms, floods, freezing and earthquakes, civil disturbances, wars, blockades, public riots, explosions, unavailability of required materials or disposal restrictions, work stoppages or lockouts, governmental restraint or other causes, whether of the kind enumerated or otherwise, that are not reasonably within the control of the Contractor ("Force Majeure"). If as a result of a Force Majeure event, Contractor is unable wholly or partially to meet its obligations under this Agreement, it shall promptly give the City written notice of the Force Majeure

event, describing it in reasonable detail. The Contractor's obligations under this Agreement shall be suspended, but only with respect to the particular component of obligations affected by the Force Majeure event and only for the period during which the Force Majeure event exists.

#### 11.4 COMPLIANCE WITH LAW

In providing the services required under this Agreement, Contractor shall at all times, at its sole cost (subject to rate adjustment provisions elsewhere in this Agreement), comply with all Applicable Laws, including all permit requirements for Collection Service.

#### 11.5 GOVERNING LAW

This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Nevada.

#### 11.6 JURISDICTION AND VENUE

With respect to venue, the Parties agree that this Agreement is made in and will be performed in City of Reno.

#### 11.7 ASSIGNMENT

##### A. Definition

For purposes of this Section 11.7, the term "Assignment" shall include, but not be limited to: (i) a transfer by Contractor to another person or entity of all of Contractor's rights, duties and obligations under this Agreement, including without limitation subcontracting of all or a portion of Contractor's obligations hereunder; (ii) a sale, exchange, or other transfer of substantially all of Contractor's assets dedicated to service under this Agreement to a third party; (iii) a sale, exchange, or other transfer of fifty percent (50%) or more of the outstanding common stock of Contractor; (iv) any reorganization, consolidation, merger, recapitalization, stock issuance or reissuance, voting trust, pooling agreement, escrow arrangement, liquidation, or other transaction to which Contractor or any of its shareholders is a party which results in a change of ownership or control of fifty percent (50%) or more of the value or voting rights in the stock of Contractor; and (v) any combination of the foregoing (whether or not in related or contemporaneous transactions) which has the effect of any such transfer or change of ownership. If Contractor is not a corporation, an assignment shall also include, among other things, any transfer or reorganization that has an effect similar to the situations described in foregoing sentence for corporations. For purposes of this Article, the term "proposed assignee" shall refer to the proposed transferee(s) or other successor(s) in interest pursuant to the assignment.

##### B. City Consent to Assignment; Written Assignment and Assumption

Except for Assignments to a Permitted Transferee and except as provided in this Article or otherwise in this Agreement, Contractor shall not make an Assignment of this Agreement to any other person or entity without the prior written consent of City, which consent shall not be unreasonably withheld, conditioned or delayed; provided, however, that the assignee shall be deemed suitable and City shall consent to an Assignment if the Assignee meets the Assignee Qualifications (as defined below). A formal written instrument of assignment shall be executed by Contractor and an approved assignee or Permitted Transferee, which shall provide for the assignee's assumption and acceptance of all terms and conditions of this Agreement, including all duties and obligations imposed thereby, and also the assignee's express adoption of the representations of Contractor set forth herein as its own representations. Assignments to Permitted Transferees shall not require the consent of the City.

C. Qualifications of Assignee

A proposed assignee shall be deemed suitable and City shall consent to an Assignment to a proposed assignee upon submission of reasonably satisfactory evidence or support (i) that the proposed assignee has at least five (5) years of Solid Waste and Recyclable Materials collection experience similar to the Collection Services; ii) that the proposed assignee currently or recently conducted Solid Waste and Recyclable Materials collection on a scale reasonably equal to or exceeding the scale of operations conducted by Contractor under this Agreement; (iii) the proposed assignee conducts its operations in substantial accordance with accepted industry standards (iv) the proposed assignee conducts its Solid Waste and Recyclable Materials management practices in substantial compliance with all applicable Federal, State, and local laws; and (v) the proposed assignee has the reasonable financial capability and other capabilities to perform the obligations of Contractor under this Agreement to industry standards and to otherwise comply with all terms, covenants and conditions of this Agreement applicable to Contractor (collectively, the "Assignee Qualifications").

D. Transition

If City consents to an assignment, Contractor shall cooperate fully with City and subsequent Contractor(s) or subcontractor(s), and shall provide all appropriate assistance to ensure an orderly transition. Such cooperation and assistance shall include, but not be limited to, Contractor providing, to City and the subsequent Contractor(s) or subcontractor(s), all route lists and billing information listing accounts, and using Contractor's reasonable efforts to avoid and minimize any disruption or inconvenience to Customers.

11.8 DISPUTE RESOLUTION

A. Continue Performance

In the event of any dispute arising under this Agreement, City and Contractor shall continue performance of their respective obligations under this Agreement and shall attempt to resolve such dispute in a cooperative manner, including but not limited to, negotiating in good faith.

**B. Mediation**

Any unresolved dispute arising between the Parties under this Agreement after negotiation in good faith shall first be submitted to non-binding mediation before a recognized mediator having experience with agreements of this nature and that is mutually acceptable to the Parties, provided that neither Party shall unreasonably withhold its acceptance. If the parties are unable, after a period of thirty (30) days from commencement of the dispute resolution process, to agree on a mediator, either Party shall be entitled to petition a court of competent jurisdiction to appoint such a mediator for the Parties. In the absence of judicial jurisdiction to appoint a mediator, mediation will be before a panel composed of a mediator selected by each party and a third mediator selected by the two mediators so selected. Each Party shall bear its own costs, including attorney's fees, incurred in connection with the mediation. If the mediation does not result in a resolution of the dispute that is acceptable to both Parties, either Party may pursue any right or remedy available at law or equity, except as expressly and specifically limited under this Agreement.

**11.9 NON-DISCRIMINATION**

Contractor shall not discriminate in the provision of service or the employment of persons engaged in performance of this Agreement on account of race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, or sex of such persons or as otherwise prohibited by law.

**11.10 BINDING ON SUCCESSORS**

The provisions of this Agreement shall inure to the benefit of and be binding upon the successors and permitted assigns of the Parties.

Except as expressly provided to the contrary herein, nothing in this Agreement, whether express or implied, is intended or shall be deemed to confer any rights on any persons other than City and Contractor and their representatives, successors and permitted assigns.

**11.12 WAIVER**

The waiver by either Party of any breach or violation of any provisions of this Agreement shall not be deemed to be a waiver of any breach or violation of any other provision, nor of any subsequent breach or violation of the same or any other provision. The subsequent acceptance by either party of any monies that become due hereunder shall not be deemed to be a waiver of any preexisting or concurrent breach or violation by the other party of any provision of this Agreement.
