I appose the Glow Plaza operations, decibel levels set from 8-11pm. Though only 4 hours it still impacts neighboring residents with 4 continuous hours (or higher based on event) of noise at 85 decibels. This is noise pollution at its peak. Many residents surrounding the Glow Plaza are trying to sleep at that time. Lowering the decibel level will not take away from the event. JACOBS DOESN'T CARE ABOUT THE RESIDENTS SURROUNDING THE GLOW PLAZA. Also, where is the 10-year master plan Jacobs promised? Is Jacobs planning additional "festival grounds" development south of the J Resort? If so, the noise pollution from this developer will make it impossible for residents to have quality of life in their own homes. Please think of THE RESIDENTS NOT J RESORTS and vote NO.

Tangentially related to this item, the staff report indicates that one of the conditions is that Jacobs must produce a traffic plan for events with over 3,700 attendees. With how quickly that area is redeveloping, and the goal of having more events at the Glow Plaza being implicit, why is the impetus on Jacobs to produce a traffic plan and not on the city and RTC to accelerate the expansion of the Lincoln Line west to provide improved traffic service to the venue? This extension has been part of the long range plan for quite some time now, the city has the opportunity to be proactive and get transit infrastructure in place in advance of development, rather than having to shoehorn it in after the fact. The city should not squander this opportunity.
