# Alignment with Strategic Plan

Infrastructure, Climate  
Change, & Environmental  
Sustainability

Fiscal Sustainability

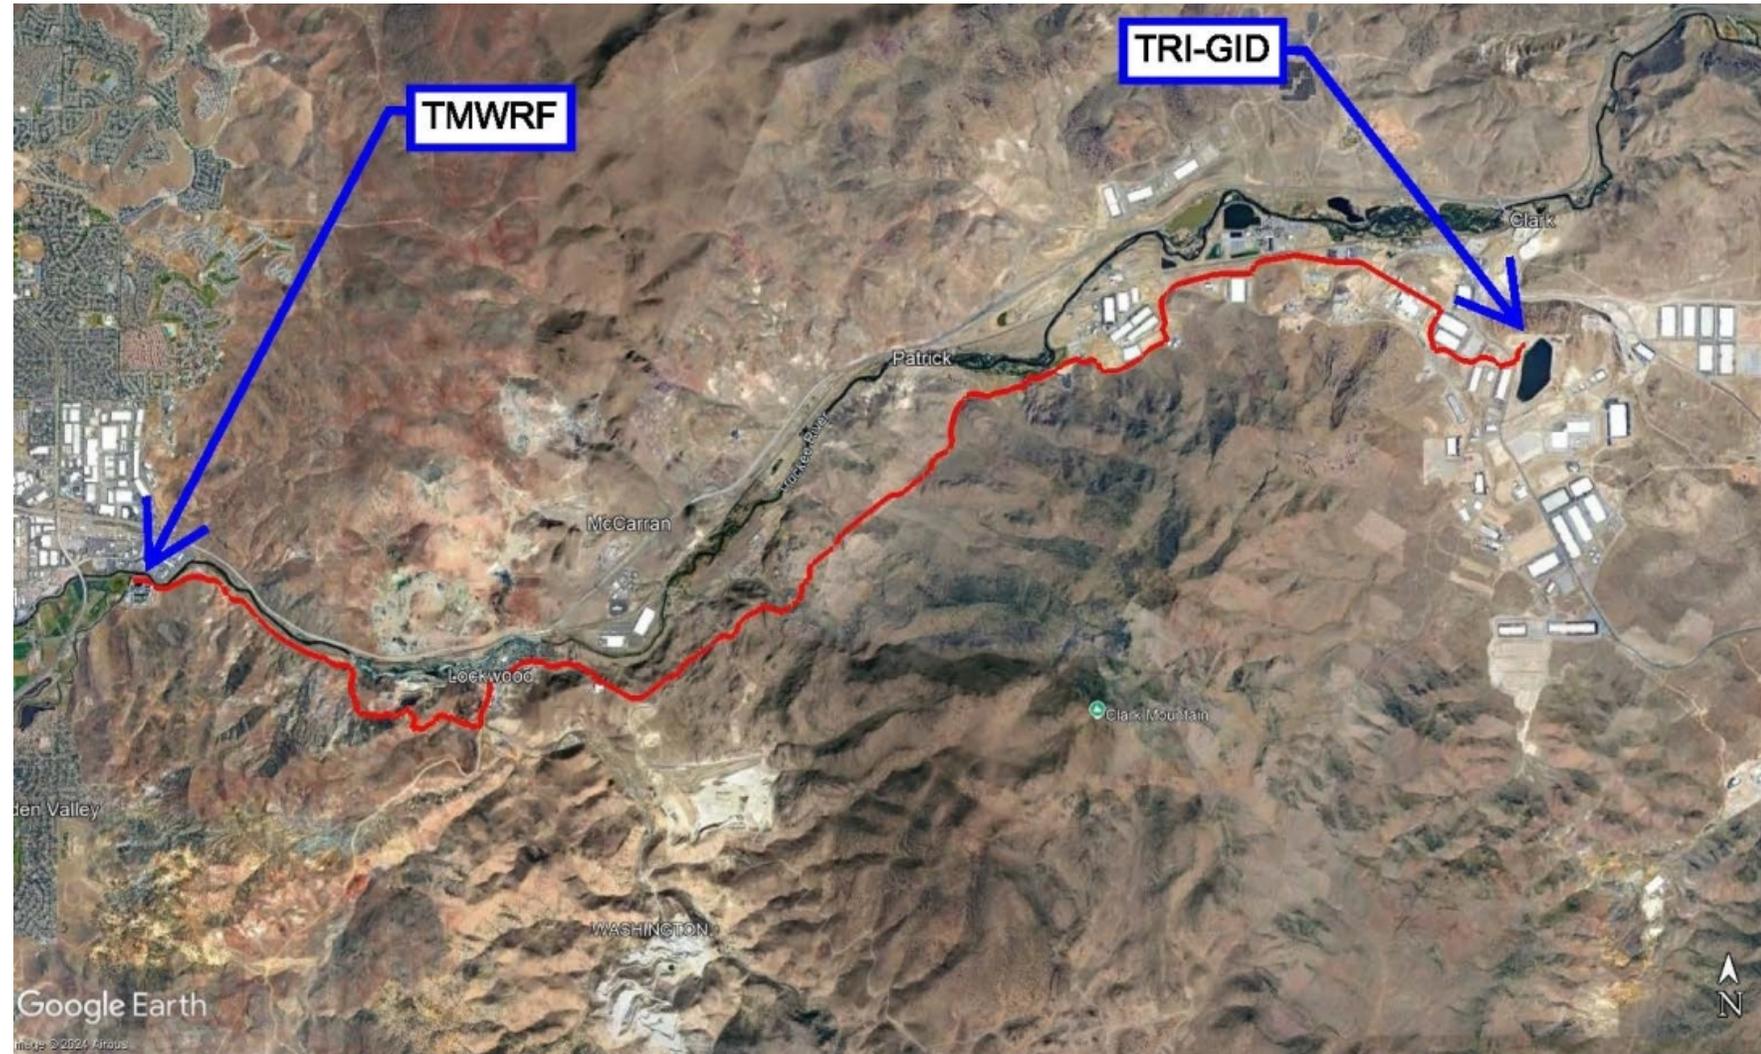

# What is the TRI-GID Pump Station and Pipeline?

- Effluent Agreement Approved
  - September 2017
  - Stipulated rate study and rate establishment
- TRI-GID constructed/funded infrastructure
- Benefits TMWRF (COR/COS)
- Portion of infrastructure operated and maintained by TMWRF

# Pipeline

- 16 miles
- Maintained by TRI-GID

# TRI-GID Rate Setting

## What This Item Is...

- Rate establishment between COR/COS and TRI-GID
- Rate per 1,000 gallons
- Rate based on cost to maintain/operate infrastructure

## What This Item Is Not...

- Construction project
  - Infrastructure already in place
- Cost to the City
- Commitment to future funding
- Revenue source

# Recommended Motion

I move to approve agreement with the City of Sparks and the Tahoe Reno Industrial General Improvement District to establish the rate to provide treated effluent from the Truckee Meadows Water Reclamation Facility to the Tahoe Reno Industrial General Improvement District.
