24.1. All claims, counterclaims, disputes and other matters in question between the CITY and the CONSULTANT arising out of, or relating to, this contract or breach of it, unless otherwise settled, may be mediated before initiation of a judicial action.

24.2 Unless the parties mutually agree otherwise, mediation will be in accordance with the Commercial Mediation Procedures of the American Arbitration Association currently in effect. The American Arbitration Association will not be used to administer or facilitate the process or the selection of the mediators. Instead, the parties will attempt to mutually agree to the appointment of one mediator. If the parties cannot agree to one mediator, each party shall select one mediator and the two mediators will appoint a third mediator. The parties agree to split the mediator(s) fees and expenses. Each party shall bear their own

26. Severability.

26.1 If any provision contained in this Agreement is held to be unenforceable by a court of law or equity, this Agreement shall be construed as if such provision did not exist and the nonenforceability of such provision shall not be held to render any other provision or provisions of this Agreement unenforceable.

27. Due Authorization.

27.1 Each party represents that all required authorizations have been obtained to execute this Agreement and for the compliance with each and every term hereof. Each person signing this Agreement warrants and represents to the other party that he or she has actual authority to execute this Agreement on behalf of the party for whom he or she is signing. Proposal

Re: California Building HVAC

Dear Kyle:

Thank you for the opportunity to provide the following professional services proposal. This letter is intended to set the terms between the City of Reno and CR Engineering for the above project. It is to define the project scope and fees.

Project Description

Design of a new HVAC system for the historic building. It is our understanding that the City of Reno has contacted the Statewide Historic Preservation Office (SHPO) and they have verbally approved placing mechanical equipment behind the building with exterior ductwork visible.

The boiler, hot water radiant heaters, hot water unit heaters, evaporative cooler, exhaust fans, and ductwork are to be removed. Some heating hot water piping will be abandoned in place.

The proposed system will be based on the following:

- Heating and cooling packaged unit to serve the meeting hall. Unit will be located on grade behind the building and will be fenced to discourage vandalism and screen from view. Supply ductwork shall be located in the attic space (not visible in the meeting hall) if possible. If not, then ductwork will be exposed to view.
- Variable Refrigerant Flow (VRF) heating and cooling for the west end office area and east end restrooms. Indoor units will be located in the walls to provide a radiant effect due to the lack of exterior wall insulation.

Notes:

- The current electrical service is 240V/1 phase. A new 208V/3 phase electrical service will be required to power the new HVAC equipment and modernize the building. We are proposing to locate the new switchgear in the mechanical room after the boiler is removed.
- NV Energy may provide a pole mount or pad mount transformer at the rear of the property. If a pad mount transformer is placed, a trench will be required the back lawn and patio area (in the decomposed granite). We do not anticipate the need for a civil engineer to create a site utility or grading plan – the new underground will be shown on a electrical site plan with NV Energy required details.
- The roof mounted exhaust fans will be removed from the building as part of the HVAC project. The roofing and roof joist infill will be completed as part of the roof replacement project.
- Walls, ceilings, and roofing will be patched to match existing conditions were impacted by the installation of equipment, duct, piping, and conduit.

- The north exterior wall may not have sufficient shear resistance once duct penetrations are added. We have assumed for the purpose of this proposal that the duct penetrations can be sized and located such that major wall reconstruction will not be required. If it is determined that significant structural work will be required, we will bring it to the City of Reno's attention. Additional structural design work will be negotiated at that time.

Budget Cost

The estimated construction budget for the project is \$800,000. Estimate includes mechanical, electrical, structural, and architectural costs. It does not include engineering fees, hazardous materials abatement, and permitting.

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Names of Additional Insured Person(s) or Organization(s):

Any person or organization that you agree in a written contract to include as an additional insured on this Coverage Part, provided that such written contract was signed and executed by you before, and is in effect when the "bodily injury" or "property damage" occurs or the "personal injury" or "advertising injury" offense is committed.

Location of Covered Operations:

Any project to which an applicable written contract with the described in the Name of Additional Insured Person(s) or Organization(s) section of this Schedule applies.

(Information required to complete this Schedule. if not shown above, will be shown in the Declarations.)

A. Section II -Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage", "personal injury" or "advertising injury" caused, in whole or in part, by:

1. Your acts or omissions: or
2. The acts or omissions of those acting on your behalf.

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring, or "personal injury" or "advertising injury" arising out of an offense committed, after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

d. **Primary And Non-Contributory Insurance If Required By Written Contract**

If you specifically agree in a written contract or agreement that the insurance afforded to an insured under this Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such insured which covers such insured as a named insured, and we will not share with that other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal and advertising injury" for which coverage is sought is caused by an offense that is committed;

subsequent to the signing of that contract or agreement by you.

5. Premium Audit

- a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.
- b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.
- c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

- b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.
