Explain briefly why you would like to be appointed to this board or commission.

As an artist, educator and curator in Reno, I have a strong investment in the local arts community. My work here - including as the recipient of a Nevada Arts Council Project Grant - has shown me firsthand how important the Commission is to supporting art in Northern Nevada. It has been exciting to see the Reno arts community continue to grow, and I would love to bring my passion and energy to the Commission's essential work helping art thrive here in Northern Nevada. I think I would be an asset to the Commission. I have an active exhibition record and curate shows for local artists while educating the next generation of makers at UNR. Through that work, I have seen the enormous assets we have here, as well as the challenges that local artists face.
