Community Health Alliance efforts in our community are instrumental in ensuring that everyone, regardless of their financial situation, age, ethnicity, nationality, religion, gender, citizenship, or disability status has access and receives the care they deserve. Nevada ranks among the worst in overall health, high rates of uninsured individuals, disparities in healthcare access, and chronic health issues contribute to this statistic. City of Reno is ever-growing and it is important that we allow programs/institutions to also expand in order to serve that growing community. Thank you for making a positive impact on the health and well-being of our community.

Hello, I am a Long term resident of Reno Nevada and proud patient of CHA. I am commenting in support of agenda item B-10. The funds invested by the city to CHA will allow more than 3,000 patients to be seen and will increase our health equity across our neighborhood's. CHA serves patients from diverse backgrounds and as a first generation American, it is empowering to see a clinic resemble the community they serve and be able to get care in their native language.

I am out of town so cannot attend the meeting in person. However, I am strongly in favor of the Reno City Council supporting B10. Community Health Alliance is a leading nonprofit healthcare provider in our community for those on Medicaid and Medicare. Community Health Alliance serves nearly 4,000 patients at the Nell J. Redfield Health Center on Neil Road, with almost 50% being children and seniors. It's worth noting that nearly 70% of these patients fall below the poverty level, making their services crucial for the community. Community Health Alliance has been operating the Nell J. Redfield Health Center on Neil Road since 2012. It needs to be expanded in order to serve an additional 3,600 patients. The funding is also essential so that Community Health Alliance can provide behavioral health services, a prescription food pantry and a pharmacy. A "one-stop" health care center that provides all the health care a patient requires.

About Community Health Alliance

With a mission to create healthy outcomes for patients of every income, Community Health Alliance operates six health centers and serves nearly 29,000 patients throughout Reno and Sparks. We offer a comprehensive range of medical services, dental and pediatric care, behavioral health, WIC, low-cost pharmacies, nourishing food pantries, and more.

History of the Nell J. Redfield Health Center on Neil Road

The Nell J. Redfield Health Center on Neil Road is located at Miguel Ribera Park, next door to the Neil Road Recreation Center. This facility is centrally located near a high concentration of multi-family units, single-family rentals, apartments, and condos. Notably, the Nell J. Redfield Health Center on Neil Road, along with our Sparks Health Center, are the only two health centers currently in northern Nevada that are within walking distance from public housing.

The City of Reno has owned this site since 1991. In 2000, Saint Mary's began providing services at this location. Community Health Alliance took over operations in 2012 when Saint Mary's Mission Outreach and HAWC merged. The City of Reno continues to own the building where the health center is located, and Community Health Alliance operates the health center that provides primary medical care to nearly 4,000 patients in the area.

While Reno and the Neil Road neighborhood have grown significantly over the last 20 years, the health center has not been able to keep up. It has long been running at full capacity, meaning that as demand continues to increase, it takes longer and longer for patients to get in to be seen. Additionally, we have been able to add services at other locations, such as behavioral health, but are not able to do so at Neil Road due to a lack of space.

Opportunities

With a \$5 million commitment from the City of Reno, we are thrilled to announce plans to expand this location, aiming to better serve our community's healthcare needs.

Features of the expansion include:

- On-site behavioral health services, pharmacy, and prescription food pantry
- Two additional full-time medical providers, allowing us to serve an additional 3,600 patients.
- Additional exam rooms, from 10 to 14.

CONSTRUCTION & FURNISHING BUDGET

In addition to the expected \$4,440,730 in construction costs, we estimate that it will cost approximately \$982,000 to furnish and outfit the Nell J. Redfield Health Center on Neil Road. This figure was determined by using our budget for the relocation and remodel of our Nell J. Redfield Health Center in Sun Valley, completed in August 2022. This budget includes inflation costs.
