**Hi, my name is Andrea Phillips and I'm a broken in climan quest Road my horse undressed arrange and now I'm in South Reno. I live on South Meadows and I've been involved with the Wildhorse connection and I wasn't aware of the problem. And so I've gone out on calls where there's you know, 8 horse is going both ways on toll road or Geiger. And you know, you're trying to hurt these Pookie horses around people that are popping their horns, and I'm just surprised it's nobody's acted on it. You know, you are driving late at night on one of these roads and you have a dark horse run of you. Horse is going to die. The people will be severely injured if not dead and perhaps it's a family. I mean, I would think that would be enough in Eules according to all the we've already had a car versus Force do to get this thing up make it safer for all of us to live here and loved Wild Horses. There are precious precious part of our community and we need to protect them because all the developments at 5 certainly seeing here in the last 50 years. So I really appreciate you taking this into consideration of all of it safe and I've been a trauma nurse and I Car accident you so you would avoid those at all cost. Alright. Thank you very much. Goodbye.**

# City of Reno Public Comment Form

Please click the following link to view today's agenda [www.Reno.Gov/Meetings](http://www.Reno.Gov/Meetings)

Complete this form to register to speak or provide written comments on an item to be discussed at a **Reno City Council meeting**.

If you would like to submit public comment for a **Reno Planning Commission meeting**, please use the form available at [www.Reno.Gov/PCPublicComment](http://www.Reno.Gov/PCPublicComment).

Thank you for participating. We know your time is valuable and we look forward to hearing your comments, ideas and questions.

Per Reno City Council Rules (Res. No. 8771 sec. 6.3 & 7.3), those who register to speak will be called by name in the order in which they registered. Public comments are limited to three minutes each. Comments should be addressed to the council as a whole, not an individual member. The Mayor and Reno City Council request that all comments are expressed in a courteous manner.

All information provided on this comment card is public information and may be disseminated.

Members of the public may participate in the meeting without being physically present by submitting public comment using the form below, emailing [publiccomment@reno.gov](mailto:publiccomment@reno.gov), or by registering to participate live via Zoom.

PLEASE NOTE: Comments received after 4:00 p.m. the day before the scheduled Reno City Council meeting will be included in the record in closing public comment. You are encouraged to send in your comments early to allow for distribution to the Reno City Council for review.

Your Name (First and Last) \*

Amanda Bouse

If you are representing someone other than yourself, please indicate who you are representing.

## Council Meeting Date \*

MM DD YYYY

03 / 27 / 2024

## Agenda Item \*

To register for opening general public comment not related to a specific agenda item, please enter item A.3.

For closing general public comment or a specific agenda item, please view today's agenda at [www.Reno.Gov/Meetings](http://www.Reno.Gov/Meetings) for the appropriate item number.

Funding for fencing for horses in south reno

## Do you wish to speak in person at the meeting? \*

☐ Yes (Check-in with the City Clerk upon arrival)

☒ No, written comment only (please submit your comments in the field below)

## Your Comment (if you are speaking, it is not necessary to complete this field)

I am a resident of South Reno and have been advocating for additional fencing for the horses in our area . We have witnessed first hand the devastating outcome with vehicle / horse related accident on our roads. . We can live in harmony with our beautiful horses with additional resources like diversionary feeding and additional fencing. This funding would give our residents the much needed confidence to drive our roads without fear of hitting or killing these majestic animals. Please , I ask our council to pass additional funding for fencing so that our residents both human and horse can exist peacefully. These horses are here and belong here but they need protection and it is our responsibility to create measures for their safety. They are worth it. Thank you

**Subject:** Cold spring valley info

Dear planners,

Another three quality of life issues that kinda get addressed, but please take a moment to listen to the sound in the valley and look at the night views while in the valley. The water for the well to the original section is on your land and we absolutely do want to change to tmwa.

Go sit in quiet near blackbird and sandpiper on a good acoustic night, like one last week. You can hear conversations blocks away. I have heard kids at the skate park. Not the words, but the general back and forth, the wheels on concrete. The laughs, the busses.

We have already heard the sound effects of fencing both sides of village pkwy. It is a concentrated volume of sound from normal traffic. The amount of traffic is fine. It is the design of road, fence, nature, and the noise gods creating a cacophony of motorized mayhem. (Yeah, I got to use cacophony!! Very seldom is a noise summed so perfectly)

The water is getting more mineral concentration. Just do you know. Please help us by having standards that forbid further distortion to the geologic and human water balancing act. It runs like a wide swinging pendulum in cold springs.

We have seen how basins are broken, but it has been very hard to promote the understanding that there just might be finite resources. Changing things in a small area like cold springs has large impacts and you are now occupying ground zero. Don't let blustering blowhard forcibly convince you there way is the only way or they will sue you. There is a logical way based on basic observation. It is small. Not going to get monitored until you have a problem in one of your donated parks. Don't be bullied.

Now the night sky. Reno has good views. It is not until you come out to cold springs that you really can see the impacts of Reno proper's growing light pollution.

I look for Reno's direction from my house to Anderson Hill area. I look for Reno direction from friends homes so I may reorient myself in the stars. I can spot the way to Reno.

It grows brighter every couple years. Oh, as you develop Red Rock please keep that I'm mind too.

I can see the glow of Reno's light pollution. PLEASE FEEL FREE TO MAKE YOUR PROPERTY ANNEXATION HAVE THE FULL NIGHT DKY PROTECTION.

please be sure to enforce those hooded lights. They really do cut the pollution!!!! Drive over the hill one night when water is calm on the lake. The colors of the casino, the corner store on the lake side

Drive out one night and stop by Heinze Ranch sign. The truss company has lights to communicate with the space station. I hope their security issues are dealt with someday and they come back to reality. Don't get me wrong, some nights those lights reflecting across the one inch of still, clear lake water will take your breath away.

Now, please help plan structures to complement that view. That is the last view before hitting the Cali border. The last view for visitors.

The whole next area is open space California. Keep it crisp, clean, pleasant. Remind them WHY Reno is better. The respect for humans and their mental, physical, social, environmental health. That is what drew

me to cold springs. You can really profit on that image!!!

So back to night sky. You can see the streets by 711, by Nancy gomes, by the two aspen streets. Some even seem weirdly bright once you get comfortable .

The new areas are pretty good with light pollution, but many thought they were buying city property. I have observed that when told they are actually county, they live on culdesacs that are low snowplow priorities in winter, then a sigh of understanding and, later, a new calm appreciation has been seen. That's really why you bought so far out now, wasn't it.

Back to the lights. Now that there is a large volume of lights, and the fact they are a higher elevation has created a weird glow at times.

So now you are back by blackbird. Can you find the way to reno? Look to the peavine antennas, then down and left a bit. Yes, that bright glow is reno. So don't let Redrock make it worse please.

Well it is 432 am and I get to take a neighbor over to Spanish Springs to the dentist in a few hours. Do I begrudge that? No. Cold springs is too far out for that. Stead and lemmon are close enough. Shopping, lemmons getting too crowed to go on, so let's just go a bit further to winco down on mccarran. I do wish we had a becki Masi store again out here. A feed and mini supply store was nice until it was no more. We have a food store for staples. The marts seem to get some decent fresh veggies in case of an energy salad for dinner.

What businesses , activites, housing, jobs, incorporate desert nevada , dry lake science and cycles, city rules, country distance and isolation.

Now it is 443. A.m. yuck.

Have a beautiful day.

Barb

## Moana Springs Inadequate Locker Rooms

JD McCrillis <JDM@greatcabinets.com>

Fri 3/22/2024 9:45 AM

To:Public Comment - CC <PublicComment@reno.gov>

Reno City Council, City Manager and Parks and Recreation Director;

I can not state in a more urgent manner the absolute need to increase the floor area, lockers, and bench seating space in the private changing area of the Moana Springs pool. Based on the type of usage that will without doubt happen at this facility and the usage this area WILL see in its daily use; the current plan is severely inadequate.

Obviously, this will delay completion of the facility and come at a higher cost, but it's very urgent that you listen to the actual users' groups of this facility and make these improvements now, while it's still possible. The safety of our children and the lasting future of this facility is more important than a quick and flawed finish.

Please make this commonsense change TO Make Moana Better!

## Funding for the Virginia Range Fencing meeting March 27, 2024

JODY RIGLESBERGER <jojonewberry@sbcglobal.net>

Sun 3/24/2024 7:58 PM

To:Public Comment - CC <PublicComment@reno.gov>

Hi,

I am writing to you about the city of Reno budget funding for the second phase of the Virginia Range horse fencing.

I am a resident of South Reno in Damonte, and I have lived with the horses close by for several years now. I know of the problems they create living amongst us all and it is a bad situation for all concerned. Losing 6 horses in 6 weeks time in October and November 2023 was pretty bad!

They have been here long before humans and they are not going anywhere. Reno and Sparks areas have been expanding more and more each year, and that is not going to change any time soon.

The only fair and humane solution is to fix the fences that are there and build a boundary wall all around the Virginia foothills between the range and urban development. These horses deserve to live in a safe environment away from the city's dangerous traffic.

When these developers come in to start building, are they keeping the wild horses in mind as they are excavating? We are running out of open spaces that the horses reside in and developers are moving in on.

Can we work together and share this land with our beautiful horses.? Yes, I believe we can! But we need your help.

We need these fences to save not only the horses lives, but people's lives as well. We could set up a community wide volunteer group to work together and fix and build new fencing to keep everyone safe now and in the future.

Thank You Councilwoman Duerr for all your help with your efforts to get these fencing plans to come together and see them through. And thanks to the city of Reno for incorporating the new development standards going forward that are specific to our beautiful horses that a majority of the community cherishes.

Thank You,

Jody Perkins

Your Comment (if you are speaking, it is not necessary to complete this field)

March 24, 2024

TO: All Reno City Council members

My name is Kay White. I live in Damonte Ranch in The New Edition Development

I want to thank Councilwoman Duerr for her continued efforts in putting fencing plans together for our area to protect our wild horses from the ever growing population and busy dangerous street traffic. We appreciate the city incorporating new development standards that take the horses into account. The fencing between the range and urban development is the answer to keep the horses off the street and both traffic and horses safe. The majority of the residents love the Virginia Range horses and truly want to see them protected and safe from speeding cars, especially during the night with our dark skys. The city has been working on this for several years, at least the 6years I have lived here. The fence funding is the key to saving lives of both horses and drivers.

- I am asking the City considers allocation of ARPA and city budget funding, please allocate the needed funding for the completion of the second phase of the Virginia Range horse fencing to once and for all separate the range from the fast growing community.

Thank you for the City Councils time and serious considerations in funding this important issue for the community's and Horses Safety. The Wild Horse Connection works so hard to try and move the horses to safety when they enter the street but the volunteers are continually putting their lives in danger with the extreme increase of cars and new development. This fencing would be saving their lives and the impatience drivers frustration as well. WE TRULY NEED IT MORE THAN ANY OTHER PROJECT BEING CONSIDERED .

A new comment has been submitted for the Reno City Council Meeting held on: 2024-03-27.

### Section:

General Opening Session Comment (unassociated to an agenda item)

### Item:

A.3.

### Position:

No position stated - Concerned or Neutral

### Are they speaking in person?

No, I am submitting a written comment only.

### If no, comment:

On behalf of the Reno Jazz Orchestra, I would like to thank the City of Reno for the 2024 Event Grant that helped with funding towards our 25th annual Jazz in the Schools Event. This year's event was on Saturday, February 10th at the University of Nevada, Reno. We welcomed a record number of over 400 student performers and 18 local jazz ensembles. Performances were held all day in 2 performing halls. Our nationally recognized clinicians received great feedback from band directors and students. All in all, it was another great event that helps to build a positive music community with collaboration with the UNR music department. The City of Reno Event Grant helps to ensure we can continue to hold this event annually.

### ACKNOWLEDGEMENTS:

# City of Reno Public Comment Form

Please click the following link to view today's agenda [www.Reno.Gov/Meetings](http://www.Reno.Gov/Meetings)

Complete this form to register to speak or provide written comments on an item to be discussed at a **Reno City Council meeting**.

If you would like to submit public comment for a **Reno Planning Commission meeting**, please use the form available at [www.Reno.Gov/PCPublicComment](http://www.Reno.Gov/PCPublicComment).

Thank you for participating. We know your time is valuable and we look forward to hearing your comments, ideas and questions.

Per Reno City Council Rules (Res. No. 8771 sec. 6.3 & 7.3), those who register to speak will be called by name in the order in which they registered. Public comments are limited to three minutes each. Comments should be addressed to the council as a whole, not an individual member. The Mayor and Reno City Council request that all comments are expressed in a courteous manner.

All information provided on this comment card is public information and may be disseminated.

Members of the public may participate in the meeting without being physically present by submitting public comment using the form below, emailing [publiccomment@reno.gov](mailto:publiccomment@reno.gov), or by registering to participate live via Zoom.

PLEASE NOTE: Comments received after 4:00 p.m. the day before the scheduled Reno City Council meeting will be included in the record in closing public comment. You are encouraged to send in your comments early to allow for distribution to the Reno City Council for review.

Virginia Range Horse Fencing

## Do you wish to speak in person at the meeting? \*

☐ Yes (Check-in with the City Clerk upon arrival)☒ No, written comment only (please submit your comments in the field below)

## Your Comment (if you are speaking, it is not necessary to complete this field)

I'm asking that the city allocate the funding for completing the second phase of the Virginia Range horse fencing. I live off of Toll Rd, and horses routinely are in my neighborhood. This is dangerous for the humans and it's dangerous for the horses. As an example, I was backing out of my garage one evening, and as I was swinging around to the street, there were 3 horses standing there. They are almost invisible and I came very close to hitting one. Our streets and yards are covered in horse droppings. This isn't pretty and it isn't hygienic. There is a small county park in our neighborhood (Bailey Creek Park). The horses either jump the fence or people are letting them in. I've seen up to 15 horses inside the park, and once they're in, they can't get out unless they jump the fence. They cover the grass in their droppings, it is very bad. There is less than a yard between the droppings, and the entire park is covered. It takes 2 park workers an entire day to clean it up. This is a terrible waste of time and money. The problem is only going to get worse. I respectfully ask that you please provide the funds to finish the fence. We really need this.

General public comment

## Do you wish to speak in person at the meeting? \*

☐ Yes (Check-in with the City Clerk upon arrival)

☒ No, written comment only (please submit your comments in the field below)

Your Comment (if you are speaking, it is not necessary to complete this field)

My name is Shannon Hill. As the City considers allocation of ARPA and city budget funding, please allocate the needed funding for the completion of the second phase of the Virginia Range horse fencing to once and for all separate the range from the fast growing community.

I am a member of Wild Horse Connection and Technical Large Animal Rescue teams who volunteer 24/7 365 days a year to help try to keep the public and wild horses safe. I have been witness to too many vehicle horse collisions along Veterans Parkway, Toll Road, and the surrounding communities that result in damage to vehicles, possible injuries to the occupants, and often time death for the horse(s). Through years of hard work and collaboration a solution is now within reach.

As the City continues to grow, we simply have to have a fence line boundary between range and urban development. This fencing is the answer, and then the horses on the street problem goes away.

Thank you to Councilwoman Duerr for her tireless efforts to put these fencing plans together and see them through. Thank you to the City for their work in incorporating new development standards going forward that are specific to the Virginia Range horses.

The City and stakeholders have been working together for a solution for several years now, and we are in the final stretch if this fence funding can be secured. It will be a shining moment for Reno!

Thank you for your time and consideration.

## Your Comment (if you are speaking, it is not necessary to complete this field)

Please support allocating funding to Councilwoman Duerr's fencing plan for the wild horses. I have lived in the Double Diamond area for 20+ years and watch as the development of neighborhoods have grown with no protection provided by the developer for the horses not to enter unsafe areas. Not saying they were wrong but since it was not required by the city then why should they. So please support this very important project. You will be heroes to many.

**Hi. I just wanted to thank the deputy mayor of Reno. She seems so nice and and compassionate in dealing with the homeless population of your city. I think it's still nice, and I wish other cities big cities would take and you know, consider the homeless by finding them shelter and then working on the root causes that seems like a very responsible thing to do and who the City of Reno should be congratulated for it. Thank you. Bye. Bye.**

**Hello, Reno city council. It is March 21st, Thursday, 2:45 p.m. There are people riding scooters down by the river and they are breaking the law. Just thought you might want to know that you allow the City of Reno allows people to ride those scooters, which the city makes money off of each ride that made about 150000 so far and they allow people to break the law. It's really crazy. If I ride my bicycle. I have to follow the law. But if you ride the scooters, you don't have to follow the long as you guys are in bed with bird. It's really disgusting. We should probably not be such a z. people to get into bed with but it's there's people breaking the law on your city and you don't care. So have fun with that one. You horrible managers, you are not L. You are like McDonald's fry cook level managers. They should probably be resign because we need to actually get people in there who want to do the right thing for the right reasons and not people who just want to get paid heavily like what it seems that your current crew once So prove me wrong and show me you care about the city and that would be wonderful.**

**Hey, Reno, Direct in Reno City management. Low level managers. Just calling to see if you guys are ever going to keep these scooters from blocking sidewalks. I know I haven't called in a while but I see you constantly. Do you not ever leave your fricking offices and actually know what goes on in your community or you back stupid or corrupt? I can't tell is it in competence or corruption or a bit a bolt? Their scooters Block in the sidewalks. The City of Reno is in violation of Citizen's rights. These are our rights to be able to move through the city without being stopped. It is a freaking constitutional right and estate right? So why don't you guys get with it? Cuz you're in violation of all of that. Plus you're providing micro Mobility for everyone except People with disabilities like myself. I can tried those pieces of s\*\*\* Norwood. I because I would never support company like bird, what you do and you get paid from it City of Reno is getting paid the**

**blocks. I guess you're trying to get me in my message, by the way in your message you say if I request a call back. I will receive one. I've requested a call back. Multiple times never received one you all are fucking liars and your violators of Human Rights. You guys should be ashamed of yourself. You should quit your job and go work somewhere where you don't flick this upon other people through your own actions. So get with it. Learn how to be a freaking human being because the only difference between you and sperm is that you both have a 1 and 1000000 chance of becoming human being of my God. Imagine match. Fix it. Stop violating our Wright City of Reno pieces of crap.**

**So my lovely Reno city council people on the corner of steel wood and McKee and Clear Acre Lanes still would is aligned with on the license unregistered vehicle. The people are living in Why don't you have them come to your neighborhood and park in front of your homes? We are the apartment complex across the way we have had just a drill for our gas. We have had our vehicles broken into every time I call Reno direct nothing is done. There is a gentleman in a huge motor home that puts his fecal and urine matter in the bushes. I've watched him do it and you people do nothing nothing about this. Why don't you put some signs know 24 hour parking in our neighborhood. This is absolutely ludicrous. There's at least a dozen Vehicles lining this street from Sonic all the way to Clear Acre from the hub high school school all the way to Clear Acre no license vehicles. No registered Vehicles. There's a gold Echo no license plate with a dog that is constantly left in the vehicle. Nobody in there today. I go by there's an old lady in there. You people need to please do something. If you're our regional city council people and trying to make our city better find a place for these homeless vehicles to go for these people to live in not in our streets where our vehicles are broken into. Please do something now steel wood and Clear Acre Lane.**
