CONSULTANT:

A vertical strip of a cityscape from a game, showing various building styles and colors against a blue sky with clouds. The buildings are arranged in a vertical column, with different colors and window patterns. The colors include white, grey, blue, and brown. The windows are represented by small black rectangles with white borders. The sky is a light blue with white clouds. The overall style is that of a classic city-building game.

Architectural floor plan of the 20th floor. The plan shows a complex arrangement of rooms, corridors, and structural walls. A central vertical corridor runs through the middle of the floor. Rooms are labeled with numbers such as 2001, 2002, 2003, etc. There are several large open areas, particularly towards the right side of the plan. A callout box points to a specific area and contains the following text:
