Madam Mayor, fellow city council members, and Madam Clerk, in the interests of full transparency on Item B.9, I am disclosing that Jacobs Engineering Group, Inc. is a current client of my consulting firm, Taylor Made Solutions.

Here, Item B.9 seek approval of an Amendment to the Agreement with Jacobs Engineering Group, Inc. to extend Pilot Assistance Services for the Truckee Meadows Water Reclamation Facility Mobile Organic Biofilm Pilot Project for an additional \$42,500 and to extend the contract expiration date, for a total agreement amount not to exceed \$239,746. As such, I have been advised that that the independence of judgment of a reasonable person in my situation would be materially affected by my current contracts with Jacobs.

(ARPA funds) [Ward 3]

THIS ITEM WAS HEARD AFTER AGENDA ITEM B.4.

THIS ITEM WAS PULLED FOR DISCUSSION BY VICE MAYOR DUERR.

Nathan Ulliot, City of Reno Parks and Recreation Director, answered questions regarding funding for this item.

COUNCIL MEMBER TAYLOR PRESENT AT 1:51 PM

Mayor Schieve stated the Pembroke Flat Fields project has to be a public/private partnership and this agenda item is too premature to approve.

Vice Mayor Duerr discussed the deadline for ARPA money to be allocated and under contract. If Council does not approve this, the money needs to be open for reallocation immediately.

Mayor Schieve stated the only way the Pembroke project would come across the finish line is if there is a public/private partnership. She does not want to fund the design services until the parties get together and decide what it will look like. She wasn't comfortable approving this funding last time and does not think Council needs to spend this money.

Vice Mayor Duerr stated Council was told they have to do the design in order to get a cost estimate for the project. She asked staff to confirm if that is true and if they are at risk of losing those dollars.

Khalil Wilson, City of Reno Public Works Assistant Director, confirmed they have to get the final design complete to know what the phasing plan will be for the project. The intent was to work with a partner in order to go out and raise funds.

Mayor Schieve asked what happens if a partner comes in and wants to change the design, and has staff brought that partner in on this conversation.

Mr. Ulliot confirmed they did speak with the perceived partner groups in town to let

them know that this is the way we are going and they are supportive of getting to a final design so we have a real number.

Mayor Schieve stated she would encourage the Council to hold off on this for two weeks.

Council Member Ebert stated we are limited by finances so it is wise to hold off and see what kind of partnership we will get.

Discussion on the motion:

Council Member Martinez stated he does not think that holding off on this for two weeks will get us any closer to the project if we don't approve these funds. Some partners might be more hesitant to join us if we don't know what the cost will be.

Mayor Schieve stated when you don't have the money to do a project and you go out there and complete a design study, that study sits on the shelf for a long time and years later it is no longer valid because the costs go up.

THIS ITEM WAS HEARD AFTER AGENDA ITEM B.11.

THIS ITEM WAS PULLED FOR DISCUSSION BY VICE MAYOR DUERR.

Vice Mayor Duerr stated this item had to be pulled so the budget augmentation could be addressed.

Council Member Ebert stated she is hesitant to use this specific fund for the trash cans because it is the fund we use for emergencies. She expressed concern that the funds may be needed this winter if there is flooding in the North Valleys.

Jackie Bryant, Reno Interim City Manager, explained that Swan Lake is a Washoe County property and they are responsible for flood mitigation. City of Reno is responsible for Silver Lake and if there were a flooding event there, Maintenance and Operations has Hesco barriers available.

MAYOR SCHIEVE ABSENT AT 6:43 PM
MAYOR SCHIEVE PRESENT AT 6:48 PM

Vice Mayor Duerr discussed the need to maintain the original conditions related to providing alternative water access for wild horses.

Garrett Gordon responded providing information regarding why they cannot provide access to water for the horses, including information from the Department of Agriculture and Reno law related to water rights.

Ms. Piccotti confirmed for Mayor Schieve that this meets all of the Reno Municipal Code criteria.

Ms. Piccotti explained that in 2019 Reno legal counsel recommended removing the requirement related to water for horses from the PUD handbook.

There was discussion regarding the history of the issues related to watering wild horses.

Before making a motion, Council Member Martinez confirmed with Legal Counsel that it is still their recommendation to remove that from the PUD handbook.

Discussion on the motion:

Mayor Schieve asked legal counsel to put on the record why that is their recommendation.

Jonathan Shipman, Assistant City Attorney, explained that we do not have the rights to that livestock and we cannot require a third party to water feral livestock when it is in violation of state law.

Council Member Brekhus stated that a few issues like the horse issue really demonstrate the last 12 years of poor planning by this City Council. She discussed issues related to the planning being developer driven and the need to correct some of the mistakes that have been made.

Council Member Ebert will be a no on the motion because it is important to support the PUD we put in place and follow through on things in the original PUD.

Vice Mayor Duerr cannot support the motion and read into the record the findings she cannot make.

Bill No. 7278 was referred for a second reading and adoption.

There was discussion and questions regarding plans for parking here and whether the city should approve the abandonment or keep it and provide parking.

COUNCIL MEMBER TAYLOR ABSENT AT 8:38 PM

Jonathan Shipman, City of Reno Assistant City Attorney, expressed concern with the suggested motion given that this agenda item is a straight abandonment.
