Name of Board or Commission for which you would like to apply: (Required)
<p>*</p> <p>Reno Arts and Culture Commission</p>

Explain briefly why you would like to be appointed to this board or commission.

I believe that incorporating art and culture into the community has a major impact on community health, inclusivity, pride, history and beauty. As a Registered Landscape Architect, I would love to provide my design experience and knowledge in public space layout design, hardscape materials/ color usage, etc. to help the Reno Arts and Culture Commission and City of Reno residents and the in any capacity to further the inclusion of Arts and Culture into the fabric of the city.

In addition, our firm, Lage Design, has and is currently working on several roadway projects designs with NDOT and RTC that includes visual art and structures that reflect the history, culture and beauty of Nevada. These projects have provided me with a great opportunity to work with government staff, tribal members and communities that are adjacent to these projects. A great example of this is located at the intersection of E. 2nd Street and 395. This was a great project that included the coordination with local artist, the Reno/Sparks Indian Community, and the City of Reno to develop a design that honored the RSIC culture and provided beautiful artistic elements for the public to view.

If selected, I look forward to working will stakeholders and the public to continue to promote and inclusion of art and culture throughout the City of Reno.

As a side note regarding my voting registration, I have recently relocated from Arizona to Reno this past July and will be obtaining my driver's license and updating my voting registration on Oct. 22 with the DMV.
