Neighborhood Advisory Board – Ward 5

Explain briefly why you would like to be appointed to this board or commission.

Reno is a fabulous place to be. While it has changed over the years, all change to me represents opportunity. In the 1990s, I worked with the original Downtown Improvement Association, with Bob Rusk at the helm. During that time I also was directing the Great Reno Balloon Race with what was then Olsen & Associates. All of this work was reinforced the value of public involvement to me. After moving around with my partner in the Army for about 15 years, I have observed the nuances of many communities and have no misgivings about the variety of challenges that communities face. No community has everything figured out-- What differentiates communities is how its citizen's answer these challenges.

After retirement from service in 2018, we moved back in 2019. Reno has always been home and always will be. Part of my intention coming home was to get once again involved with the community. Through my profession as a communication planner, my work addresses some key community issues, with water being one of those. Through this work, I am informed about what factors into regional planning and recognize the importance of referring to regulations and codes when forming an opinion. With this personal and professional experience in consideration, I would like to be appointed to help foster well-reasoned and balanced perspectives into any discussion at the Ward level.

Relevant Education or Training

I currently am serving on the Zoning Advisory Committee for Washoe County School District. I have a Master's Certificate in Organizational Leadership. I am understand how to interpret public sentiment with data.
