COUNCIL MEMBER ANDERSON ABSENT AT 3:37 PM  
COUNCIL MEMBER ANDERSON PRESENT AT 3:40 PM

Council Member Ebert had questions regarding changes to Industrial Development, particularly with regard to energy use requirements for data centers.

Ms. Fuss explained that NV Energy is completely unregulated by the City of Reno. NV Energy has a backlog of around 20 data centers that have shown interest in coming to Reno and they have tools in place to say if they don't have the ability with today's transmission lines to serve them. From a zoning code land use perspective, we have no control over that.

AGENDA ITEM D.5 WAS HEARD AFTER THIS ITEM.

It was moved by Devon Reese, seconded by Kathleen Taylor, to refer, with the additional language presented by staff.

Naomi Miroglio, Architectural Resources Group, gave the presentation on the Historic Structures Report and Concept Design and answered questions from Council.

There was Council discussion regarding the Lear Theater history.

Megan Berner, City of Reno Arts and Culture Manager, gave the staff presentation and answered questions from Council. The presentation included potential options and estimated cost ranges, as well as the Historical Resources Commission (HRC) recommendations.

There was discussion regarding the options for the Lear Theater, including the historic significance of the building and the funding challenges that would need to be addressed if Council decides not to sell the property.

Ashley Turney, City of Reno Assistant City Manager, responded to discussion and feedback and explained there are significant covenants on the building that will restrict the use in the future. She also explained the need for a market analysis to determine ongoing operation and maintenance feasibility.

After further discussion, Ms. Turney suggested putting this into the property plan that will come to Council in the spring. Staff will also bring the RDA1 and RDA2 Capital Improvement Project Plan to Council in the spring and that would be an appropriate time for Council to say this is an important project to be considered when the funding is available.

Ms. Turney confirmed with Legal Counsel that she has sufficient direction and a motion is not needed.

RECESS AT 5:21 PM  
RECONVENE AT 5:30 PM WITH COUNCIL MEMBER DUERR ABSENT

Discussion on the second motion for Agenda Item E.2:

Council Member Ebert stated I understand the need to have safety in these areas and I understand the issues the business owners are dealing with related to fires and vandalism, and I understand the need to keep the river clear and safe. I just think we should be finding a better path for this. I don't think arresting people is the right choice, and I know those are the tools that Chief Nance has at her disposal, but I can't support this because I feel like these people should be put into services and not potentially in jail. I know this will pass regardless of what I say, I just want to symbolically say that I think we should be looking for ways to make it so that people have to take services rather than just say we are going to arrest you.

Mayor Schieve asked Chief Nance to clarify the process in response to the comment that people would be arrested instead of getting them into services.

Chief Nance explained the goal to get people into services.
