Explain briefly why you would like to be appointed to this board or commission.

I have been a resident of Reno/Washoe since 1980, with 30 years in the Nevada National Guard. I have seen Reno grow and now I would like to give back to the city applying the numerous skills I have acquired along the way. As a proven strategist for the military, I have vast experience in Lean Six Sigma, Malcolm Baldrige, Human Capital Management, logistics, and Emergency Management, which includes Chemical, Biological, Radiological, and Nuclear. I understand the value of proper planning and development. Additionally, I have served on a number of non-profit boards, which include Builders Association Charity, Nevada Area Council Boy Scouts Learning for Life, National Guard Association of the United States, Nevada Military Support Alliance, and a variety of others. I feel that all of my experience in the community and public service give me a unique ability to add value to the planning commission.
