NOTICE OF PUBLIC
HEARINGS

NOTICE IS HEREBY GIVEN that the City Council of the City of Reno will hold the below listed public hearing in the Council Chambers of the Reno City Hall, One East First Street, First Floor, on March 27, 2024 commencing at the time indicated.

6:00 p.m. – LDC24-00029 (Reno Axe)
Appeal of the Planning Commission's decision to approve a request for conditional use permit to allow an existing indoor recreation and bar use to operate live entertainment activities between the hours of 11:00 p.m. and 1:00 a.m. The ±0.32 acre site is located on the northeast corner of North Sierra Street and West 1st Street (100 N Sierra St). The site is within the Mixed-Use Downtown – Sierra-Used (MU2R) zone and has a Master Plan land use designation of Downtown Mixed-Used (DT-MU). An appeal was filed by Morten O. Homme II, The City Council may affirm, modify or reverse the decision of the Planning Commission.

6:00 p.m. – Case No. ADM24-00016 (Parther Valley Industrial SPR Modification)
Appeal of an Administrative Determination to amend Condition No. 7 of SPR23-00018 allowing 24 hour operation adjacent to residentially zoned property. The ±4.41 acre site consists of three parcels, and is located directly north of the intersection of Panther Drive and U.S. Highway 395. The site is located in the Industrial Commercial (IC) zoning district and has a Master Plan land use designation of Industrial (I).

Those who wish to submit public comment relative to the above, may do so by submitting public comment through the online public comment form found at Reno.Gov/PublicComment, email to PublicComment@reno.gov or leave a voicemail at 775-393-4497. Comments received after 4:00 p.m. on the day preceding the meeting will be transcribed, provided to City Council for review, and entered into the record. Comments received after 4:00 p.m. the day preceding the meeting will be provided to City Council for review prior to adjournment, and entered into the record.

All interested persons are invited to present testimony.

City of Reno Notice of Appeal Form

Please complete this form to appeal a decision made by a City official, a hearing examiner, or the Planning Commission.

To be considered complete, the appeal must: (1) be in writing; (2) provide information addressing all of the items below; (3) be accompanied by the required appeal fee adopted by the City Council; and, (4) submitted to the City Clerk's Office or emailed to cityclerk@reno.gov.

An incomplete form will be returned to you, and may result in a delay in scheduling your appeal.

In addition, all appeals must be filed within the applicable period of limitations. For example, an appeal of a Planning Commission decision must be submitted to the City Clerk's Office within ten business days after the date of filing of notice of the decision with the City Clerk. (The City Clerk's Office maintains a list of common periods of limitations available upon request.)

Untimely appeals will be rejected by the City Clerk, and any appeal fees paid will be returned.

Email Address: cmhabx767@protonmail.com

3. Brief description of the action, decision, or order being appealed. (Please reference the project name, address, case number, citation number, or permit number, as applicable. Attach additional sheets, as necessary.)

I am appealing Reno City Planning Commission approval of Case Number LDC24-00029 (Reno Ax)

The Planning Commission approved, as submitted, the Staff Report for LDC24-00029.

A conditional use permit is required if live entertainment (including a DJ) is to occur between 11:00 pm and 10:00 am. Reno Ax was granted the conditional use permit to provide live entertainment Thursday, Friday, Saturday 10:00 am until 3:00 am.

4. Describe in detail how the action, decision, or order being appealed impacts you or your property, as applicable. (Attach additional sheets, as necessary.)

For the past eight years, I and other residents have been repeatedly woken from our sleep at night by intoxicated, disorderly, loud, patrons; shouting, screaming, happy or sad, coupled with verbal and physical altercations. This typically started Thursday (college night) Friday, and Saturday, starting around 12:30 am to 3:00 am, which I observed occurring from patrons of the Sticks bars which provided live DJ entertainment until approximately 3:00 am. I could hear and observe this from my closed windows my residential condominium.

The Sticks bar is now closed, but the Planning Department has granted approval for Reno Ax, located nearly adjacent to the Palladio residential condominium, (approximately 96' away) with similar activity use and hours of operation in their approval. In addition, it is unknown what operation will replace the Stick's bar and if the operator will likewise request the same live entertainment all night use permit, located directly across street from the Palladio (approximately 72 feet away).

Security workers of the establishments, alone, do not solve the problem. When unruly patrons (usually well intoxicated) are evicted from the premises, it mitigates the problem inside the establishment, but now pushes the problem out into the public where residents living nearby must contend with. I have repeatedly been awoken from my sleep and keep awake as the behavior continues unabated without intervention.

MOST IMPORTANTLY this is complicated by the fact that calling Reno Police 911 is not allowed, I and others are instructed to only call the Reno PD non-emergency number, which is responded to " if and when time allows " which has typically been 45 minutes to an hour, if at all, during which time the disturbance continues. Bottom line, timely Police intervention is non-existent for drunken disorderly conduct, which would provide relief for residents living in downtown Reno.

The harms done to me by permitting live entertainment 11:00 pm to 3:00 am with no timely Police intervention harms me from: lack of enjoying a good nights sleep, interrupts needed sleep patterns, prevents me getting necessary sleep hours resulting lack of alertness, slower response times, overall risks to my personal safety, and the safety of others. This kind of behavior, and ensuing repeated noise disturbances, and lack of timely Police response lowers my property value and makes the option of renting it out very difficult. I had renters move out due to the noise. Individuals are not willing to pay the rent or purchase in a high end residential

building, like the Palladio, with the frequent noise disturbances and related activity outside their doors and windows. Realtors know about these issues and fully inform their clients; including the shooting that occurred at the Sticks Bar early last fall.

I and other residents living in the area submitted fifteen (15) public comments in opposition, as well as seven (7) speaking against the requested use permit LCD24-00029, at the Planning Commission hearing 02-07-2024. Addressing these issues.

5. Describe in detail the reason(s) why the action, decision, or order being appealed should be reversed, modified or set aside. (Attach additional sheets, as necessary.)

The Planning Commission Staff Report correctly identifies the key issue of noise compatibility with the Palladio residential condominium and other nearby condominiums. The report has taken steps to implement conditions to mitigate noise compatibility by requiring conditional use permit required conditions. Many of those conditions will be helpful. Although the Planning Commission Staff Report states, page 4, "Based on the recommended conditions and existing code requirements, staff finds that the public concerns are adequately mitigated." I and others disagree.

The conditional use permit, approved by the Planning Commission, states required conditions including items 12 and 14 of the Planning Staff Report.

Item 12 conditions specifies the applicant shall provide a security plan that will be subject to the satisfaction of the Zoning Administrator, Code Enforcement Department and Reno Police Department; reviewed by the Administrator. No plan has been submitted, reviewed, or accepted. Noise compatibility with residents have not been mitigated until an acceptable plan addresses and significantly reduces disturbing the peace noise issues of residents living nearby.

Item 14 conditions require hired security workers 'patrol' to alleviate police problems, excessive noise, abusive behavior, disturbances and any other violation of the law on or about the licensed premises. Security workers do not have the legal authority to enforce law or code violations, they can only patrol and monitor. Reno Police Department trained officers are required to respond and enforce the law.

The Reno Planning Commission has granted the use permit for live entertainment activities between 11:00 pm and 3:00 am; a time during which I and other residents need to sleep. I and other residents have been denied timely law enforcement intervention of excessive noise, abusive behavior, and disturbances of our peace. No conditions in the Planning Commission Staff report specify the Reno PD will timely responding to disturbances in item 14 of the staff report, listed above, when reported by residents. Without timely law enforcement intervention, when requested by myself or other residents, there is no mitigation of noise compatibility.

6. Please identify and attach all documentation/evidence that you would like considered supporting your appeal. (Attach additional sheets, as necessary.)

1. Planning Commission Staff Report February 7, 2024 Case Number LCD24-00029 (City has document on file). *INCLUDED IN PACKET*

2. PC Public Comment for LDC24-00029 (City has Document on File). *INCLUDED IN PACKET*
3. Planning Commission Hearing February 7, 2024 (City has video record on file).

7. Relief or action sought. (Attach additional sheets, as necessary.)

I believe residents and business both share the common desire for fast Police intervention (within reason) when requested by either the business or residents. Both need to know we can depend on the Reno PD to respond quickly, to disturbances of the peace related issues, and not on an “ if or when time allows” basis; within reason. Proposed relief actions sought are:

1. Reno Police Department and City of Reno agree to quickly respond, within reason, to calls by residents for disturbing the peace related issues; not on as ‘ if or when time allows ’ basis; thereby quickly mitigating noise compatibility issues

AND/OR:

2. Limit live entertainment 11:00 pm to 3:00 am to Friday and Saturday nights only; thereby mitigating the number of nights residents are exposed to noise compatibility issues.

Commissioner Silvia Villanueva suggested the above at the Planning Commission Hearing. Reno Ax was friendly and agreeable to that change. The Planning Commission quickly ignored the agreeable proposal and moved to approve LDC24-00029 as is. The motion passed with Silvia Villanueva voting against.

AND/OR:

3. Stop permitting live entertainment 11:00 pm to 3:00 am, when residents need to sleep.

Appellant or Authorized Representative

Signature (Print Name): Morten O. Homme

**PLANNING COMMISSION
STAFF REPORT**

Date: February 7, 2024

To: Reno City Planning Commission

Subject: Staff Report (For Possible Action): Case No. LDC24-00029 (Reno Axe) - A request has been made for a conditional use permit to allow an existing indoor recreation and bar use to operate live entertainment activities between the hours of 11:00 p.m. and 10:00 a.m. The ±0.32 acre site is located on the northeast corner of North Sierra Street and West First Street (100 North Sierra Street). The site is within the Mixed-Use Downtown – Riverwalk District (MD-RD) zone and has a Master Plan land use designation of Downtown Mixed-Used (DT-MU).

From: Carter Williams, Assistant Planner

Ward #: 5

Case No.: LDC24-00029 (Reno Axe)

Applicant: Reno Experiences LLC

APN: 011-061-09

Request: **Conditional Use Permit:** To allow an existing indoor recreation and bar use to operate live entertainment activities between the hours of 11:00 p.m. and 10:00 a.m.

Location: See Case Maps (**Exhibit A**)

Proposed Motion: Based upon compliance with the applicable findings, I move to approve the conditional use permit, subject to conditions listed in the staff report.

Summary: The ±0.32-acre project site is located on the northeast corner of North Sierra Street and West First Street (100 North Sierra Street, Suite B2). The proposed conditional use permit would allow for the existing bar use to provide live and amplified entertainment in the basement from 10:00 a.m. to 3:00 a.m., Thursday through Saturday. Although live entertainment is allowed by-right as an accessory use, it requires a conditional use permit if activity is to occur between the hours of 11:00 p.m. and 10:00 a.m. Existing uses within the space include indoor recreation (axe throwing) and a bar which are allowed to operate 24/7 by-right within the Mixed-Use Downtown – Riverwalk District. The key issue analyzed in this report is compatibility with surrounding uses.

Background: The original building was constructed in 1957. In 2019 the businesses Reno Axe, a recreation facility and bar, and Dark Pursuit, an escape room in the basement, established in a portion of the building accessible from North Sierra Street. In 2022, the basement was remodeled to remove the escape room activity in favor of an additional bar to expand the operations of Reno Axe. In the same year, Reno Axe was approved for a business license amendment to be able to provide live entertainment between the hours of 10:00 a.m. and 11:00 p.m.

Analysis:

Compatibility with Surrounding Uses: The existing building is a three-story, multi-tenant structure with a basement (**Exhibit B**). Reno Axe occupies a portion of the first floor and ±4,400 square feet of the basement (**Exhibit C**). The development pattern around the intersection at West First Street and North Sierra Street achieves many of the characteristics sought in mixed-use development. Within each building, ground floors feature restaurants, retail establishments, bars, and other activity generating uses and the upper floors are either office, residential, or parking. Because of the proximity of this business to the Palladio, a high-rise condominium development across West First Street, and the Nevadan residential high-rise to the northeast, a key point of compatibility is noise.

The live entertainment activity is proposed to operate within the basement for which the primary entrance is located inside the building and separated from the upper floors by an interior door. Bar operations are allowed 24-hours by right in the MD-RD zone. Staff recommends the hours of operation for accessory live or amplified entertainment be allowed as follows (**Condition No. 5**):

DAYS OF THE WEEK	HOURS OF OPERATION
SUNDAY - WEDNESDAY	10:00 a.m. to 11:00 p.m. (No change)
THURSDAY - SATURDAY	10:00 a.m. to 3:00 a.m. the following day

A sound study was not conducted. As conditioned, afterhours live entertainment is limited to the CMU walled basement portion of the building and is not expected to increase noise levels above that of the existing ambient levels outside of the building. Regardless, staff recommends a condition that requires that operational noise levels, including intermittent noise, not exceed 65 decibels (dBC) as measured from the exterior of the building (**Condition No. 6**). In addition to this, live or amplified entertainment shall be confined to the basement after 11:00 p.m. (**Condition No. 7**), exterior speakers anywhere on the outside of the building shall also not be used after 10:00 p.m. (**Condition No. 8**), and all other standard use regulations remain in effect, including the requirement to close windows and doors after 9:00 p.m. when live or amplified entertainment is

curbs, and gutters are cleaned prior to closing and all litter and debris removed at closing (**Condition No. 18**).

Prior to issuance of a cabaret license, the applicant shall provide an evacuation plan in the event of an emergency, an exit plan for live entertainment, and a closing plan for each night of operation, to the satisfaction of the Administrator (**Condition No. 19**).

Master Plan Conformance: The subject site has a Master Plan land use designation of Downtown Mixed-Use (DT-MU) and is located along an Urban Corridor within the Downtown Regional Center per the Structure Plan Framework of the Reno Master Plan. As proposed, and with the recommended conditions, the project is in conformance with the DT-MU Master Plan land use designation and the following applicable Master Plan goals and policies:

- 1.2C: Existing Businesses
- 3.1C: Tourism and Entertainment
- 3.2A: Public Safety
- C-UC.5: Activity Generating Uses

Public and Stakeholder Engagement: Agency comments that were received were integrated into this staff report. The applicant presented the project to the Ward 5 Neighborhood Advisory Board (NAB) on January 9, 2024. A number of concerns were raised related to noise impacts, public outreach to residential properties nearby, security measures, and fire safety. A courtesy notice was sent out to surrounding property owners upon initial submission of the project and four written comments in opposition and one in concern were received noting similar concerns (**Exhibit D**). Based on the recommended conditions and existing code requirements, staff finds that the public concerns are adequately mitigated. Any future comments will be forwarded to the Planning Commission as they are received.

Recommended Conditions of Approval: All conditions shall be met to the satisfaction of Development Services Department staff, unless otherwise noted.

1. The project shall comply with all applicable City codes, plans, reports, materials, etc., as submitted. In the event of a conflict between said plans, reports, materials and City codes, City codes in effect at the time the application is submitted, shall prevail.
2. The owner or developer shall apply for a building permit or business license for the entire project within 18 months of the date of approval of the conditional use permit review application and maintain the validity of that permit, or the conditional use permit approval shall be null and void.

Police Department. The security plan shall address cameras, operations, and management. The plan shall include infrared enabled HD cameras, conflict mitigation protocol, and security staffing. Operations shall be subject to the approved security plan. Prior to the approval of a new cabaret license operating under this conditional use permit, including change of ownership, this security plan shall be reviewed by the Administrator. At the Administrator's discretion, a new security plan and/or amendments may be required.

13. Prior to issuance of the cabaret license, the video surveillance system noted in Condition 12 shall be installed and maintained with a minimum 10-day recall period.
14. During the hours of extended live entertainment, the operator shall employ one (1) security officer for every 50 patrons. The security officers shall have proper training, wear clothing that identifies them as security officers, and be on duty from the time live entertainment begins until 30 minutes after the live entertainment ceases. Their primary duty shall be to patrol the interior and exterior of the premises to alleviate police problems, excessive noise, abusive behavior, disturbances, and any other violations of law that occur on or about the licensed premises.
15. Security staff shall regularly patrol the immediate exterior of the building at least every 30 minutes during hours of extended live entertainment.
16. Prior to issuance of the amended cabaret license, the applicant shall provide a queuing plan, which avoids any conflict with nearby businesses and maintains a clear pedestrian pathway of at least four feet, to the satisfaction of the Administrator. If a line is required to extend outside of the primary entrance, the operator shall maintain an orderly queue line using stanchion control devices. One hour prior to live entertainment, stanchions shall be erected and be sufficient to control the queue line from blocking the public right of way.
17. Patrons awaiting entrance, as well as those leaving the establishment, shall be monitored so as to not create a nuisance by obstructing the sidewalk in the area of the business or adjacent businesses.
18. The operator shall ensure that all adjacent sidewalks, curbs, and gutters are cleaned prior to closing and all litter and debris removed at closing.
19. Prior to issuance of the amended cabaret license, the applicant shall provide an evacuation plan in the event of an emergency, an exit plan for live entertainment, and a closing plan for each night of operation, to the satisfaction of the Administrator.

- (4) Public services and facilities are available to serve the project, or will be provided with development;
- (5) The characteristics of the use as proposed and as may be conditioned are reasonably compatible with the types of use permitted in the surrounding area; and
- (6) The granting of the conditional use permit will not be materially detrimental to the public health, safety, or welfare. The factors to be considered in evaluating this application shall include:
 - a. Property damage or nuisance resulting from noise, smoke, odor, dust, vibration, or illumination; and
 - b. Any hazard to persons and property.

Hi Carter,

Please see the comments below from Laura Meillier for Reno Axe. I directed her to contact you or fill out a public comment should she have more concerns.

I recently got a notice of 'intent' from the City of Reno filed by: Reno Axe & Bar to conduct business between 11pm and 10am.

Said business was looking to host concerts, etc. through these biz hours. I live in the building next door and am concerned on noise and traffic at all hours. I am against this request to extend business hours. Thank you,

Best,

Cali Shy

Compatibility of proposal with surrounding area.

There are no cabaret-licensed nightclubs in close proximity in the area of the intersection of Sierra and 1st. Streets. Reno Axe would be the first to stay open to 3am. To their credit, there is only one police report (23-17077) and one code enforcement action (ENF22-C00977) on record for the four years of their operation as a bar at their current location. There are also a number of bars in the vicinity....just not a cabaret-licensed nightclub.

Traffic impacts & pedestrian safety.

They are opposite the 24/7 Parking Gallery, so no concerns.

Does the proposed design contribute to and enhance the character of the area.

N/A

Environmental impacts.

N/A

Leave other comments on this case here.

I have two areas of concern, and I am hoping the operators bring more information to the PC than is shown in their scant application materials and also in the answers to questions posed at the ward 5 NAB meeting on January 9.
1. SECURITY: They are proposing to add five hours to their closing time on Friday and Saturday (currently close at 10pm; proposing to close at 3pm). When asked about how they were going to change security staffing their answer was unclear and not precise enough. They currently employ 6 security staff, but after asking a question on changes, I am still not clear if they plan to just extend the hours of existing staff or add new security staff or some combination. I would ask that the PC members ensure there is clarity and commitment to this issue. There is a

NO on Axe bar request!

Ann Cascarano <alcascarano@gmail.com>

Thu 2/1/2024 11:57 AM

To: Reno Planning Commission <RenoPlanningCommission@reno.gov>

Dear Commissioners,

I am a resident in the Palladio building at 50 N. Sierra st. in Reno, and have lived there 13 years. After listening to the noise generated by the Sticks bar for years, with many calls to the police at 2 am, I am strongly opposing this request by the Axe bar.

Drunken disorderly conduct escalates between 1am and 3am. For people trying to live a normal life, work, up in the day, sleep at night, this is completely disturbing.

NO, NO, NO! to all night bars! Please.

Would you want this happening across the street from your house?

Thank you,

Ann Cascarano

To: Reno Planning Commission <RenoPlanningCommission@reno.gov>

Hi.

My name is Mark French and I own a property at 255 N Sierra St, Reno, NV 89501, Unit 614.

I fully support the proposed permit to allow live entertainment activities.

Additionally, I do hope that the Reno Planning Commission is looking to put a grocery store (e.g. Trader Joe's) in a downtown location. With so many people moving into condos, and new spaces being built it seems ridiculous that we don't have a fully operating grocery store in the downtown area. Perhaps one of the empty spaces in The Montage (255 N Sierra) could be utilized as a small grocery moving forward.

Regards,

Mark French

unable to promptly respond to disturbing the peace issues, which allows the disturbance to continue unabated until it resolves on its own.

I have lived my 8 year nightmare with the Sticks Bar. I do not want to repeat it.

I respectfully request the Reno City Council reject Reno Ax's LDC24-00029.

Susan Palmer <susan@palmerwestport.com>

Thu 2/1/2024 9:30 PM

To: Reno Planning Commission <RenoPlanningCommission@reno.gov>

Dear Madame and Sirs:

I am writing to voice, my strong opposition to the request of the Ax bar in the Palladio building on N. Sierra St., be granted permission to remain open between 11 PM and 10 AM. The majority of the occupants of this building are residential occupants, and take solace that most noise making activity is concluded by 10 PM in our neighborhood. Keeping the bar open around the clock would diminish our quality of life and our property values. I own my condo and I am a registered voter in the city of Reno, and I strongly urge the Reno city council people to deny this request.

To: Reno Planning Commission <RenoPlanningCommission@reno.gov>

To whom it may concern @ the Reno Planning Commission-

We have been condo owners @ the Palladio since the day it opened. We are huge supporters of downtown and love the different restaurants, shops, bars and casinos that make up our downtown community. We are writing to express our desire for the commission to reject the permit for the Axe bar to play music from 11pm to 10am. I have been a patron of the Axe bar and I do not understand why they think they need to keep the bar/music scene open for an extended period of time but I am not in charge of their business so I expect they have a solid reason for it. I would like to express my concern mostly on the noise. We have had late night music @ the Chocolate bar- which than turned into the Stick (95 N Sierra) and those late nights of music have definitely affected our sleep. The permits that restaurants/bars receive from the city expressly forbid loud music after certain hours and I don't see why AXE needs to change their approved permit @ this time. We are the closest residential building to the Axe bar and we will definitely be affected by an approval of this nature.

We are one owner (out of 92) who is strongly telling the commission to reject the proposal.

Thank you for your time-

venues.

The downtown residents appreciate the existence of businesses and restaurants that attract and serve family and friendly patrons. Indeed, that is a big part of what I enjoy about living in The Palladio. However, mixed use areas like downtown where business and residents exist together requires both to ensure that the benefits to one do not overtake the needs of the other. I urge the Reno Planning Commission to take the sleep needs of the downtown residents into consideration and deny the request for a conditional use permit to operate live entertainment activities from 11:00 pm and 10:00 am.

By checking the "Yes" below, you understand, acknowledge, and expressly agree that: (1) all information submitted by you will be entered into the public record, made available for public inspection, and freely disseminated without restriction; and, (2) any contact, personal, financial, or medical information intentionally or inadvertently submitted by you will not be maintained in a confidential manner, or subsequently exempted from public inspection.

Subject: LDC24-00029 (Reno Axe)
APN: 011-061-09 (Ward 5)

Dear Applicant:

At the regular meeting of the Planning Commission on February 7, 2024, the Planning Commission, as set forth in the official record, approved your request for a conditional use permit to allow an existing indoor recreation and bar use to operate live entertainment activities between the hours of 11:00 p.m. and 10:00 a.m. The ±0.32 acre site is located on the northeast corner of North Sierra Street and West First Street (100 North Sierra Street). The site is within the Mixed-Use Downtown – Riverwalk District (MD-RD) zone and has a Master Plan land use designation of Downtown Mixed-Used (DT-MU).

Your approved request is subject to the following conditions to the satisfaction of Development Services Department staff:

1. The project shall comply with all applicable City codes, plans, reports, materials, etc., as submitted. In the event of a conflict between said plans, reports, materials and City codes, City codes in effect at the time the application is submitted, shall prevail.
2. The owner or developer shall apply for a building permit or business license for the entire project within 18 months of the date of approval of the conditional use permit review application and maintain the validity of that permit, or the conditional use permit approval shall be null and void.
3. Prior to the issuance of any building permit or business license, the applicant shall attach a copy of the final approval letter. The approval letter shall accompany a narrative that describes how the requested permit or license addresses each of the approved conditions of approval.

4. The applicant, developer, builder, property owner, or business proprietor, as applicable, shall continuously maintain a copy of this approval letter on the project site during the construction and operation of the project/business. The project approval letter shall be posted or made readily available upon demand by City staff.

5. Hours of operation for accessory live entertainment shall be as follows:

Days of the Week	Live Entertainment
Sunday – Wednesday	10:00 a.m. to 11:00 p.m.
Thursday – Saturday	10:00 a.m. to 3:00 a.m.

6. Operational noise levels, including intermittent noise, shall not exceed 65 decibels (dBA/C) as measured from the exterior of the building, as adjusted for ambient sound.
7. Live entertainment activity occurring between the hours of 11:00 p.m. and 3:00 a.m. shall be confined to the basement.
8. The use of outdoor speakers installed anywhere on the exterior of the building shall be limited to between the hours of 10:00 a.m. and 10:00 p.m.
9. Exterior doors leading to the basement level (emergency exits) shall remain closed and only be used in the case of an emergency while live entertainment activity is occurring between the hours of 9:00 p.m. and 3:00 a.m.
10. Future noise compliance issues after implementation of these conditions shall constitute grounds for the Administrator to require additional noise mitigation. If any such additional noise mitigation is not successful in addressing noise compliance issues, this shall be considered cause for revocation of this conditional use permit.
11. All extended hour live entertainment events shall be restricted to patrons age 21 and over.
12. Prior to issuance of the cabaret license amendment, the applicant shall provide a security plan (with ejection protocol in place for unruly/disruptive patrons and a crime plan in the event of a criminal activity occurring) subject to the satisfaction of the Zoning Administrator, the Code Enforcement Department, and the Reno Police Department. The security plan shall address cameras, operations, and management. The plan shall include infrared enabled HD cameras, conflict mitigation protocol, and security staffing. Operations shall be subject to the approved security plan. Prior to the approval of a new cabaret license operating

under this conditional use permit, including change of ownership, this security plan shall be reviewed by the Administrator. At the Administrator's discretion, a new security plan and/or amendments may be required.

13. Prior to issuance of the cabaret license, the video surveillance system noted in Condition 12 shall be installed and maintained with a minimum 10-day recall period.
14. During the hours of extended live entertainment, the operator shall employ one (1) security officer for every 50 patrons. The security officers shall have proper training, wear clothing that identifies them as security officers, and be on duty from the time live entertainment begins until 30 minutes after the live entertainment ceases. Their primary duty shall be to patrol the interior and exterior of the premises to alleviate police problems, excessive noise, abusive behavior, disturbances, and any other violations of law that occur on or about the licensed premises.
15. Security staff shall regularly patrol the immediate exterior of the building at least every 30 minutes during hours of extended live entertainment.
16. Prior to issuance of the amended cabaret license, the applicant shall provide a queuing plan, which avoids any conflict with nearby businesses and maintains a clear pedestrian pathway of at least four feet, to the satisfaction of the Administrator. If a line is required to extend outside of the primary entrance, the operator shall maintain an orderly queue line using stanchion control devices. One hour prior to live entertainment, stanchions shall be erected and be sufficient to control the queue line from blocking the public right of way.
17. Patrons awaiting entrance, as well as those leaving the establishment, shall be monitored so as to not create a nuisance by obstructing the sidewalk in the area of the business or adjacent businesses.
18. The operator shall ensure that all adjacent sidewalks, curbs, and gutters are cleaned prior to closing and all litter and debris removed at closing.
19. Prior to issuance of the amended cabaret license, the applicant shall provide an evacuation plan in the event of an emergency, an exit plan for live entertainment, and a closing plan for each night of operation, to the satisfaction of the Administrator.

The decision of the Planning Commission may be appealed within ten business days by filing an appeal form with the Reno City Clerk together with the appropriate fees. The ten day appeal period starts the day after this notice is filed with the City Clerk. Appeals may be filed by any

Reno Experiences LLC
RE: LDC24-00029 (Reno Axe)
Page 4

person who is aggrieved by the decision. The City Clerk's office is on the 2nd floor of Reno City Hall located at One East First Street, Reno, NV. The City Clerk shall set the appeal for public hearing before the City Council and mail a notice of the hearing to the appellant and all others who were mailed a notice of the hearing of the Planning Commission. The City Council may affirm, reverse, or modify the decision.

In the absence of an appeal, no building permit may be issued until this letter has been on file with the City Clerk for ten business (10) days.

This approval letter has not been issued in lieu of a building permit. You are responsible for obtaining the appropriate building permits associated with this project and a copy of this letter must be attached to the application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mike Railey', written over a horizontal line.
