Hi. I was calling because the main road on North McCarran heading towards Evans Avenue all the way down to Clear Acre the hole road really really needs to be redone. It's it's almost dangerous at this point because cars are just swerving all over the place trying to avoid the potholes and put it's the hole road. That's a giant just use all Paula's. So thank you. If you have any questions or concerns, 775-247-2209. Thank you. Bye bye.

Hello, Reno City Council. I just wanted to make a comment about that message that you have played prior to me being able to leave this message. It is 3:55 your message claims that I'm leaving the message after 4 p.m. Which is not true. It is 3:55 on Monday evening, and I'm calling to let you know I'll know that tutors are blocking sidewalks continually, since you made a deal with third scooters. I call on a daily basis on my travels to and from work letting officials know that sidewalks RPM blocked by scooters. They are never moved. Example today I called. And let people know that right by Innovations High School scooter was blocking literally parked on the handicap ramp going into the street, which means no one disables can get through there. I'm just left work and it was still there meaning the scooter just sit in blocks on water citizens can call in and let you all know that they're blocking sidewalks but nothing happens. So that's actually really disappointing. I don't know why you guys are paid to do your job because you're not doing your job. And if you can't figure it out, we will both you out and we will make sure everyone knows how ashamed you should actually feel for supporting the blocking the sidewalk, you know, we should make Reno great for the elderly and for the disabled we should make it the number one place for the elderly and disabled to want to come live because of the services in the protection given to them such as simple things like don't block a sidewalk. So anyways, I'm sorry if you take this as a negative message you guys are good at using. Ramen in style argument not sure why cuz that's what children do but that's what you do. I'm just very disappointed. I'm kind of beside myself today knowing that I call on a regular basis letting you know that the sidewalks are blocked. And now I know for sure that you do nothing to ensure that those sidewalks are cleared. I've seen it over and over again where I call and let you know and then nothing is moved and I drive by our sometimes 8 hours later and there is still a block sidewalk from the original message that I left in the morning. So so I guess I'm out of town. You should be ashamed of yourself start clearing sidewalks and get rid of hers scooters. Thank you for your time all positive here. Cala bunga.
