A new comment has been submitted for the Reno City Council Meeting held on: 2024-04-10.

Section:

General Closing Session Comment (unassociated to an agenda item)

Item:

J.1 Public Comment.

Position:

No position stated - Concerned or Neutral

Are they speaking in person?

No, I am submitting a written comment only.

If no, enter comments below:

On behalf of the Reno Phil, I would like to extend my gratitude to the Reno City Council and the Arts & Culture Commission for your generous grant in the amount of \$5,539 to support Play for a Day. This year, thanks to your support, Play for a Day was offered free of charge to all participants and their friends and family. As a result, it became our most attended Play for a Day to date. We have received highly positive feedback from community members, many of whom are already expressing interest in next year's event. The Reno Phil is proud to have organized a successful event that served, engaged, and enriched our community members without any barriers to participation. Thank you once again for your invaluable support.

ACKNOWLEDGEMENTS:

By checking the "Yes" below, you agree that all the information above is true and accurate. For additional information, please refer to the agenda for today's meeting.

Dear City of Reno Council Members and Planners,

I support more fields but I want fairness in field allocation. Nothing has been done to ensure that more resources going to the same allocation system will improve access and availability! I speak out to ensure that you are accountable that these fields and all City resources are for all residents. Permits to use city fields should be rotated among interested groups to ensure equal access and equity. Do not allow the status quo to monopolize this or any precious resource like the Moana Springs Field. An independent body, not conflicted with personal and business interest, should review and allocate fields to leagues and clubs that represent the interests, growth, and opportunities for all residents.

In opposition

Are they speaking in person?

No, I am submitting a written comment only.

If no, enter comments below:

I am opposed to allowing ADUs in existing single family neighborhoods. I chose to purchase because of the nature of the area- quiet, multi-generational, community with neighbors. Please do not change the character of our community!

Reform Field Allocation (Conditional Support for Pembroke Sports Complex, Project 23130.00)

Jenni Lorrain <jennilorrain@icloud.com>

Mon 4/8/2024 8:57 AM

To:Public Comment - CC <PublicComment@reno.gov>

Dear City of Reno Council Members and Planners,

I am writing to express my support for the creation of more fields in the city, but I urge you to ensure that there is fairness in the allocation of these fields. Simply providing more resources to the existing allocation system without any improvements will not guarantee better access and availability for all residents.

I want to hold you accountable for ensuring that these fields, as well as all other city resources, are accessible to all residents. Permits to use city fields should be rotated among interested groups to ensure equal access and equity. It is important to prevent the status quo from monopolizing resources like the Moana Springs Field.

I also believe that an independent body should review and allocate fields to leagues and clubs to ensure that the interests, growth, and opportunities of all residents are represented. This body should not have any personal or business interests that could create conflicts of interest.

Thank you for your attention to this matter.

Jennifer Lorrain

Just discovering proposals to make EVERYWHERE multifamily zones (except probably wealthy areas like Arrowcreek). Massive 3-4 story apartment complexes are going up on every square vacant inch! You are RUINING what people enjoy about living in Reno, destroying property values and quality of life. How do you think the family in an 80 year old single family house, in a formerly quiet neighborhood, feels about having a 50' complex built 15 ' away? They will never see sun again!

And don't claim this is really helping affordable housing—these are market rate. You need to be much smarter and less greedy. The citizens who ALREADY LIVE HERE matter more than those moving in. Do what is right for US.

Dear City Council Members, I am writing to urge the City Council to consider and pass a ceasefire resolution for Palestine. The ongoing conflict in the region has resulted in devastating loss of life and widespread suffering for civilians on both sides. It is imperative for our city to take a stand for peace and call for an immediate cessation of hostilities. As citizens of Reno, we can no longer stand by and be complicit in the violence and injustice unfolding in Palestine. By adopting a ceasefire resolution, our city can demonstrate its commitment to humanitarian values and the promotion of peaceful resolution to conflicts. Furthermore, it sends a message of solidarity with the innocent civilians caught in the crossfire, whose lives are being disrupted and endangered on a daily basis. I believe that as a community, it is our responsibility to advocate for peace and justice, and a ceasefire resolution is a crucial step towards that goal. Let us stand together in support of peace, dialogue, and the well-being of all people affected by the conflict in Palestine. Thank you for considering this important issue.

I speak out to ensure that you are accountable that these fields and all City resources are for all residents. Permits to use city fields should be rotated among interested groups to ensure equal access and equity. Do not allow the status quo to monopolize this or any precious resource like the Moana Springs Field.

In recent years, the City of Reno has seen benefits of growth, investment and more diversity. Yet has not done enough to support diverse and equitable youth sports in the area. The monopolization of park/field resources by self-serving few can no longer continue.

An independent body, not conflicted with personal and business interest, should review and allocate fields to leagues and clubs that represent the interests, growth, and opportunities for all residents.

I think one of the coolest parts of South Reno is the wild horses roaming around the streets. Love seeing them on our morning walks. I think it would be a shame to fence them in.

If no, enter comments below:

I am submitting this comment on behalf of The Cliffs at Somerset community. Toll Brothers is refusing to complete work to the community as promised and outlined by the civil engineering plans. There are several common areas that are supposed to be "naturally re-vegetated" and instead of reseeding and watering for two growing season, Toll Brothers has brought in loads of granite rock (which doesn't even abide by the community standards) and looks awful. All we want is for the community to look as beautiful as the rest of Somerset and for Toll brothers to abide by the approved civil engineering plans.

Subject: END THE SIEGE; DIVEST AND INVEST

Good morning,

I am a lifelong resident of Reno. I care about this place deeply and I always will.

As the assault on Palestinians in Gaza enters its SIXTH MONTH, Reno City Council must pass a resolution calling for a permanent ceasefire and for aid to be allowed into Gaza. Over 120 cities around the country have done so.

We must stand on the right side of history;
YOU must stand on the right side of history.

Agendize a ceasefire resolution, as well as discussion of divestment from Israeli businesses and other enterprises that contribute to the genocide of Palestinians. What small amount of funding Reno has must instead go to LOCAL investments to support vulnerable people here in the area--funding a warming center for next winter after more deaths this past season, supporting indigenous activism that will improve our water quality and fight climate change, organizing to combat parasitic developers and instead build more affordable housing.

You have some power. Use it.

Tyler

I see this as being another opportunity for the homeless to relocate if we DESIGN areas for them to lay upon.

I was recently in Europe and found their design of benches to discourage such an action. My husband is a former police sergeant and noted it would curb the idea of Loitering.

AS YOU CAN SEE, a divider in the middle would not allow camping on the bench. It would allow others to have a sandwich or drink platform.

They used wood but certainly Trex Decking or poly wood is a beneficial material.

I suggest the City look at this carefully for any future planning.
