### **Alignment with Strategic Plan:**

Public Safety

### **Previous Council Action:**

January 12, 2022 – Council adopted Ordinance No. 6618.

### **Background:**

On January 12, 2022, Council adopted Ordinance No. 6618 which included several changes to Reno Municipal Code (“RMC”) Chapter 5.07, “Alcoholic Beverages.” Incorporated in the amendment was a revised version of the “Safe Scape” regulation (Exhibit B) carried over from the Land Development Code, which included several new provisions:

- The requirement to sell fresh or frozen perishable foods
- Limitations on specific products based on serving size
- The creation of a “Buffer Area” with similar standards
- Additional Council discretion when considering applications
- Compliance review provisions

As provided in RMC Sec. 5.07.123(a), all existing businesses were given 18 months to comply with the new provisions (July 12, 2023) and in June 2023, all impacted businesses were reminded via correspondence and in-person visits from Business License Compliance Officers. To ensure all operators were educated on the new requirements, annual reviews did not commence until October 2023.

Furthermore, RMC Sec. 5.07.123(j)(2) stipulates that Council may review these businesses upon the annual business license renewal:

“Annual Review. Upon renewal of the annual business license affiliated with the privileged package alcohol license, the city council may review the history of the business and consider approving, denying, or conditioning the renewal of the license as it considers appropriate. Conditions may include, but are not limited to, requiring a security employee or contractor during specified hours and/or modifying hours of operation.”

This report has been submitted to Council to review the annual business license renewal and approve, deny, or impose conditions accordingly.

**Discussion:**

In accordance with RMC Sec. 5.07.123(j)(2), staff conducted an unscheduled site inspection and completed a detailed checklist (Exhibit C). After an initial assessment and grace period, the licensee was able to comply with all requirements.

***Calls for Service:***

During the adoption and introduction stages of Ordinance No. 6618, Council expressed interest in calls for service when conducting these reviews. Accordingly, calls for service were compiled for the six months preceding the annual license expiration and compared to that same period in the prior year. A summary of the data recorded is attached as Exhibit D.

**Financial Implications:**

No financial implications at this time.

**Legal Implications:**

Legal review completed for compliance with City procedures and Nevada law.

**Recommendation:**

Staff recommends Council approve the renewal.

**Proposed Motion:**
