## Comparing the Speed of

# U.S. Interest Rate Hikes

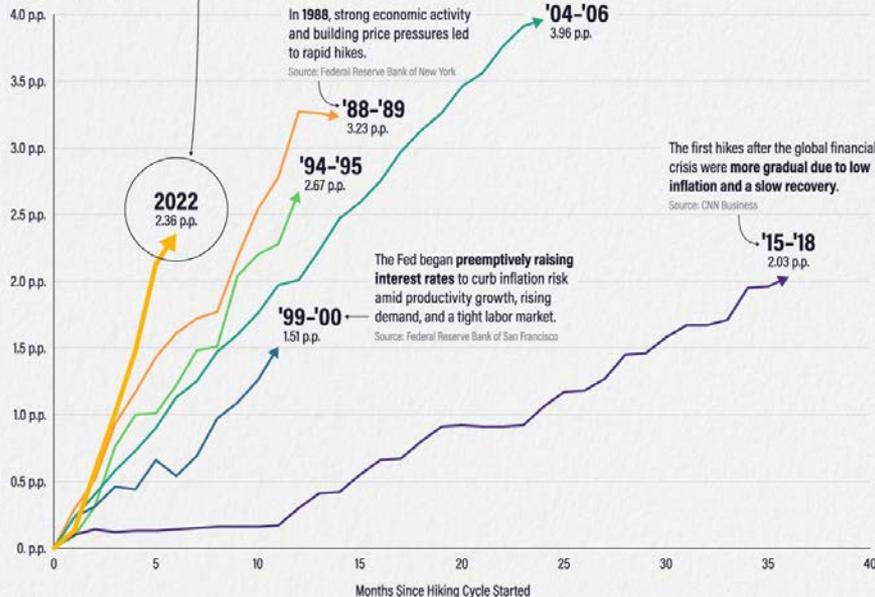

Rates are rising faster than any other time in recent history.

The Federal Reserve is aggressively raising rates as high inflation continues. In just six months, the effective federal funds rate has risen by more than 2 percentage points.

How does this compare to other periods of interest rate hikes over the past 35 years?

TENTATIVE MAP EXTENSION

## PROJECT PROPOSAL

- Requesting 2-year extension of existing tentative map from July 7, 2023 to July 7, 2025.
- Allows us time to finish design and record smaller phases of construction as we close the project out.
- No changes to approval, just changing the time that we have to record the final maps.

## FINDINGS

1. *The applicant agrees to comply with all requirements of this Title and all conditions of approval; and*
2. *The applicant agrees to pay all applicable fees.*

THANK YOU
