How stupid was that, to cut off horses access to water? Now WE get to pay for fencing. Thank you idiots!

6/5/24 City Council Meeting

Good morning,

I'm writing this morning about the \$25,000 donation from NV Energy Foundation for ReLeaf Reno.

Reno has been selected for the Urban Heat Mapping campaign as Reno is one of the fastest warming cities in the US. It is well known that trees can lower heat in urban areas.

As a resident of Ward 4, I would like to see ReLeaf Reno utilize those funds in Ward 4. Ward 4 has the lowest tree canopy in the city and only 5 of the 83 parks. The North Valley continues to see expansion in housing and industry but is severely lacking in landscaping and public spaces.

This newest grant for ReLeaf Reno would have a significant impact on Ward 4 with the planting of trees in our parks and public spaces.

FKP Global Services Inc extends heartfelt gratitude to The City of Reno and Council Member Meghan Eberts Office for their generous donation towards our annual backpack drive. Last year, with your help, we were able to support over 300 kids and their families, all while building connections between our local law enforcement, city council members, and the familial communities within Ward 4. Your support ensures that we can continue making a meaningful difference in our community. Join us on August 2, 2024, at Dick Taylor Memorial Park from 11am to 2pm as we empower local youth for the upcoming school year.
