Nathan Ulliot, Director
City of Reno
Parks and Recreation Department
1 E. First Street
Reno NV 89501

Dear Mr. Ulliot:

Thank you for meeting with us at McAlinden Park. There is no question that additional trees in North Valleys parks would be beneficial for the public and the environment. Enclosed is our donation of \$4,000 to further that goal.

Your department has let us know that one of the locations most in need is Dorothy McAlinden/Mayors Parks where shade trees will be planted.

In addition, we encourage your department to consider development of a tree farm on either Mayors Park or within the nextdoor water reclamation facility, which already produces recycled water suitable for irrigation.

Sincerely,
