Dear Mayor and Reno City Council Members:

We are opposed to the abandonment of the Stevenson St parking spaces as proposed. The need for parking spaces for any developer in this corridor should have been addressed in the planning period. It is NOT in the best interest of the citizens to give up this property and the power to control it to developers. Any monies collected for parking on Reno streets would go back to the city and is sorely needed to maintain and improve the areas in downtown Reno. Developers are not mandated to follow the policies in place leading to an over all improved environment and planned growth of our city. That is the task of the elected officials. We oppose the abandonment and call on you all to vote NO on this measure.

Sincerely,

Susan & Phil Kaiser
