Item pulled by Vice Mayor Duerr for discussion.

Council Member Duerr pulled this item because it is for over a million dollars and she wants people to know what they are spending money on.

Jonathan Smith, City of Reno Public Works Senior Civil Engineer, gave the staff presentation.

Vice Mayor Duerr asked if storm water runoff is pre-treated before going to the river.

Kerri Koski, City of Reno Director of Public Works, explained that pre-treatment happens with the sewer, not with the storm drain.

Vice Mayor Duerr asked how the MS4 Permit requirements are met if that water isn't treated.

Trina Magoon, City of Reno Director of Utility Services, explained that in addition to the occasional stormceptor unit on some of the storm drains at particular outfalls, there are also sumps in the catchbasins. Maintenance and Operations comes out and vacuums those. A stormceptor unit not only picks up twigs and weeds, it also picks up the first flush with petrochemicals and other things on the roadway system. Steamboat Creek drains naturally into the river and is one of our most polluted water bodies. It does not have a requirement in the MS4 Permit at this point. She confirmed for Vice Mayor Duerr that the point of this agenda item is to reduce peak flows going to the sewer plant during storm events.

It was moved by Devon Reese, seconded by Kathleen Taylor, to approve.

RESULT:	Pass [5 TO 0]
MOVER:	Devon Reese, Councilmember
SECONDER:	Kathleen Taylor, Councilmember

Consent Agenda Items B.1 through B.8 were approved with Item B.6 pulled for discussion.

C Public Hearings - 10:00 AM (Items scheduled to be heard at a specific time will be heard no earlier than the stated time, but may be heard later.)

C.1 Staff Report (For Possible Action): Case No. LDC24-00020 (Mill and Greg Street Master Plan and Zoning Map Amendment) A request has been made for 1) a Master Plan amendment from ±6.88 acres of Urban Mixed-Use (UMU) to Suburban Mixed-Use (SMU), and 2) a zoning map amendment from ±6.88 acres of Mixed-Use Urban (MU) to General Commercial (GC). The ±6.88-acre site encompasses five parcels located on the northwest corner of Mill Street and Greg Street. [Ward 3]

It was moved by Kathleen Taylor, seconded by Meghan Ebert, to continue to a date uncertain.

RESULT:	Fail [2 TO 3]
MOVER:	Kathleen Taylor, Councilmember
SECONDER:	Meghan Ebert, Councilmember
AYES:	Taylor, Ebert
NAYS:	Devon Reese, Naomi Duerr, Miguel Martinez
ABSENT:	Hillary Schieve, Jenny Brekhus

AGENDA ITEMS C.1, C.2, AND C.3 WERE OPENED AND HEARD TOGETHER.

Vice Mayor Duerr opened the public hearing and asked if any correspondence was received.

City Clerk Huntsman stated no correspondence was received.

A request for continuance not to a date certain was received from the applicant prior to 5:00 p.m. on March 12, 2024.

Live Public Comment:

Andrew Diss urged City Council not to grant the requested continuance.

Jasmine Mehta, City of Reno Deputy City Attorney, explained Reno Municipal Code (RMC) allows the applicant to request a postponement any time up to 5:00 p.m. before the day of the hearing. It then provides that in all other cases the

public hearing shall be opened and affirmative action by the body needs to be had in order to postpone the item. In this case the applicant met the requirement for the request to postpone. Another section of the same Code says that it cannot be postponed by the applicant more than twice or the application becomes invalid. Because this was noticed for a date certain, our recommendation is that it be opened for public comment to be heard and then Council can vote on the request to postpone.

Council Member Reese asked what would happen to this application if Council does not move to postpone.

Ms. Mehta stated if no one moves for that, it would just automatically be postponed by the Code. She answered questions regarding the process for this application if it is postponed. If substantial amendments are made to the application, it would go through the Planning Commission review process again.

Council Member Reese stated he will not make a motion for postponement because he does not think it is appropriate. He would rather have heard it on the merits today. He asked for confirmation that by not taking action, it will be postponed.

Ms. Mehta confirmed that is her understanding of the Code.

Discussion on the motion:

Council Member Taylor stated she does not see the harm in giving the applicant more time based on the request. They met the requirements to request a continuance and it is good policy to grant it.

Council Member Ebert agreed with Council Member Taylor that if it is allowed, Council should allow it.

Council Member Martinez stated he is leaning toward hearing the item today. All the resources were put into place getting to this point of a public hearing.

City Manager Doug Thornley asked Legal Counsel for confirmation that by making the request, the item is functionally already postponed.

Ms. Mehta confirmed that is correct. Holding the hearing today is not an option.

Council Member Martinez stated what he is reading says the public hearing shall be open and affirmative action by the body is required to postpone a decision. He thought Council had the ability to either hear it or postpone it.

City Manager Thornley explained that statement is a catch all for if an applicant misses the deadline to request a continuance.

Council Member Reese stated he does not want to talk about the underlying

requirements of the request. He wants the public to understand that sometimes in government the procedural minutia swamps substantive issues. He will not support the motion for continuance because it is not functionally necessary.

Carter Williams, City of Reno Development Services Associate Planner, explained there is a 90 day time frame the applicant has to bring this back to Council to be heard or it is automatically invalidated.

Motion failed. The application is on pause and must be reactivated in 90 days to be scheduled for a timely hearing with City Council.

C.2 Staff Report (For Possible Action): Case No. LDC24-00020 (Mill and Greg Street Master Plan and Zoning Map Amendment) Resolution to adopt an amendment to the land use plan of the City of Reno Master Plan from ±6.88 acres of Urban Mixed-Use (UMU) to Suburban Mixed-Use (SMU). The ±6.88-acre site encompasses five parcels located on the northwest corner of Mill Street and Greg Street and is further described in planning Case No. LDC24-00020. The adoption is contingent on the conformance review by the Truckee Meadows Regional Planning Commission. [Ward 3]

It was moved by Kathleen Taylor, seconded by Meghan Ebert, to continue to a date uncertain.

RESULT:	Fail [2 TO 3]
MOVER:	Kathleen Taylor, Councilmember
SECONDER:	Meghan Ebert, Councilmember

I Public Hearings - 6:00 PM (Items scheduled to be heard at a specific time will be heard no earlier than the stated time, but may be heard later.)

- I.1 ***SUPPLEMENTAL SUPPORTING MATERIALS*** - Staff Report (For Possible Action): Appeal of the Hearing Officer’s decision to uphold the approval of building permits (BLD23-03075 and BLD23-05279) issued for a fence and retaining wall proposed on the southern property line of a parcel located at the northeast corner of the intersection of Outlook Drive and Belford Road, approximately ±260 feet north of Dolan Way (2600 Outlook Drive). The site has a zoning designation of Single Family – 3 units per acre (SF-3) and a Master Plan land use designation of Single-Family Neighborhood (SF). The appeal was filed by Michael Powell. Council may affirm, reverse, or modify the decision of the Hearing Officer. [Ward 1]

THIS ITEM WAS HEARD AFTER AGENDA ITEM D.2.

RECONVENE AT 6:02 PM WITH MAYOR SCHIEVE ABSENT AND COUNCIL MEMBERS BREKHUS AND REESE PRESENT VIA ZOOM

Vice Mayor Duerr opened the public hearing and asked if proper notice was given and any correspondence received.

City Clerk Huntsman stated that proper notice was given and no correspondence was received.

MAYOR SCHIEVE PRESENT AT 6:05 PM VIA ZOOM

Council Member Brekhus made the following disclosure:

This is in Ward 1 and prior to the filing of this appeal Mr. Powell reached out to me like any other constituent with an issue. I told him that I don't have side ex-party conversations. It was not an appeal pending before us but we did have a conversation. I will also disclose that today, March 13, I did make a site visit up to the property and viewed the disputed property line boundary proposed for the fence and the retaining wall from the street.

Live Public Comment:

Carol Reno

Brandon Freeman

Mike Railey, City of Reno Development Services Planning Manager, gave the staff presentation and answered questions from Council.

Mr. Railey reviewed information from the presentation in response to Council questions further explaining the City responses to the appellant claims.

Mr. Railey answered questions from Council regarding details of the permits and when they were issued.

Chris Pingree, City of Reno Director of Development Services, answered questions from Council regarding the timing of the issuance of the permits and the appeal process for building permits.

Michael Powell, appellant, presented the appeal.

Council Member Brekhus noted that no backup information for the fence permit was provided and she asked Mr. Powell about some of that information that he included in his presentation. She also noted that there were no findings of fact provided by the Hearing Officer and asked Mr. Powell for his interpretation of why she issued it.

Mr. Powell answered questions from Council Member Brekhus and stated that the grading permit should have come before the fence permit. He also responded to the question regarding the Hearing Officer's decision. His impression was that the initial appeal hearings were just a roadblock before he got to see Council. The decision was preordained. The Hearing Officer asked very few questions and took at face value everything that Development Services and the Building Department said, even when they said things that were not true, like that the Ditch Company signed the plans. That was never true. The Hearing Officer did not follow up on that and she discounted all of his evidence.

Council Member Duerr asked the applicant what the need is for such a tall fence.

Tony Reno stated it is due to issues with light coming from the neighbor's property, as well as for privacy.

Mr. Railey confirmed for Mayor Schieve that the proposed fence height conforms with Code.

COUNCIL MEMBER MARTINEZ ABSENT AT 7:20 PM

Mr. Pingree answered questions from Council Member Brekhus regarding the retaining wall.

Council Member Brekhus stated they are allowing the rockery wall to count as added fence height.

Mr. Pingree stated that is not correct. They are going to raise the elevation of the Reno property to match the retaining wall height, which the plans show will be a solid concrete retaining wall.

Council Member Brekhus stated that Mr. Reno said he wants privacy on this property so in a way he is doing a lot of engineering to get that, but when you look at the flow down through the east property, he's shooting the water out on their side.

Council Member Duerr discussed the need to try and be good neighbors. She asked Mr. Reno if there is any willingness to lower the height of the fence.

Mr. Reno stated they have discussed that and there have been issues and it would be better to stay with what they have planned.

Council Member Brekhus and Mr. Railey discussed the sections of Code that have been referenced related to grading and residential adjacency standards.

Mr. Railey stated the appellant is pulling from a section of Code about fill slopes and that refers back to the Residential Adjacency section of Code. The applicability section of that Residential Adjacency Code says it applies to all nonresidential development built on or within 150 feet of any residential property. The application is from a residential property so it is not applicable. When it says all use types, it is referring to all nonresidential use types.

Council Member Brekhus stated she does not think that's right. The Residential Adjacency section is being referred to from something outside of that and it is a fair reading the appellant is offering.

Council Member Brekhus clarified for Vice Mayor Duerr that the issue is you cannot grade the five foot setback. They can still have a fence but it can't be on

top of a retaining wall or rockery wall within that five feet. She also stated that five feet is a pretty standard access route around a property.

COUNCIL MEMBER MARTINEZ PRESENT AT at 7:33 PM

Council Member Brekhus stated the following findings of fact: 1) the Hearing Officer was arbitrary and capricious in holding up these two building permits without issuing findings of fact; 2) the Hearing Officer was in error in allowing mid-stream an appeal of one building permit to be co-joined by a subsequent issuance and appeal of a second building permit, she should have ruled on the existing appeal as a stand alone matter; 3) the Residential Adjacency standard related to fill within five feet of a property line is applicable in this instance, therefore the permit is in error in allowing fill within five feet of the property line; 4) the designated flow path of the site improvement permit at the east end is in violation of Public Works Design Manual paragraph 202.2.2.2 in that it will direct water across the appellant's property.

Discussion on the motion to uphold the appeal:

Mayor Schieve asked to hear from legal counsel regarding property rights.

Jasmine Mehta, City of Reno Deputy City Attorney, stated that this is an older neighborhood that does not have CC&Rs in place that could have prevented the proposed type of fence. This is not a discretionary permit. Staff looks to see if the rules have been adhered to and if they are then they have to issue the permit.

Mr. Railey confirmed for Vice Mayor Duerr that they have found no evidence of CC&Rs.

Motion failed and a new motion was made.

Discussion on the motion to affirm the denial of the appeal:

Council Member Brekhus stated she is looking for some findings of fact.

Council Member Taylor stated everything she needs to make her decision was in the staff report and it was based on what she heard from both sides and the legal team and the planning team.

Vice Mayor Duerr commented under Agenda Item J.1 regarding why she did not support either motion.

It was moved by Jenny Brekhus, seconded by Meghan Ebert, to uphold the appeal, based on the four findings of fact stated on the record.

COUNCIL MEMBER BREKHUS ABSENT AT 7:40 PM

Regarding Agenda Item I.1, Vice Mayor Duerr stated she did not support the motion and that she wanted something in between. Council Member Brekhus' motion went too far and pure approval is not where she is so she did not support either motion.

A MOTION WAS MADE AT THIS TIME TO REOPEN AGENDA ITEM G.2.
