Something needs to be done on ALL of McCarran Blvd regarding speeding. Plumas/McCarran has a "F" rating and I have passed 2 car accidents at that intersection within a month. Speeding on McCarran makes it difficult to make right turns onto McCarran. The speed limit goes from 45 mph to 50mph but the vehicles are already going 50-55 mph when they pass through the intersection. If NDOT is not going to address the ongoing issues, then some other alternative needs to be looked into so we can have a safe McCarran.
