Interests & Experiences

Education or training relevant to the board or commission to which you are applying:

I currently attend Bishop Manogue Catholic High school with a 4.0 unweighted gpa. I play varsity volleyball here and have for the past two years, this has helped me to develop a sense of team which is something valuable that I could bring to the council. Furthermore, I created the Manogue Wellness Club at our school which has helped me to learn skills on how to effectively communicate with people in high administration, along with advocate for something I am passionate about, all while making a meaningful difference. I also participated in a State Department Leadership exchange program over the summer which helped me to improve my leadership skills and learn new perspectives from people around the world.

Explain briefly why you would like to be appointed to this board or commission.

I would be honored to be apart of this board of commission because I take pride in my community and want to continue to improve it. I co-founded a non-profit organization in order to fulfill this goal, our mission being to foster a compassionate community that advocates for mental health education, support, and destigmatization. I think that issues such as mental health are very prevalent in our community especially since Nevada was 1st in suicide for multiple years in a row, and its 51st in our nation for overall mental health care, which is one of the things I would passionately advocate for if accepted onto this council.
