The is email is for the record regarding continuing noise nuisance, 2nd Street corridor, downtown Reno. I am a downtown resident.

Booming bass noise continued late Thursday night until 4:30ish in the morning Friday morning. This is new, it going into the wee hours of Friday morning.

After an extremely strenuous work work, I treated myself to a movie last night and the booming bass noise started at 9:00ish P.M., also new, and was very loud. I could not even enjoy my movie because the permeating bass noise just drowns everything else out. It usually starts late in the night, at least giving residents some time to be able to relax and fall asleep, but last night was a lot earlier and was a lot louder than it usually is.

No, I am submitting a written comment only.

**If no, enter comments below:**

I support the appeal LDC250007 of the Planning Commission's decision to approve a request for a conditional use permit for live entertainment activities between hours of 11pm -10am. We DO NOT need entertainment during this time. It attracts increased loitering outside buildings, and noise from people and music, which will negatively impact neighboring communities. NOISE carries and people are sleeping and residents should be top priority whenever conditional use permits late in the evening are considered.
