I am in favor of a collaborative regional emergency management process. This is NOT an emotional issue but a reality in the Lakeridge hills. (That's probably what some felt about the Palisades fires too until the senseless tragedy happened) We have already faced 2 fires and I have already evacuated in the past 4 years. We have one major escape route and a secondary one that will be gridlocked by residents on that street. THIS IS A REAL ISSUE THAT NEEDS TO BE ADDRESSED BY ALL FIRST RESPONDERS. There needs to be a universal plan with all hands on deck to assist residents. FIRE DANGER IS REAL and is the responsibility of ALL departments regardless of where they are located. It's not a matter of if a disaster will happen but when. There needs to be a collaborative regional

management protocol and interagency communication set up and ready for a disaster. The residents in the hills of Lakeridge community deserve a proactive action plan to protect their homes and lives.
