RE: Apartments at Dandini – Offsite Improvements; 035-012-11 and 035-032-01
Major Site Plan Review; LDC25-00045

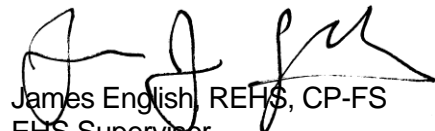

Dear City of Reno Staff:

Northern Nevada Public Health (NNPH), Environmental Health Services Division (EHS) has reviewed the above referenced project.

1. EHS has reviewed the above referenced application and has no concerns for its approval as submitted.
2. The proposed development and subject parcels are currently served by community water and sewerage systems.
3. If the application is approved all subject civil improvement or building plans must be routed to EHS for review and approval.

If you have any questions or would like clarification regarding the foregoing, please contact James English, EHS Supervisor at jenglish@nnph.org regarding all Environmental Health comments.

Sincerely,

James English, REHS, CP-FS
EHS Supervisor
Environmental Health Services

Hi Jeff,
I wanted to make sure this question from Public Works was included in your staff comments for the Dandini project.
Thanks
Angela

LDC25-00045 (Apartments at Dandini-Offsite Improvements) APN: 035-012-11 & 035-032-01

- No exceptions at this time.

I have one more point for clarification. Will this access road and the significant cut and fill slopes be owned and maintained privately by TMWA? I'm asking because this aspect is not covered in the application packet, and I would like to know if it will be addressed during the review,

Could DS Planning or Engineering please provide clarification? This will be presented to the NAB this Thursday, and since City Staff may not be present, it would be helpful to have the answer to this question in case it arises.

As stated above, this request is specific to grading for an access road/water line needed to meet TMWA looping requirements. The improvements have been designed to extend south from Dandini Boulevard to the midpoint of the subject Site, where the improvements turn and loop through the adjacent Desert Research Institute parcel extending to Raggio Parkway, where it will ultimately loop back to Dandini Boulevard. Where the access road crosses through the subject Site, it will be graded to 26 ft wide but will only be constructed/paved to 15 ft wide as required for water line maintenance/access.

Development Review Agency Comment

The review form has a new entry from a public agency or entity.

Case Number	LDC25-00045
Name of Agency	RTC Washoe
Comments	I appreciate the opportunity to review LDC25-00045—a major site plan review application related to the Apartments at Dandini project (APNs: 035-012-11 and 035-032-01)—on behalf of the Regional Transportation Commission of Washoe County (RTC). I have completed my review and have no comments at this time.
