Background:

At the April 24, 2024, Reno City Council meeting, Council requested monthly presentations highlighting the work being done in downtown.

Discussion:

Between June through October 2024, the Reno City Council heard monthly presentations from six City of Reno departments/divisions (Reno Police Department, Parking and Code Enforcement, Clean and Safe, Parks and Recreation, Maintenance and Operations, and Economic Development), and the Business Improvement District managed and operated by the Downtown Reno Partnership (DRP). These are key stakeholders in ensuring the downtown core is clean, safe, livable, and vibrant. Through ongoing conversations with these stakeholders, a framework was established to more accurately measure the progress toward strategic objectives and provide context for Downtown priorities and issues. For the purposes of this presentation, downtown Reno is being defined as the Business Improvement District.

For FY25, the City of Reno and its partnership with the DRP are focused on three strategic objectives:

- 1) Strengthening Economic Conditions
- 2) Improving the Built and Natural Environment
- 3) Enhancing the Downtown Experience
