Hello. I was just calling my name is Adrian at vrika and I'm making a call that because the police turned out doing their job, you call, and you make a report with dispatch and dispatch wants to give you a hard time because you called and they're not doing their job and dispatch needs to keep your opinion to yourself politics and all that crap out of it, and start doing their job and responding. Now, someone here others property is a thief. And the management refuses to do anything about this guy. He's dealing mass quantities of methamphetamine on this property and there's no cameras up to verify what I'm saying and Maria has never seen it's unlikely. We're going to put up cameras, so and in other words, you're letting this drug dealer continue to make crimes here. And it makes this property, go down, there's kids that live here and the cops are not doing their job. It's wrong. And the kids should not be seeing people dealing drugs out of their apartment. And the guys in Section 8, and he's a veteran and he's taken advantage of the situation. Thank you, please have this matter looked at because the police should not do the way with doing that and not answering calls that need to be answered. It's called laziness.

Hello, my name is Brett shellhorn and I live in the city of Reno, and I just wanted to make a comment on the City of Reno alarm program at, uh, apparently a company down in Texas handles that program. And for 3 years now, um, they've sent me an invoice for ten dollars. I paid the invoice and then they follow that up with a late fee, for twenty 5 dollars. The first 2 years, I was a nuisance to me and I just paid it. And I said, well, I thought I paid it on time but now it's happened, the third year. So this is a, this is a pattern, this company. I believe should not be, uh, used by the city of araneo. In fact, I was, I do a lot of travel, so when I got back, I I remember I got a bill for ten dollars in April and I paid it timely. And then 2 months later, I get a late fee. And now, I'm traveling out of time out of town, and I come back and they're charging, not only a late fee at 255 dollars, but apparently, a late fee on a late fee, totaling \$28. So this company's bad and I would appreciate the city of Veno to deal with a reputable company. Um, my phone number, well, they're not leaving us as public record, but my name is Brett shellhorn, and I live in the city of Reno. And, uh, if you need to reach out to me, um, I guess I Could. Um, I don't know how that works. So anyhow, Follow up. I would appreciate it. Uh to see what this company's doing. All right, thank you.

I'm calling from 2350 Paradise drive from The Volunteers of America. 8 Storey building across from Tia park. There is hardly a day goes by that, I don't call, you know, direct because of the homeless setting up their encampments, all over the sidewalks and behind the buildings that are across the street from me. And on our tree, lawn on the tree lawn of the park, I am sick and tired of this. I have seen them poop and pee all over the place. When is there some consideration going to be giving to the citizens? The senior citizens who live here who have worked, all their life, who don't take drugs, who aren't alcoholic? We don't deserve to see that it's dangerous. I don't even walk in the park anymore, do something about it instead of just telling them to move and they come right back again. So far, thanks for nothing.

All right. I wanted to speak to you. I'm a consultant or something right now. I wanted to speak to you about the, uh, Lake Mill Lodge and the properties that are, uh, tied with Lake Mill, Lodge that are owned by the same owners. They have the same problems in all the hotels as far as traffic. Um, and they do nothing. I think all properties need, uh, security, definitely. All properties need to be addressed. Um, but I just wanted to let you guys know. I don't think their license should be reinstated. They should revoke it permanently. All right. Thank you.

Hi, yes. Um, I'm a concerned. Uh, Resident of Reno. Um, I'm going to UNR and I'm just curious. Uh, 1:25 in the afternoon. And there are 6 motorcycle, uh, police. Um, dispatchers just sitting at traffic, lights waiting for for a college student or some, uh, of our staff to go over the speed limit, like by 5 miles per hour to ticket them. I feel like if we are funding police engagement, um having 6 officers, in the span of less than a mile of, uh, Road seems ridiculous and targeted towards people that they already know do not have the funds to be affording, some arbitrary ticket. I'd much rather see our Police Department doing something, um, more beneficial to the general public, uh, dealing with either the homeless or maybe the people that are constantly speeding and causing reckless driving accidents. Instead of just focusing on, uh, the easy quota, Thank you for your time.

hi, my name is John Hera, and my family has been the brunt of Uh, other people hitting their cars and leaving the seats. Uh, this has happened 4 times now. And I think something needs to be done about the penalty for this. Right now, if a ticket. Uh, it should be a night in jail at least. These people need to start paying attention and stopping when they're supposed to. Thank you.

My name is Marianne. I live in the dead Community. I've lived here for 35 years, I'm currently going through my Medicare Plan. And I re realized that in out here in the North Valley area, we desperately need another Lab Services. The only 1 that we have right now is renowned and I really am trying to get away from renowned as fast as I can. So I'm calling to see if there's some way that you can encourage someone um of the the major companies to put a lab services out here on fed Boulevard is some medical groups. Uh, in Lemmon Valley uh, by Walmart is medical groups and also in Golden Valley is also medical groups, but that's where renowned flat group is. So possibly true to the other areas would be great. That would be so beneficial for us to live out here who are stuck on Medicare and have a hard time getting into town. It would be greatly appreciated. Thank you so much for your time.

Excessive Noise Mitigation Petition

The Montage
pg 1 - 19

I sign this petition to express my expectation that:

- (1) the City of Reno effectively mitigate or abate the excessive noise emanating from amplified music, rowdy crowds, and cars/motorcycles, especially in the after-midnight hours, and
- (2) Reno Police Department and Code Enforcement effectively and regularly enforce existing noise-related sections of the Reno Municipal Code, and
- (3) that our elected officials publicly recognize that excessive noise is demonstrably harmful to health.

All these expectations to be addressed in the December 4, 2024 City Council meeting, and met by January 1, 2025.

Excessive Noise Mitigation Petition

I sign this petition to express my expectation that:

- (1) the City of Reno effectively mitigate or abate the excessive noise emanating from amplified music, rowdy crowds, and cars/motorcycles, especially in the after-midnight hours, and
- (2) Reno Police Department and Code Enforcement effectively and regularly enforce existing noise-related sections of the Reno Municipal Code, and
- (3) that our elected officials publicly recognize that excessive noise is demonstrably harmful to health.

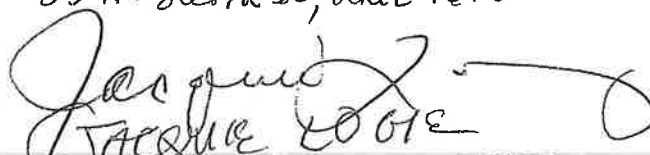

All these expectations to be addressed In the December 4, 2024 City Council meeting, and met by January 1, 2025.

Excessive Noise Mitigation Petition

I sign this petition to express my expectation that:

- (1) the City of Reno effectively mitigate or abate the excessive noise emanating from amplified music, rowdy crowds, and cars/motorcycles, especially in the after-midnight hours, and
- (2) Reno Police Department and Code Enforcement effectively and regularly enforce existing noise-related sections of the Reno Municipal Code, and
- (3) that our elected officials publicly recognize that excessive noise is demonstrably harmful to health.

All these expectations to be addressed in the December 4, 2024 City Council meeting, and met by January 1, 2025.

City Council Meeting, December 4, 2024

Honorable Mayor Schieve and City Council Members,

I am Maggie Telander, a resident of The Montage in downtown Reno, and I am here to bring attention to an ongoing issue that has become increasingly disruptive to our community: excessive noise in the downtown area.

Along with my fellow residents of The Montage, Palladio, Arlington Towers, and the Belvedere, I have submitted signed petitions representing 215 concerned individuals who are deeply affected by the rising levels of noise—particularly from amplified music, large crowds, and loud vehicles, including motorcycles, well into the late-night and early-morning hours.

We respectfully request that the City of Reno take immediate action to address this issue by implementing more effective noise mitigation strategies. This includes ensuring the regular enforcement of existing noise-related ordinances within the Reno Municipal Code. While these ordinances are in place, it is our concern that they are not being consistently enforced, allowing the problem to persist and worsen.

Furthermore, we urge the City Council to publicly acknowledge the well-documented negative impact that excessive noise has on public health and well-being. It is critical that our residents' quality of life be prioritized, as noise pollution can contribute to stress, sleep disturbances, and other health issues.

We also wish to highlight that downtown residents contribute additional fees to the City of Reno, and with the significant increase in residential development slated for 2025, we anticipate a considerable rise in the number of people living in the downtown area. It is essential that the City recognize the importance of maintaining a balance between the vibrant commercial life of downtown and the needs of those who call it home.

The residents of downtown Reno share a mutual, economic relationship with the City and its businesses, and it is imperative that we create an environment that supports both local commerce and the well-being of those who live here. Addressing the noise issue is a vital step in that direction.

Thank you for your attention to this matter. We look forward to your support in finding a solution that enhances the quality of life for all who live and work in downtown Reno.

Maggie Telander

Resident, The Montage, Downtown Reno

It shall be unlawful for any person to permit live adult entertainment to be conducted or carried on in any establishment wherein said live adult entertainment involves the exposure of specified anatomical areas, whether or not alcoholic beverages are sold, without first obtaining an adult interactive cabaret license.

Sec. 6.06.290. - Amplified noise emissions from motor vehicles.

It shall be unlawful for any person, while parked or operating a motorized vehicle upon a highway to create or allow amplified sound within the vehicle which is audible at a distance of 25 feet from the vehicle. This section shall not apply to emergency vehicles or to the emission of sound to alert persons to the existence of an emergency or break-in.

Sec. 8.04.010. - Noises to attract attention.

(a) It shall be unlawful for any person to make, continue, or cause to be made or continued any loud, unnecessary or unusual noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of others within the limits of the city.

(b) Without first obtaining the permission of the city council, it shall be unlawful:

(1) For any person to yell, shout or cry his wares, or cause any person to yell or shout or cry his wares in the public streets, or other places, in the city;

(2) For any person to use, operate or permit to be played, used, or operated any radio receiving set, musical instrument, phonograph, loudspeaker, sound amplifier, or other machine or device for the producing or reproducing of sound which is cast upon the public streets for the purpose of commercial advertising or attracting the attention of the public to any public building or structure, provided, however, the city shall not accept, entertain or grant any application for permission by the city council to produce sound in any manner which is broadcast upon public streets for the purpose of commercial advertising or attracting the attention of the public to any public building or structure in the City of Reno or its sphere of influence for a period not to exceed 180 days; or

(3) For any person to announce by shout or yelling or singing on the public streets, or other public places of the city, any event or sale or other affair in the city.

Sec. 8.12.020. - Disturbing the peace.

It is unlawful for any person to commit a breach of the peace. Such breach shall consist of:

a. Fighting or challenging to fight; or

b. Conduct or words calculated to provoke violence or a violation of the law by the person to whom the conduct or words are addressed; or

c. Making annoying, lewd, malicious or threatening telephone calls; or

d. Willfully and unreasonably subjecting a person or neighborhood to any noise which is likely to disturb the peace of persons of reasonable and ordinary sensibilities.

Yes, excessive city noise can have a demonstrably negative impact on personal health. Research in environmental health and urban studies has shown that long-term exposure to high levels of noise can lead to a range of physical and mental health problems. The effects of noise pollution are well-documented and include:

1. Cardiovascular Health

- **Increased Risk of Heart Disease:** Chronic exposure to noise, especially from traffic, can elevate stress hormone levels (like cortisol), increase blood pressure, and lead to cardiovascular problems, including a higher risk of heart attacks and strokes.
- **Hypertension:** People who are regularly exposed to high noise levels are more likely to suffer from hypertension (high blood pressure), which can lead to further heart-related complications.

2. Sleep Disturbance

- **Poor Sleep Quality:** Noise pollution, particularly from traffic, airplanes, and construction, can disrupt sleep patterns, leading to insomnia or fragmented sleep. This has long-term consequences, including daytime fatigue, reduced cognitive function, and an increased risk of chronic conditions like diabetes and obesity.
- **Sleep Fragmentation:** Even when people don't wake up fully from noise, it can still cause light sleep or increased levels of stress hormones, which can affect the body's natural recovery process during sleep.

3. Mental Health Issues

- **Stress and Anxiety:** Chronic noise exposure has been linked to elevated levels of stress, anxiety, and even depression. The constant bombardment of noise acts as a stressor that can lead to negative emotional states and decreased quality of life.
- **Cognitive Impairment:** Long-term noise exposure, especially in children, can impair learning, memory, and attention. Studies have shown that children who live in noisy areas tend to perform worse in school tests, possibly due to difficulty concentrating in a noisy environment.

4. Hearing Loss

- **Noise-Induced Hearing Loss (NIHL):** Prolonged exposure to loud, consistent noise can lead to permanent damage to the inner ear structures, resulting in hearing loss. While urban noise generally isn't as loud as, say, rock concerts or industrial environments, high levels over time can still lead to hearing impairment.

5. Increased Risk of Diabetes

- Some studies have suggested a correlation between chronic noise

RENO CITY COUNCIL PUBLIC COMMENT CARD

Thank you for participating. We know your time is valuable and we look forward to hearing your comments, ideas and questions. The Mayor and City Council request that all comments are expressed in a courteous manner. Public comment is limited to three minutes each. Comments should be addressed to the council as a whole, not an individual member.

THANK YOU FOR YOUR COOPERATION AND PARTICIPATION

Thank you for the opportunity to speak. I am a resident of the Montage and one of the volunteers who gathered signatures for the Noise Mitigation Petition. I will be presenting some of the concerns expressed by the signers of the petition. Please note that most of the signatures were collected in just a few hours over three days. A more concerted effort would have garnered even more signatures. Residents did not sign this petition lightly. Many expressed their regret that a petition is needed at all. They feel they have, in good faith, tried individual solutions to the noise intrusion and need a city-wide solution.

As a group, residents expressed their love of living downtown but are concerned with the increased level of noise from crowds, music and vehicles which goes on well past midnight until 5am. These concerns are from new and long-term residents, young and old, retired and employed.

Of special concern are the rhythmic vibrations from amplified music which shake their windows and floors for hours. Residents feel the vibrations in their bodies as they sit in their living rooms or lie in their beds. The usual tricks to diminish the noise (such as white noise machines, earplugs, heavy curtains, noise cancellation headphones, and having the tv playing all night) are not effective against the vibrations. One tried anti-vibration pads under the bed to no avail. A significant number of residents, specifically some who are employees of the city and St Mary's hospital, are worried about the chronic lack of restful sleep. As public servants and health workers, they would like consistent city support.

Several residents who signed the petition are small business owners and own residential real estate downtown. They are frustrated about the turnover of renters who cite noise as the main reason they move away. These small business owners would like more stability for their rental units.

Time and time again, I heard many express serious concerns about the city's plan for downtown residents. Many who have called the city to complain about specific incidents are confused about the city's response and would like a clear process to address their complaints. Those who have lived in other densely populated cities are dismayed their experience in Downtown Reno fails in comparison. They cite other cities which have effectively met the challenges of the increased noise levels brought on by new technology in amplified music.

Lastly, let me emphasize residents, both owners and renters, have for their own vision for downtown. The vision includes businesses and entertainment along with a robust residential community. Many see themselves as integral to the success of Downtown Reno, are committed to making downtown their long-term home and ask the city to effectively lead neighborhood experience for residents.
