I've had an overwhelming response from people wanting to support me in campaigning and with financial backing. I feel called to this office for Ward 3. I almost ran for this office during the last election but the timing was not appropriate. I'm deeply humbled and honored by all of those who have encouraged me and asked me to apply. This is a privileged role of community service that aligns with my life's mission of community service that aligns with my life's mission. If appointed, I'd continue to run next term.	
Explain briefly why you would like to be appointed to this board or commission. Please attach any additional information you wish:	
I have dedicated my life to serving this community. I love Northern Nevada and Reno. This is my home and I feel confident that I can make a difference in this position. All the Boards, Commissions and Committees that I currently serve on, I receive absolutely no compensation for. I do it from the motivation of my heart to leave this place better for my Daughter and for her future family. Some of Councilman Delgado's Ward 3 Boards and Commissions that he was assigned are a natural transition and fit for me. I serve in some of these areas and I'll have some front line and valuable insight to continue making decisions towards positive progress. I'll elaborate a little further in my cover letter with a few more specifics. This role is oddly aligned with so many of those parts of the community I care for. I hope fill it with someone who will carry on being a voice for the underserved populations, the diverse populations like the Latinx community, and all the people that	

truly represent Ward 3 and who make it special. I'm respectfully confident that I'm that individual.
I certify that, to the best of my knowledge, the information I provided in the application is true. Dear Madam Mayor & City Council Members,

I'm grateful for the privilege of applying for the Office of Council Member Ward 3. Attached to my application you will find that I've decided not to submit my formal resume as I usually do. Instead, I've constructed a creative, artistic and visual resume. One that embraces the culture of art, connection and hope of Reno. I believe that a person should be more judged by their actions and walk, rather than just their professional bullet points and talk. I've dedicated my life to serving our amazing Northern Nevada community and I hope you can see a few of those recent areas. Madam Mayor, you recently made a statement that I definitely agree with. That it'll be hard to find someone to replace Mr. Delgado who loves this community as much as he does. I believe that though those are big shoes to fill, I have a fair shot of also being the People's champion. If honored with the appointment to this Office, I'll carry on the torch of balance in public service. I'll represent all diverse demographics and populations fairly throughout Ward 3 and all of Reno. While still continuing to spend time with the undeserved populations to understand how to bring them hope, light and a better progression forward. Whomever you pick, I hope they are someone that presently invests their gifts and time into our precious community. Someone who has strong ties to strengthen our Public Safety community. Through work, service, volunteering and engagement! I hope the Council eventually becomes more diverse with a younger perspective that would inspire our younger generations to get more involved. I would strive to inspire the community that my younger generation cares and that we are ready to step up!

Diving into the current appointments that will remain with Mr. Delgado's position for two more years, I'm confident that I can hit the ground running and contribute to those areas of service. I've already been making pushes and organizing people for initiatives that align, support or relate with the goals of the following Boards: Community Development Block Grant (CDBG) Subcommittee, Reno Housing Authority, Community Homelessness Advisory Board, Washoe County District Board of Health, and Regional Transportation Commission. I'd be happy to elaborate during a special meeting. I'm also involved in areas that are incorporated such as Senior issues, Interfaith and action, working in healthcare, Veterans, multicultural outreach and resource education, First Responder and Health Care Professional overall well being resources, mental health and community grief support for all, suicide prevention measures, and advocating for certain policy changes. Which all starts with the underlying roots of unity, connection, hope, and love. I've also practiced these principals during my many years of business and multi-unit management earlier in my career. We have to have a safe city to prosper. Growing Public Safety while utilizing and partnering with volunteers and organizations to maintain and keep open our beautiful parks. We also need to continue the path of strong regionalized fire services and citywide collaborative growth structuring.

All of us will have differences at some point, which can cause division if allowed. I commit to exert focus and energy into collaboration, respectful communication and professionalism at all times. All of the community's eyes, are watching our local leadership. The best community leaders set the example even despite those challenges. They showcase the ability to unite people. We're so much stronger together. Whether or not I'm afforded this great honor, I look forward to working with you all on driving momentum forward. Achieving this through government and private partnerships by inspiring corporations, local businesses, nonprofit organizations, and citizens to step forward as one. Paving the way for a brighter future. I hope you see the effort and commitment I've put into applying, which would match my level of execution in Office.

Sincerely,

Chaz Blackburn
