Public comment:

As the Foundation Manager of Renown Children's Hospital and Program Director for Children's Miracle Network, I want to thank you for your generous donation of \$4,000 to benefit kids at Renown.

Renown is the home of the only children's hospital in northern Nevada providing pediatric services to more than 55,000 patients annually. As the region's only not-for-profit health system, we rely on community funding and support to provide top quality care, services and programs to meet the needs of our community. We don't turn any child away, the goal is to keep care local. And with generous donations such as this, we are able to continue to provide care right here in our community. You have my sincere gratitude.

Good afternoon. My name is Max Grinstein, G-R-I-N-S-T-E-I-N, and I am a high school junior at the Davidson Academy. I am here to testify in support of agenda item B.14, acceptance of a Nevada State Historic Preservation Grant to conduct a review of existing historical surveys of downtown Reno. As the grant has already been approved by the state, I doubt that this item will raise any eyebrows among council members. Still, as a Reno resident, I want to reiterate my support for historic preservation.

Through projects like the Reno Experience District and the Neon Line, our city is expanding—I think in a positive direction. New jobs, entertainment opportunities, and businesses are becoming available for people living around downtown Reno.

At the same time, I think that it is critical to remember what we have left behind by embracing development. Across downtown Reno, gone are the iconic Rancho Sierra Motel, Mardi Gras Motor Lodge, and Chapel of the Bells wedding chapel. And, in the coming years, the Gold and Silver Inn, a Reno institution, is set to shutter.

Reno is such a unique place to live, and these places have helped to make our city what it is. As we move into the future, let's not forget the past.

Please join me in supporting B.14, as well as providing city staff with any assistance necessary to carry out the grant's functions, so that we don't lose touch of what makes Reno, well, Reno.
Thank you for your time.
