Hello,

This public comment was received for LDC23-00005 (Highland Zoning Map Amendment). Will you please include it as public comment for the second reading of this item on the 1/11/2023 City Council agenda?

Let me know if further action is needed and thanks for your help!

Sincerely,
Joey

Subject: Public hearing

To: <winterj@reno.gov>

Dear Joey

I am a homeowner at the Trails subdivision off Sky Vista Pkwy and Lemmon Dr. I was out of town and missed the city council meeting yesterday. I read the notice of public hearing after the meeting happened. I assume I'm too late to submit public comment. However, I want to say I am very concerned about the traffic situation in this area. With the road construction on Sky Vista, is it very challenging to get out of the subdivision and there is no alternate way out. Emergency vehicles would have an impossible time getting in and out. With more houses and apartments being built all around me, it will be even more congested. Luckily I am retired and don't have to commute to work. I never schedule anything in the early morning because sometimes I can't get out of my subdivision.

More apartments are being built across the street. Is there any plan to put a traffic light in or a four way stop? I live at 7726 Enclave Key Rd. I regret buying this house I bought a year ago. I did not know all of this construction would happen and how inadequate the roads are.

Thank you for your time. I hope to get a response back from you.
