

City Manager's Office

MEMORANDUM

DATE: March 6, 2023

TO: Mayor and City Council

THROUGH: Doug Thornley, City Manager Approved Electronically

FROM: Kerrie Koski, Public Works Director/City Engineer
Khalil Wilson, Public Works Assistant Director

SUBJECT: Supplemental Information for:
March 8th Reno City Council Meeting, Items D.1 & D.2
Consultant Selection Process for Reno Fire Department Central
Site Civil – Dowl, LLC
Architect – TSK Architects

This memorandum provides supplemental information on the process Public Works staff used to select the design consultants for the Reno Fire Department Central Station. The site civil design consultant Dowl LLC, and the architect, TSK Architects were selected from the Statement of Qualifications (SOQ) 2022 – 2024 City of Reno Qualified - Unranked List.

Nevada law prohibits the competitive bidding of engineering, architectural or land surveying services; therefore, the Public Works (PW) Department established a process based on competence and qualifications. For efficient project delivery, PW staff formalized this process in 2018 and began publishing the results on the City's Website. The term of the SOQ list is for two years. Near the end of the two-year term, an advertisement is placed in Reno Gazette Journal and Planetbids (nation-wide database) for six to eight weeks. At the end of the advertisement, staff reviews all the submissions and establishes an SOQ listing. The listing is attached and is also posted on the City of Reno website on the following link <https://www.reno.gov/business/bids-rfps/soq-rankings>.

UNSPECIFIED SUBMISSIONS	
SERVICES	FIRM
Bidability and Constructability - Risk Management and Value Engineering	HDR Engineering, Inc.
Bidability and Constructability - Independent Cost Estimating	Pre-Construction Services Group (PCSG)
Bike Trails, and Recreational Facilities	Cardno, Inc.
Bridges - Vehicular and Pedestrian Bridge Design/Replacement/Accelerated Bridge Construction	Michael Baker International, Inc.
Bridges/Culvert Design (includes vehicular, pedestrian, wildlife over/underpass, and sign structure)	Stantec Consulting Services Inc.
Bridges Inspection/Asset Management	Stantec Consulting Services Inc.
Bridges - Design, Inspection, Load Rating and Rehabilitation	WSP USA Inc.
Building Commissioning	Raglen System Balance, Inc.
Building Commissioning	UNVC dba CMB Consultants, Inc.
Civil site design, including landscaping and irrigation, site lighting and building electrical service, utility coordination and permitting	DOWL LLC
Engineering Support Services - including engineering and AutoCAD support, sewer condition rating, review of plans, permit applications, specifications and submittals, third party constructability plan review, GIS support, and other miscellaneous office support	NCE (Nichols Consulting Engineers, Chtd.)
Geotechnical Engineering	Black Eagle Consulting, Inc.
Geotechnical Engineering Services	Construction Materials Engineers, Inc. (CME)
Geotechnical Engineering	ENGEO Incorporated
Geotechnical Engineering Services including, but not limited to, Geologic Investigations/Studies, Subsurface Soil Investigations; Foundation Design; Pavement Evaluation and Design; Pavement Surface Evaluation Rating (PASER) analysis; Settlement Evaluations; Slope Stability Analysis; Retaining Walls/Structures; Geologic Hazard Evaluation; Rippability Studies; Pipeline Design Parameters; Seepage Evaluations; Seismic Studies; Groundwater Modeling and permitting; Liquefaction; Forensic Evaluations	Geotechnical & Environmental Services, Inc. (GES)
Geotechnical Engineering	Lumos & Associates, Inc.
Geotechnical Engineering	Nova Geotechnical and Inspection Services – Northern Nevada, LLC, d.b.a.

	Universal Engineering Sciences
Geotechnical engineering including soils investigations, recommendations for buildings or grading sites, subgrade stabilization, groundwater seepage, slope stability issues, soil-related civil design of retaining walls, erosion protection, infiltration and percolation (septic or BMP design) including preparation of plans for small civil projects incorporating these items	Reno Tahoe Geo Associates, Inc.
GIS, On-Call Engineering Services, Rate Studies, Utility Master Planning, Water Rights, Permitting, CAD, Hydraulic & Hydrologic Modeling, County/City Engineer, Civil Site Design, Operations Support, Construction Management and Inspection, Instrumentation & Controls, and SCADA.	DOWL LLC
GIS (Geographic Information System) Services	Michael Baker International, Inc.
Land/Site Development and Parking Facilities, Municipal, Commercial	J-U-B Engineers, Inc.
Land Surveying - Light Detection and Ranging (LiDAR) scanning improving data collection as well as safety for surveyors. We provide static LiDAR, aerial LiDAR, and a truck mounted mobile LiDAR unit that produces detailed scans in a fraction of the time needed for traditional methods.	Horrocks Engineers
Materials Testing - Special Inspections	Nova Geotechnical and Inspection Services – Northern Nevada, LLC, d.b.a. Universal Engineering Sciences
NEPA (National Environmental Policy Act) compliance, biological services, and Clean Water Act (CWA) Section 404 and 401 compliance/regulatory permitting	Michael Baker International, Inc.
NEPA documents preparation; natural and cultural resources inventories and field surveys; Section 404 and 401 permitting; upland and wetland habitat restoration; environmental and construction compliance services; state and county permitting support; third-party reviews	SWCA, Incorporated
Painting and Coating Inspections	Construction Materials Engineers, Inc. (CME)
Pavement Engineering and Pavement Management	NCE (Nichols Consulting Engineers, Chtd.)
SCADA Electrical Engineering	ControlPoint Engineering
SCADA Integration, Programming: PLC, OIT and HMI (Ignition), Process Control and Instrumentation Design, Secure Radio and Cellular Communications, Cloud Hosted SCADA Solutions IIoT and SaaS Solutions Consultant, IT Network Architecture Design for SCADA and SCADA Cyber Security, I&C Design Consultant,	Sierra Controls, LLC

Sports Engineering	Lloyd Sports + Engineering
Storm Drain Design and Rehabilitation: Design of new storm drains and design of rehabilitation/ replacement of existing storm drains. This would include the corresponding hydrologic analysis, spread calculations, hydraulic analysis of storm drains and surface conveyance and the preparation of plans, specifications, and engineering estimates	NCE (Nichols Consulting Engineers, Chtd.)
Storm Reclaimed Water Quality, Effluent Management, and Indirect Potable Reuse Design Services	Stantec Consulting Services Inc.
Storm Water Quality Program Management, Project Management, Expert Engagement, Facilitation, Stakeholder Engagement, Partnering, Visioning, Strategic Planning, Utility Management, Water Sustainability, Potable Reuse, Master Planning, Facility Planning, Effluent Management.	Warner and Associates LLC
Subsurface Utility Engineering services to research, identify, and confirm size and materials of construction; and location and alignment of existing utilities. Task includes all research, permitting, traffic control, notifying "CALL BEFORE YOU DIG," excavating holes to locate utilities with vacuum extractor method, measuring, identifying, survey to obtain horizontal and vertical elevations and alignment of the utilities being found, preparations of plans or maps indicating the size, type of material, and location	Horrocks Engineers
Synthetic Turf Impact Attenuation Testing	Construction Materials Engineers, Inc. (CME)
Water Supply and Water Resources Engineering, Reclaimed Water/Indirect Potable Reuse, Asset Management, Regulatory Compliance/Permitting, Program Management, Owner's Advisor Services	Carollo Engineers, Inc.
Wildland Fire Restoration	Cardno, Inc.
Wildland Post-Fire Response Services	Terraphase Engineering Inc.
