3. Corner of Harvey Trust Property is Landlocked:

d) Contrary to Nevada Law:

- NRS 408.533(6) – Disposal of Property

The Department may reserve and except easements, rights or interests from the conveyance of any real property disposed of in accordance with this section or exchanged pursuant to subsection 5 of NRS 408.489. The easements, rights or interests include, but are not limited to: (a) **Abutter's rights of light, view or air.** (b) **Easements of access to and from abutting land.**

- According to Brooks vs. Bonnet, 124 Nev 372, 185 P.3d 346, 350 (2008), under NRS 278.480(5), a governing body is entitled to abandon an easement if it “is satisfied that the public will not be materially injured by the proposed [abandonment].”

3. Corner of Harvey Trust Property is Landlocked:

d) Contrary to Nevada Law:

- In *State ex rel. Department of Highways vs. Linnecke*. 86 Nev. 257, 468 P.2d 816 (1970) the Nevada Supreme Court held that an abutting landowner has a special right of easement in a public road for access purposes. This is a property right of easement which cannot be ... taken from the owner without due compensation.
- If the City of Reno sanctions Green Acres' current design and ignores the Harvey Trusts' special easement rights, the City will be effectively condemning a money making portion of the Harvey's Property by rendering it landlocked.
