Re: \$4,000 for fruit trees.

My name is Lisa Ortega, and I am the Executive Director for Nevada Plants. We are a 501c3 tree planting and tree education nonprofit registered in the State of Nevada.

Our website: <https://nevadaplants.com>

Nevada Plants is a subgrantee to a UNLV grant, Food Desert to Food Oasis from the United States Forest Service. We provide fruit trees to those living in or near a USDA food desert. We would like to pay for fruit trees and supplies in the amount of \$4,000.00.

Nevada Plants agrees to pay vendors directly for the trees and supplies.

Thank you, and thank you to Matt Basile for the advanced Urban Forestry Program Reno has today, and best of luck in all your tree endeavors. Thank you to Suzanne Groneman for shepherding the process thus far.

Lets plant trees!

Respectfully submitted,

*Lisa Ortega*
