I would like to express my concern for changes being made in the Ward 4 area. I recognize that Reno is a growing community. I am proud to be a part of community that offers amenities and services that help residences to thrive. In the North Valleys we have seen development growth in both residential and the business corridors. The pace of this growth ebbs and flows with economy. In a recent report prepared by EDAWN it was shared the Region will run out of vacant land for residential development as early as 2027. As the City and County allows further growth in the North Valleys we need to offer the amenities needed to help us to have a great quality of life.

With the proposed realignment of Ward 4 boundaries we will not have a recreation center, or swimming pool. I am proposing that the City Council help the North Valleys thrive by offering it's support of a new Community Recreation Center with space for a indoor/outdoor Aquatic Center, Basketball Court, Fitness Center, pavillions with bbq areas. It should be a place for gathering, enjoying the arts. Our community needs to provide a safe place for everyone to enjoy life.

We have land now. What we do today will have impact for many Generations ahead. We can not wait for another year, another budget, another City Council to take action. I am standing up for Change, and I am asking each of you to join me in this Great Cause. Will you join me in making a difference in our Community? Thank you!
