Dear Council Members,  
I know this is the final meeting for redistricting before the approval to send to the county clerk, but I'm here for support for options A and E for geography and more contingency in the same neighborhood. I will come to the city council tomorrow. I have one question regardless of the precinct number, I know the City of Reno is using the first number of the precinct number. For example, (1####) mean the area is in ward one. If the city of Reno is having six wards, then they should have the first six numbers of the precinct. The city of Sparks has a first precinct number 6, so they will have to give up their number 6 and change it to number 7?  
Sincerely,  
Pablo Nava Duran
